Office of Global Affairs: Stakeholder Listening Session on Amendments to the International Health Regulations (2005)

ACTION: Notice of public listening session; request for comments.

SUPPLEMENTARY INFORMATION:

Purpose: The U.S. Department of Health and Human Services (HHS) is charged with leading U.S. participation in the Working Group on the Amendments to the International Health Regulations (2005) and will convene a Stakeholder Listening Session.

The World Health Assembly (WHA) originally adopted the International Health Regulations (IHR) in 1969. The regulations were amended multiple times, resulting in the current IHR (2005). The purpose of IHR (2005) is to prevent, protect against, control, and provide public health response to the international spread of disease. In May 2021, Member States set up a Working Group on Strengthening WHO Preparedness and Response to Health Emergencies (WGPR) with the intent of strengthening WHO's capacities and ability to support Member States in the prevention and response of public health emergencies. The WGPR produced a report with key findings and recommendations that included amending the IHR. The United States submitted a package of targeted amendments to the IHR for consideration. These amendments seek to improve early warnings and alerts, transparency, and accountability in a manner that does not compromise national security or sovereignty. Other countries have also submitted proposals that the United States seek feedback from stakeholders on the proposed amendments. The Stakeholder Listening Session is designed to seek input from stakeholders and subject-matter experts on these proposals and to help inform and prepare the U.S. government for engagement with the Working Group on the Amendments to the International Health Regulations (2005).

Matters to be Discussed: The listening session will discuss potential amendments to the IHR (2005). Topics will include those amendments currently under consideration by the Working Group. An Article-by-Article Compilation of Proposed Amendments to the International Health Regulations (2005) can be found here: https://apps.who.int/gb/wgihr/pdf_files/wgihr1/WGIHR_Compilation-en.pdf.
