SUPPLEMENTARY INFORMATION:
Title; Associated Form; and OMB Number: Shipbuilding Industrial Base Demographics Survey; OMB Control Number 0703–IDMS.
Type of Request: New.
Number of Respondents: 1,263.
Responses per Respondent: 1.
Annual Responses: 1,263.
Average Burden per Response: 4.81 hours.
Annual Burden Hours: 6,075.

Needs and Uses: The Shipbuilding Industrial Base Demographics Survey is necessary to ensure a complete data set is available to meet the intent of Executive Order No. 13985 and Section 1026 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021, and provide actionable information on the Defense Industrial Base. The collected information will assist in drafting a biennial Report to Congress (RTC), as well as provide additional information and support Navy strategy for funding workforce development pilot programs and initiatives. This key demographic information will illustrate current trends, projected gaps in experience and age, and highlight additional areas of focus based on current workforce and skilled trade employment figures. The respondents for this survey are the suppliers in the shipbuilding industrial base (SIB). This includes private companies and industry organizations but is not inclusive of government shipyards and government organizations such as Naval Surface Warfare Centers. Suppliers in the SIB are key information holders on skilled workforce and are the only entities capable of answering the Congressional requirements set forth in the FY21 NDAA. Through the information provided, suppliers in the SIB will contribute to improving workforce enrollment and retention, assisting with targeting strategies and new programs aimed at expanding the skilled workforce available.
Affected Public: Business or other for-profit.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purposes of STEP are to: (1) promote Tribal self-determination in education; (2) improve the academic achievement of Indian children and youth; and (3) promote the coordination and collaboration of Tribal educational agencies (TEAs), as defined in this notice, with State educational agencies (SEAs) and local educational agencies (LEAs) to meet the unique education and culturally related academic needs of Indian students.

Background: STEP is authorized under section 6132 of the Elementary and Secondary Education Act, as amended (ESEA). In this competition, the Department uses the priorities from section 6132 of the ESEA and from the Department’s notice of final priorities, requirements, and definitions published elsewhere in this issue of the Federal Register (NFP). The priorities support the development of partnerships among TEAs, SEAs, and LEAs to promote the creation of new TEAs or expansion of early TEAs to improve identification of Native students in public education data and enhance Tribal consultation. STEP is one of many efforts across the Federal Government to strengthen the government-to-government relationships with Tribal Nations throughout the United States. Our intent for this competition is to award STEP grants to create new TEAs; increase collaboration among TEAs, SEAs, and LEAs; and build the capacity of TEAs to directly administer education programs, including formula grant programs under the ESEA, consistent with State law and under a written agreement among the parties.
Recognizing the importance of TEAs, the Department is creating opportunities where Tribal Nations can exert Tribal sovereignty in public education and advance long-term self-determination. The Department expects that TEA–SEA–LEA coordination will facilitate positive and meaningful systemic change and strengthen the ability of TEAs to maintain greater connections with their Native children in public schools. The requirement for a draft written agreement (DWA), as defined in this notice, helps to ensure that all relevant partners needed to achieve the project goals are included from the outset.

Further, a key priority of the Department is to strengthen community engagement to advance systemic change. This competition includes a competitive preference priority to encourage projects that bridge the purpose of STEP and the Secretary’s cross-agency coordination priority to advance systemic change.

For example, applicants could propose projects that include a partnership among a TEA, SEA, and LEA aimed at improving the identification of Native students who may be eligible for an ESEA title VI Indian Education formula grant. By partnering with LEAs, a TEA may disclose a list of students who are Tribally enrolled or affiliated as descendants to the LEA, enabling the LEA to compare the list with student enrollment information and notify the parents regarding Indian education program opportunities without the LEA disclosing the identity of eligible students to a TEA. One such example is a California Tribe that built cross-agency partnerships among the LEA, TEA, a local institution of higher education, and other community partners. Through the work of a joint steering committee, all partners were able to build the capacity of the new TEA so it could successfully administer educational programs for its students. In addition to improving delivery of equitable supports for Indian children and youth, we believe a collaboration focused on better identification of Indian students will build TEA capacity to collect and analyze data and help advance Tribal self-determination in public education and is consistent with input received during Tribal consultation.

A TEA must submit a DWA (as defined in this notice) with an SEA, one or more LEAs, or both the SEA and a LEA with its application for funding. For the purposes of the DWA, a school funded by the Bureau of Indian Education that is considered an LEA. The agreement must document the commitment of the TEA, SEA, and LEA to work together and must include all required elements included in the definition of DWA. Letters of support from an SEA or LEA alone will not meet this requirement and will not be accepted.

In accordance with ESEA section 6132(c)(2), all grantees who are expanding early TEAs must train and support the SEA and LEA in areas related to Tribal history, language, and culture.

In accordance with the Department’s commitment to engage in regular and meaningful consultation and collaboration with Indian Tribes (as defined in this notice), the Office of Elementary and Secondary Education’s (OESE) Office of Indian Education (OIE) and the White House Initiative on Advancing Educational Equity, Excellence, and Economic Opportunity for Native Americans and Strengthening Tribal Colleges and Universities conducted two virtual Tribal Consultation sessions. The first, regarding the STEP program, was held on April 26, 2021, and the second, about general input on the Department’s FY 2024 budget request, was held on June 30, 2022. A summary of the consultations can be found in the notice of proposed priorities, requirements, and definitions for this program published in the Federal Register on December 28, 2022 (87 FR 79824).

Priorities: This competition includes two absolute priorities and three competitive preference priorities. In accordance with 34 CFR 75.105(b)(2)(ii), the absolute priorities and Competitive Preference Priorities 1 and 2 are from the NFP. Competitive Preference Priority 3 is from the Secretary’s Final Supplemental Priorities and Definitions for Discretionary Grant Programs published in the Federal Register on December 10, 2021 (86 FR 70612) (Supplemental Priorities).

Absolute Priorities: For FY 2023 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3) we consider only applications that meet Absolute Priority 1 or Absolute Priority 2.

Note: The Department intends to create two funding slates—one for applicants that meet Absolute Priority 1 and another for applicants that meet Absolute Priority 2. As a result, the Department may fund applications out of the overall rank order, provided applications of sufficient quality are submitted, but the Department is not bound to do so. Each applicant must clearly identify the specific absolute priority that the proposed project addresses in the project abstract. These priorities are:

Absolute Priority 1—Create a TEA. To meet this priority, an applicant must be an Indian Tribe or Tribal organization approved by an Indian Tribe that is applying to create a TEA.

Absolute Priority 2—Expand Capacity of Early TEAs. To meet this priority, an applicant must be an early TEA.

Competitive Preference Priorities: For FY 2023 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets Competitive Preference Priority 1, an additional 3 points to an application that meets Competitive Preference Priority 2, and an additional 2 points to an application that meets Competitive Preference Priority 3. An application that meets Competitive Preference Priorities 1, 2, and 3 can be awarded a maximum of 10 priority points.

These priorities are:

Competitive Preference Priority 1—Improve Identification of Native Students for Title VI Indian Education Formula Grant Program (0 or 5 points). To meet this priority, an applicant must propose to partner with an LEA to develop and maintain effective and culturally responsive methods to better identify, and support the identification of, Indian students who may be undercounted or under-identified as eligible for an ESEA title VI formula grant program consistent with section 6112 of the ESEA. This includes identifying Indian students who are not enrolled in a Tribal Nation but who have an affiliation with a Tribal Nation through being a descendant in the first or second degree from a Tribal Nation member as described in ESEA section 6151(3).

Note: The Family Educational Rights and Privacy Act (FERPA) does not permit an LEA to disclose personally identifiable information (PII) from students’ education records to a TEA without parental consent unless the disclosure meets one of FERPA’s exceptions to the general consent requirement. The most relevant exceptions to FERPA’s general consent requirement that may apply if certain conditions are met are the “school official,” “studies,” and “audit/evaluation” exceptions. For further information on FERPA, contact the Department’s Student Privacy Policy Office at https://studentprivacy.ed.gov/.
Competitive Preference Priority 2—New STEP Grantee (0 or 3 points).

To meet this priority, an applicant must be an early TEA or applying to create a TEA and must not have previously received a STEP award from the Department.

Competitive Preference Priority 3—Strengthening Cross-Agency Coordination and Community Engagement to Advance Systemic Change (0 or 2 points).

Projects that are designed to take a systemic evidence-based approach to improving outcomes for underserved students in one or more of the following priority areas:

(a) Coordinating efforts with Federal, State, or local agencies, or community-based organizations, that support students, to address one or more of the following:

(1) Energy.
(2) Homelessness.
(3) Transportation.
(4) Health, including physical health, mental health, and behavioral health and trauma.

(5) School diversity, including student and educator diversity.

(6) College readiness.
(7) Workforce development.
(8) Civic engagement.
(9) Technology.
(10) Public safety.

(11) Community violence prevention and intervention.

(12) Social services.

(b) Conducting community needs and asset mapping to identify existing programs and initiatives that can be leveraged, and new programs and initiatives that need to be developed and implemented, to advance systemic change.

(c) Establishing cross-agency partnerships, or community-based partnerships with local nonprofit organizations, businesses, philanthropic organizations, or others, to meet family well-being needs.

(d) Identifying, documenting, and disseminating policies, strategies, and best practices on effective approaches to creating systemic change through cross-agency or community-based coordination and collaboration.

(e) Expanding or improving parent and family engagement.

Note: In addressing Competitive Preference Priority 3, an applicant must ensure the proposed activities function solely to promote cross-agency coordination and, consistent with the STEP statute, do not provide direct services to students.

Application Requirements: These application requirements are from section 6132(d) of the ESEA (20 U.S.C. 7452) and from the NFP. Specifically, application requirement 1 is from the NFP and application requirements 2 through 7 are from the ESEA. For FY 2023 and any subsequent year in which we make awards from the list of unfunded applications from this competition, applicants must meet the following application requirements.

Each application for funds must include the following:

(1) Draft Written Agreement with Partners.

An applicant must provide a Draft Written Agreement (DWA) with the appropriate SEA and/or LEA partner(s). For applicants creating a new TEA, a DWA is only required with an LEA. For applicants expanding capacity for an early TEA, a DWA with both an SEA and LEA is required.

(2) A statement describing the activities to be conducted, and the objectives to be achieved, under the grant.

(3) A description of the method to be used for evaluating the effectiveness of the activities for which assistance is sought and for determining whether such objectives are achieved.

(4) For TEA applicants, evidence of existing capacity as a TEA.

(5) Evidence that the eligible applicant has consulted with other education entities, if any, within the territorial jurisdiction of the applicant that will be affected by the activities to be conducted under the grant.

(6) A description of how the eligible applicant will consult with such other education entities in the operation and evaluation of the activities conducted under the grant.

(7) Evidence that there will be adequate resources provided under this program or from other sources to complete the activities for which assistance is sought.

Program Requirements: These program requirements are from section 6132(c) of the ESEA (20 U.S.C. 7452), section 7(b) of the Indian Self-Determination and Education Assistance Act (Pub. L. 93–638 or ISDEAA), and the NFP. Specifically, program requirements (a)(1) and (a)(2) are from the NFP, program requirement (a)(3) is from ISDEAA, and program requirements (b) and (c) are from the ESEA. For FY 2023 and any subsequent year in which we make awards from this competition, grantees must adhere to the following program requirements.

(a) For grantees under either absolute priority:

(1) Hire Project Director within 60 Days.

Grantees must hire a project director as soon as practicable, but no later than 60 days after the beginning of the performance period.

(2) Final Written Agreement with Partners.

Grantees must submit a final written agreement signed by all parties entering into the agreement within 120 days after receiving the grant award notification.

(3) ISDEAA Statutory Hiring Preference.

Awards that are primarily for the benefit of Indians are subject to the provisions of section 7(b) of the ISDEAA (Pub. L. 93–638). That section requires that, to the greatest extent feasible, a grantee—

(i) Give to Indians preferences and opportunities for training and employment in connection with the administration of the grant; and

(ii) Give to Indian organizations and to Indian-owned economic enterprises, as defined in section 3 of the Indian Financing Act of 1974 (25 U.S.C. 1452(e)), preference in the award of contracts in connection with the administration of the grant.

For purposes of this preference, an Indian is a member of any federally recognized Indian Tribe.

(b) For grantees under Absolute Priority 1, plan and develop a TEA.

(c) For grantees under Absolute Priority 2:

(1) Directly administer (as defined in this notice) education programs, including formula grant programs under ESEA, consistent with State law and under a written agreement between the parties. (ESEA section 6132(c)(2)(A))

(2) Build capacity to administer and coordinate such education programs, and to improve the relationship and coordination between the TEA and the SEA(s) and LEA(s) that educate students from the Tribe. (ESEA section 6132(c)(2)(B))

(3) Receive training and support from the SEA(s) and LEA(s), in areas such as data collection and analysis, grants management and monitoring, fiscal accountability, and other areas as needed. (ESEA section 6132(c)(2)(C))

(4) Train and support the SEA(s) and LEA(s) in areas related to Tribal history, language, and culture. (ESEA section 6132(c)(2)(D))

(5) Build on existing activities or resources rather than replacing other funds. (ESEA section 6132(c)(2)(E))

(6) Carry out other activities consistent with the purposes of the program. (ESEA section 6132(c)(2)(F))

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to
submit a timely performance report or submitted a report of unacceptable quality.

In addition, making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Risk Assessment and Specific Conditions: Consistent with 2 CFR 200.206, before awarding grants under this program, the Department conducts a review of the risks posed by applicants. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds $10,000,000, the reporting requirements in 2 CFR part 200, appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.

5.
