Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2023-0113]

Parts and Accessories Necessary for Safe Operation; Exemption Application From Great Lakes Timber Professionals Association

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA requests public comment on an application for exemption from the Great Lakes Timber Professionals Association (GLTPA) to allow motor carriers to use fewer tiedowns than required by the regulations for securing shortwood logs transported lengthwise in crib-type vehicles that have been modified or manufactured without front structures, without rear structures, or with a center-mounted crane for loading and unloading. GLTPA and the Wisconsin State Patrol Motor Carrier Enforcement Section partnered to conduct cargo securement testing on stacks of shortwood logs in a crib-type vehicle using different tiedown configurations. Based on this testing, GLTPA proposes alternative cargo securement methods for shortwood logs loaded lengthwise and states that such securement methods will maintain a level of safety that is equivalent to, or greater than, the level of safety achieved without the exemption.

DATES: Comments must be received on or before June 12, 2023.

ADDRESSES: You may submit comments identified by Federal Docket Management System (FDMS) Number FMCSA-2023-0113 by any of the following methods:

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315(b) to grant exemptions from Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted and determines whether granting the exemption would likely maintain a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305(a)). The Agency must publish its decision in the **Federal Register** (49 CFR 381.315(b)). If granted, the notice will identify the regulatory provision from which the applicant will be exempt, the effective period, and all terms and conditions of the exemption (49 CFR 381.315(c)(1)). If the exemption is denied, the notice will explain the reason for the denial (49 CFR 381.315(c)(2)). The exemption may be renewed (49 CFR 381.300(b)).

III. GLTPA's Request

GLTPA seeks an exemption from 49 CFR 393.116(b)(3) and 393.116(e) to allow motor carriers to use fewer tie-downs than required to secure shortwood logs transported lengthwise in crib-type vehicles that have been modified or manufactured without front structures, without rear structures, or with a center-mounted crane for loading and unloading. In its application, GLTPA proposes alternative methods of securement. GLTPA states that the log securement methods it proposes would achieve a level of safety equivalent to or greater than the level of safety provided by the regulation. A copy of GLTPA's application for exemption is posted in the docket.

IV. Request for Comments

In accordance with 49 U.S.C. 31315(b) and 31136(e), FMCSA requests public comment from all interested persons on the GLTPA application for an exemption from certain cargo securement requirements of 49 CFR 393.116.

All comments received before the close of business on the comment closing date will be considered and will be available for examination in the docket at the location listed under the Addresses section of this notice. Comments received after the comment closing date will be filed in the public docket and considered to the extent practicable. In addition to late comments, FMCSA will also continue to file in the public docket relevant information that becomes available after the comment closing date. Interested persons should continue to examine the public docket for new material.

SUPPLEMENTARY INFORMATION:

I. Statutory and Regulatory Provisions

The legislative framework generally referred to as the Bank Secrecy Act (BSA) consists of the Currency and Foreign Transactions Reporting Act of 1970, as amended by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA PATRIOT Act), Public Law 107-56 (October 26, 2001), and other legislation, including the Anti-Money Laundering Act of 2020 (AML Act).¹ The BSA is codified at 12 U.S.C. 1829b, 12 U.S.C. 1951-1960, and 31 U.S.C. 5311-5314 and 5316-5336, and notes thereto, with implementing regulations at 31 CFR chapter X.

The BSA authorizes the Secretary of the Treasury (the "Secretary"), *inter alia*, to require financial institutions to keep records and file reports that are determined to have a high degree of

usefulness in criminal, tax, and regulatory matters, or in the conduct of intelligence or counter-intelligence activities to protect against international terrorism, and to implement AML programs and compliance procedures.² Regulations implementing the BSA appear at 31 CFR chapter X. The authority of the Secretary to administer the BSA has been delegated to the Director of FinCEN.³

FinCEN conducts surveys to collect qualitative customer and stakeholder feedback, in furtherance of its commitment to improving service delivery.

II. Paperwork Reduction Act of 1995 (PRA)⁴

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Control Number: 1506-0062.

Abstract: FinCEN is issuing this notice to renew, without change, its capability to solicit feedback from the public with respect to timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders would be unavailable. FinCEN will submit a collection for approval under this generic clearance only if it meets the following conditions:

- The collection is voluntary;
- The collection is low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and low-cost for both the respondents and the Federal government;
- The collection is noncontroversial and does not raise issues of concern to other Federal agencies;
- The collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
- Personally identifiable information is collected only to the extent necessary and is not retained;

² Section 358 of the USA PATRIOT Act expanded the purpose of the BSA, by including a reference to reports and records "that have a high degree of usefulness in intelligence or counterintelligence activities to protect against international terrorism." Section 6101 of the AML Act added language further expanding the purpose of the BSA.
