BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

World Trade Center Health Program Scientific/Technical Advisory Committee; Notice of Charter Renewal

AGENCY: Centers for Disease Control and
Prevention (CDC), Department of Health
and Human Services (HHS).

ACTION: Notice of charter renewal.

SUMMARY: The Centers for Disease
Control and Prevention (CDC), within
the Department of Health and Human
Services (HHS), announces the renewal
of the charter of the World Trade Center
(WTC) Health Program Scientific/
Technical Advisory Committee (STAC).

FOR FURTHER INFORMATION CONTACT:
Tania Carreón-Valencia, Ph.D., M.S.,
Designated Federal Officer, World Trade
Center Health Program Scientific/
Technical Advisory Committee,
National Institute for Occupational
Safety and Health, Centers for Disease
Control and Prevention, 1600 Clifton
Road NE, Mailstop R-12, Atlanta,
Georgia 30329-4027. Telephone: (513)
841-4515; Email: TCarreonValencia@cdc.gov.

SUPPLEMENTARY INFORMATION: CDC is
providing notice under 5 U.S.C. 1001-
1014 of the renewal of the charter of the
WTC Health Program STAC. The STAC
was established by title I of Public Law
111-347 (the James Zadroga 9/11 Health
and Compensation Act of 2010), as
amended by Public Laws 114-113, 116-
59, and 117-328. This charter has been
renewed for a two-year period through
May 12, 2025.

The Director, Strategic Business
Initiatives Unit, Office of the Chief

Operating Officer, Centers for Disease
Control and Prevention, has been
delegated the authority to sign **Federal
Register** notices pertaining to
announcements of meetings and other
committee management activities, for
both the Centers for Disease Control and
Prevention and the Agency for Toxic
Substances and Disease Registry.

Kalwant Smagh,

Director, Strategic Business Initiatives Unit,
Office of the Chief Operating Officer, Centers
for Disease Control and Prevention.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[Docket No. CDC-2023-0040; NIOSH
248-K]

World Trade Center Health Program Scientific/Technical Advisory Committee

AGENCY: Centers for Disease Control and
Prevention (CDC), Department of Health
and Human Services (HHS).

ACTION: Notice of meeting and request
for comment.

SUMMARY: In accordance with regulatory
provisions, the Centers for Disease
Control and Prevention (CDC)
announces the following meeting for the
World Trade Center Health Program
Scientific/Technical Advisory
Committee (WTCHP-STAC). This
virtual meeting is open to the public.
Time will be available for public
comment.

DATES: The meeting will be held on June
21, 2023, from 11 a.m. to 4 p.m., EDT,
and June 22, 2023, from 11 a.m. to 1:30
p.m., EDT.

Written public comments must be
received by June 22, 2023. Members of
the public who wish to address the
WTCHP-STAC during the oral public
comment session must sign up to speak
by June 14, 2023, at the email address

provided in the Procedure for Oral
Public Comment section below.

ADDRESSES: This is a virtual meeting
conducted via Zoom. The public is
welcome to follow the proceedings via
live webcast at the following link:
[https://www.ustream.tv/channel/
QyXBRzYjVCS](https://www.ustream.tv/channel/QyXBRzYjVCS). No registration is
required. For additional information,
please visit the World Trade Center
Health Program website at [https://
www.cdc.gov/wtc/stac_meeting.html](https://www.cdc.gov/wtc/stac_meeting.html).

You may submit comments, identified
by Docket No. CDC-2023-0040; NIOSH
248-K by either of the methods listed
below. CDC does not accept comments
by email.

- **Federal eRulemaking Portal:**
<https://www.regulations.gov>. Follow the
instructions for submitting comments.

- **Mail:** Ms. Sherri Diana, NIOSH
Docket Office, National Institute for
Occupational Safety and Health, Centers
for Disease Control and Prevention,
1090 Tusculum Avenue, Mailstop C-34,
Cincinnati, Ohio 45226. Attn: Docket
No. CDC-2023-0040; NIOSH 248-K.

Instructions: All submissions received
must include the Agency name and
docket number (CDC-2023-0040;
NIOSH 248-K). The docket will close on
June 22, 2023. All relevant comments,
including any personal information
provided, will be posted without change
to <https://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Designated Federal Officer, World Trade
Center Health Program Scientific/
Technical Advisory Committee,
National Institute for Occupational
Safety and Health, Centers for Disease
Control and Prevention, 1600 Clifton
Road NE, Mailstop R-12, Atlanta,
Georgia 30329-4027. Telephone: (513)
841-4515; Email: wtc-stac@cdc.gov.

SUPPLEMENTARY INFORMATION:

Background: The World Trade Center
(WTC) Health Program, including the
World Trade Center Health Program
Scientific/Technical Advisory
Committee (WTCHP-STAC), was
established by Title I of the James
Zadroga 9/11 Health and Compensation
Act of 2010, Public Law 111-347, as

amended by Public Law 114–113, Public Law 116–59, and Public Law 117–328 (December 23, 2022), adding title XXXIII to the Public Health Service (PHS) Act (codified at 42 U.S.C. 300mm to 300mm–62). Title XXXIII of the PHS Act established the WTC Health Program within the Department of Health and Human Services. The WTC Health Program provides medical monitoring and treatment benefits to eligible firefighters and related personnel, law enforcement officers, and rescue, recovery, and cleanup workers who responded to the September 11, 2001, terrorist attacks in New York City, at the Pentagon, and in Shanksville, Pennsylvania (responders), and to eligible persons who were present in the dust or dust cloud on September 11, 2001, or who worked, resided, or attended school, childcare, or adult daycare in the New York City disaster area (survivors).

All references to the Administrator in this document mean the Director of the National Institute for Occupational Safety and Health (NIOSH), within the Centers for Disease Control and Prevention (CDC), or his or her designee.

Purpose: The purpose of the WTCHP–STAC is to review scientific and medical evidence and to make recommendations to the Administrator of the WTC Health Program regarding additional WTC Health Program eligibility criteria, potential additions to the List of WTC-Related Health Conditions (List), and research regarding certain health conditions related to the September 11, 2001, terrorist attacks. In accordance with section 3312(a)(6)(G)(i)(II), the Administrator must ask the WTCHP–STAC to review and evaluate any substantive amendment to any existing WTC Health Program policy or procedure used to determine whether sufficient evidence exists to support adding a health condition to the List of WTC-Related Health Conditions.

The Administrator is responsible for the administration of the WTCHP–STAC. CDC and NIOSH provide funding, staffing, and administrative support services for the WTCHP–STAC. The WTCHP–STAC’s charter was reissued on May 12, 2023, and will expire on May 12, 2025.

Matters To Be Considered: In December 2022, the Consolidated Appropriations Act, 2023 amended section 3341 of the PHS Act to direct the Administrator, in consultation with the Secretary of Education, to establish a new research cohort to conduct future research studies on the health and educational impacts of “exposure to

airborne toxins, or any other hazard or adverse condition, resulting from the September 11, 2001, terrorist attacks, including on the population of individuals who were 21 years of age or younger at the time of exposure, including such individuals who are screening-eligible WTC survivors or certified-eligible WTC survivors.” The main focus of the WTC Health Program STAC meeting will be a discussion of the new youth research cohort being established by the WTC Health Program. The meeting agenda will include a presentation on establishing the cohort and the Program’s perspectives, as well as an overview of young survivors. In addition, the WTC Survivors Steering Committee will lead presentations on young survivors’ views and community-based participatory research.

The meeting will also include a presentation and discussion about substantive amendments to the existing *Policy and Procedures for Adding Non-Cancer Health Conditions to the List of WTC-Related Health Conditions*. Proposed revisions to the *Policy and Procedures* were initially presented to the STAC at its meeting on February 9, 2023; the presentation will detail further revisions made to the *Policy and Procedures* in response to recommendations of the STAC at its previous meeting.

Background documents as well as the agenda for this meeting are available on the WTC Health Program website at https://www.cdc.gov/wtc/stac_meeting.html. Agenda items are subject to change as priorities dictate.

Public Participation

Interested parties may participate by submitting written views, opinions, recommendations, and data. You may submit comments on any topic related to the matters to be discussed by the Committee. Comments received, including attachments and other supporting materials, are part of the public record and subject to public disclosure. Do not include any information in your comment or supporting materials that you consider confidential or inappropriate for public disclosure. If you include your name, contact information, or other information that identifies you in the body of your comments, that information will be on public display. CDC will review all submissions and may choose to redact, or withhold, submissions containing private or proprietary information such as Social Security numbers, medical information, inappropriate language, or duplicate/near-duplicate examples of a mass-mail

campaign. CDC will carefully consider all comments submitted into the docket.

Oral Public Comment: The public is welcome to participate, via Zoom, during the public comment periods on June 21, 2023, from 1:20 p.m. to 1:50 p.m., EDT, and on June 22, 2023, from 11:05 a.m. to 11:35 a.m., EDT. Each commenter will be provided up to five minutes for comment. A limited number of time slots are available and will be assigned on a first-come, first-served basis.

Procedure for Oral Public Comment: Members of the public who wish to address the WTCHP–STAC during the oral public comment sessions at the June 21–22, 2023, WTCHP–STAC meeting must sign up to speak by providing their name to Ms. Mia Wallace, Committee Management Specialist, via email at MWallace@cdc.gov, by June 14, 2023. Zoom instructions and participation details will follow.

Written Public Comment: Written comments will also be accepted per the instructions provided in the Addresses section above. Written public comments received prior to the meeting will be part of the official record of the meeting. The docket will close on June 22, 2023.

Policy on Redaction of Committee Meeting Transcripts (Public Comment): Transcripts will be prepared and posted to <https://www.regulations.gov> within 60 days after the meeting. If individuals making a comment give their name, no attempt will be made to redact the name. NIOSH will take reasonable steps to ensure that individuals making public comments are aware that their comments (including their names, if provided) will appear in a transcript of the meeting posted on a public website. Such reasonable steps include a statement read at the start of the meeting stating that transcripts will be posted, and names of speakers will not be redacted. If individuals in making a statement reveal personal information (e.g., medical information) about themselves, that information will not usually be redacted. The CDC Freedom of Information Act coordinator will, however, review such revelations in accordance with the Freedom of Information Act and, if deemed appropriate, will redact such information. Disclosures of information concerning third-party medical information will be redacted.

The Director, Strategic Business Initiatives Unit, Office of the Chief Operating Officer, Centers for Disease Control and Prevention, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other

committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Kalwant Smagh,

Director, Strategic Business Initiatives Unit, Office of the Chief Operating Officer, Centers for Disease Control and Prevention.

BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review: Adoption and Foster Care Analysis and Reporting System (AFCARS) (OMB #0970-0422)

AGENCY: Children’s Bureau, Administration for Children and Families, Department of Health and Human Services (HHS).

ACTION: Request for public comments.

SUMMARY: The Children’s Bureau (CB), the Administration for Children and Families (ACF) is requesting a three-year extension of the data information collection for the Adoption and Foster Care Analysis and Reporting System (AFCARS) that was implemented as part of the AFCARS final rule published in May 2020 (85 FR 28410). There are no proposed changes to the data

information collection published as the regulation in May 2020. The estimated time per response related to record keeping has been revised since the previous published notice (88 FR 16449) due to feedback from the State and Tribal reporting agencies.

DATES: Comments due within 30 days of publication. OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. You can also obtain copies of the proposed collection of information by emailing infocollection@acf.hhs.gov. Identify all emailed requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: State and Tribal title IV–E agencies are required to report AFCARS case-level information on all children in foster care and children who have been adopted or placed in a

guardianship with title IV–E agency involvement. The data collected will inform policy decisions, program management, and responses to Congressional and Departmental inquiries. Specifically, the data are used for short/long-term budget projections, trend analysis, child and family service reviews, and to target areas for improved technical assistance. The data will provide information on the number of children in foster care, the reasons they enter and exit care, and how to prevent their unnecessary placement in foster care. Specifically, the data include information about children who enter foster care, their entries and exits, placement details, and foster/adoptive parent information. This extension request is unrelated to any potential new regulatory activity that may occur subsequently. This request is for public comment on the burden calculations. It does not seek comment on the data elements that have been through the rulemaking process.

Respondents: Title IV–E State and Tribal Child Welfare Agencies.

Annual Burden Estimates

The following annual burden estimates have been updated to reflect feedback received from the States and Tribes after the first notice published on May 15, 2023 (88 FR 16449). This feedback encouraged ACF to increase the estimated hours per response for recordkeeping.

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Total burden hours	Annual burden hours
AFCARS—Recordkeeping	69	3	17,076	3,534,732	1,178,244
AFCARS—Reporting	69	6	17	7,038	2,346

Estimated Total Annual Burden Hours: 1,180,590.

Authority: Section 479 of the Social Security Act and 45 CFR 1355.44–45.

Mary B. Jones,

ACF/OPRE Certifying Officer.

BILLING CODE 4184-25-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

[Docket No. FDA-2022-D-0737]

Non-Clinical Performance Assessment of Tissue Containment Systems Used During Power Morcellation Procedures; Guidance for Industry and Food and Drug Administration Staff; Availability

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice of availability.

SUMMARY: The Food and Drug Administration (FDA or Agency) is announcing the availability of a final guidance entitled “Non-Clinical

Performance Assessment of Tissue Containment Systems Used During Power Morcellation Procedures.” This guidance document provides recommendations that may help manufacturers comply with the special controls related to non-clinical performance data for gynecologic and general laparoscopic power morcellation containment systems (“tissue containment systems”). Tissue containment systems are used to enable isolation and containment of tissue during a power morcellation procedure performed following a laparoscopic procedure for the excision of benign tissue that is not suspected to contain malignancy.
