SUPPLEMENTARY INFORMATION: The Legal Services Corporation (LSC) provided a Notice of Funding Availability and Request for Proposals for Calendar Year 2024 Basic Field Grant Awards on March 14, 2023. 88 FR 15740, March 14, 2023. II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

1. *The title of the information collection*: NRC CUI Program Challenge Request Process.
2. *OMB approval number*: 3150-0246.
3. *Type of submission*: Extension.
4. *The form number, if applicable*: Not applicable.

5. *How often the collection is required or requested*: On occasion.

6. *Who will be required or asked to respond*: Authorized holders, including any individual or organization who has been provided with Controlled Unclassified Information (CUI) and has a lawful government purpose to possess CUI.

7. *The estimated number of annual responses*: 12.

8. *The estimated number of annual respondents*: 12.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request*: 18.

10. *Abstract*: The NRC CUI Program Challenge Request Process, also referred to as the "CUI Challenge Request Process" in this document, provides the process used for NRC CUI authorized holders to challenge the designation of information that has been marked as CUI as improperly or incorrectly designated as "Authorized holder," includes any individual or organization who has been provided with CUI and has a lawful government purpose to possess the information. Any authorized holder who believes that the designation of specific information as CUI is improper or incorrect, or who believes they have received unmarked CUI, may use this process to formally notify the NRC CUI Senior Agency Official (SAO). The process also allows for the NRC CUI SAO and CUI Program Manager to process such requests and to issue a Final Decision from the CUI SAO. The CUI Challenge Request Process is not intended to be used to address all disagreements regarding the proper designation of CUI. Authorized holders are encouraged to seek or utilize less formal means when resolving internal good faith disputes over the proper designation of information as CUI, such as discussion with the creator or designator of the information in dispute. Where resolution cannot be achieved through less formal means, the CUI Challenge Request Process is available. The CUI Challenge Request Process does not supersede any obligations under law or NRC policy to report information spills.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility? Please explain your answer.
