

Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: Written comments must be submitted on or before July 31, 2023.

ADDRESSES: Interested persons are invited to submit written comments to Kristen Thomas, Associate Director, Office of Sustainable Energy and Environmental Programs, and PRAComments@doc.gov. Please reference OMB Control Number 0608–0028 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Kristen Thomas, Associate Director, Office of Sustainable Energy and Environmental Programs, kthomas@doc.gov or (202) 482–1202.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for an extension of a currently approved information collection. The National Environmental Policy Act (NEPA) (42 U.S.C. 4321–4347) and the White House Council on Environmental Quality's (CEQ) Regulations for Implementing NEPA (40 CFR parts 1500–1508) require that Federal agencies complete an environmental analysis for all major Federal actions significantly affecting the environment. Those actions may include a Federal agency's decision to fund non-Federal projects under grants and cooperative agreements, including infrastructure projects. In order to determine NEPA compliance requirements for a project receiving Department of Commerce (DOC) bureau-level funding, DOC must assess information which can only be provided by the applicant for Federal financial assistance (grant).

The Environmental Questionnaire and Checklist (EQC) provides Federal financial assistance applicants and DOC staff with a tool to ensure that the necessary project and environmental information is obtained. The EQC was developed to collect data concerning potential environmental impacts that the applicant for Federal financial assistance possesses and to transmit that

information to the Federal reviewer. The EQC allows for a more rapid review of projects and facilitate DOC's evaluation of the potential environmental impacts of a project and level of NEPA documentation required. DOC staff use the information provided in answers to the questionnaire to determine compliance requirements for NEPA and conduct subsequent NEPA analysis as needed. Information provided in the questionnaire may also be used for other regulatory review requirements associated with the proposed project, such as the National Historic Preservation Act.

II. Method of Collection

The primary method of collection will be the internet (electronically). Some supporting documents may be emailed or mailed.

II. Data

OMB Control Number: 0690–0028.

Form Number: CD–593.

Type of Review: Regular submission (extension of a currently approved collection).

Affected Public: Business or other for-profit organizations; individuals or households; not-for-profit institutions; State, local, or Tribal government; and Federal Government.

Estimated Number of Respondents: 1,000.

Estimated Time per Response: 3 hours.

Estimated Total Annual Burden Hours: 3,000.

Estimated Total Annual Cost to Public: \$1,200 in mailing costs (\$6 × approximately 200 respondents who choose to mail rather than email attachments).

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection;

they also will become a matter of public record.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

Regulations and Procedures Technical Advisory Committee; Notice of Partially Closed Meeting-Hybrid

The Regulations and Procedures Technical Advisory Committee (RPTAC) will meet June 20, 2023, 9:00 a.m., Eastern Standard Time, in the Herbert C. Hoover Building, Room 3884, 1401 Constitution Avenue NW, Washington, DC (enter through Main Entrance on 14th Street between Constitution and Pennsylvania Avenues). The Committee advises the Office of the Assistant Secretary for Export Administration on implementation of the Export Administration Regulations (EAR) and provides for continuing review to update the EAR as needed.

Agenda

Public Session

1. Opening remarks by the Chairman
2. Opening remarks by the Bureau of Industry and Security
3. Presentations of Papers by the Public
4. Regulations Update
5. Automated Export System Update
6. Working Group Reports

Closed Session

7. Discussion of matters determined to be exempt from the open meeting and public participation requirements found in sections 1009(a)(1) and 1009(a)(3) of the Federal Advisory Committee Act (FACA) (5 U.S.C. 1001–1014). The exemption is authorized by Section 1009(d) of the FACA, which permits the closure of advisory committee meetings, or portions thereof, if the head of the agency to which the advisory committee reports determines such meetings may be closed to the public in accordance with subsection (c) of the Government in the Sunshine Act (5 U.S.C. 552b(c)). In this case, the applicable provisions of 5 U.S.C. 552b(c) are subsection 552b(c)(4), which permits closure to protect trade secrets and commercial or financial information that is privileged or confidential,

and subsection 552b(c)(9)(B), which permits closure to protect information that would be likely to significantly frustrate implementation of a proposed agency action were it to be disclosed prematurely. The closed session of the meeting will involve committee discussions and guidance regarding U.S. Government strategies and policies.

The open session will be accessible via teleconference. To join the conference, submit inquiries to Ms. Yvette Springer at Yvette.Springer@bis.doc.gov, no later than June 13, 2023.

A limited number of seats will be available for the public session. Reservations are not accepted. To the extent time permits, members of the public may present oral statements to the Committee. The public may submit written statements at any time before or after the meeting. However, to facilitate distribution of public presentation materials to Committee members, the Committee suggests that presenters forward the public presentation materials prior to the meeting to Ms. Springer.

The Assistant Secretary for Administration, with the concurrence of the delegate of the General Counsel, formally determined on April 24, 2023, pursuant to 5 U.S.C. 1009(d) of the FACA, that the portion of the meeting dealing with pre-decisional changes to the Commerce Control List and the U.S. export control policies shall be exempt from the provisions relating to public meetings found in 5 U.S.C. 1009(a)(1) and 1009(a)(3). The remaining portions of the meeting will be open to the public.

For more information, contact Ms. Springer via email.

Yvette Springer,
Committee Liaison Officer.

Certain Magnesia Carbon Bricks From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2021–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily

determines that the 38 companies subject to this administrative review of the antidumping duty order on certain magnesia carbon bricks (bricks) from the People's Republic of China (China) are part of the China-wide entity because none filed a separate rate application (SRA) or a separate rate certification (SRC). The period of review (POR) is September 1, 2021, through August 31, 2022. We invite interested parties to comment on these preliminary results.

DATES: Applicable May 31, 2023.

FOR FURTHER INFORMATION CONTACT: Nathan James, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5305.

SUPPLEMENTARY INFORMATION:

Background

On September 1, 2022, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on bricks from China¹ for the POR.² On November 3, 2022, in response to a timely request from the Magnesia Carbon Bricks Fair Trade Committee (the petitioner),³ we initiated an administrative review of the *Order* with respect to 38 companies.⁴

On November 30, 2022, we placed on the record U.S. Customs and Border Protection (CBP) entry data under administrative protective order (APO) for all interested parties with APO access.⁵ The deadline for interested parties to submit a no-shipment certification, SRA, or SRC was December 5, 2022.⁶ No party submitted

⁶ See *Initiation Notice*, 87 FR 66275–76 ("If a producer or exporter named in this notice of initiation had no exports, sales, or entries during the period of review (POR), it must notify Commerce within 30 days of publication of this notice in the **Federal Register**. . . . Separate Rate Applications are due to Commerce no later than 30 calendar days after publication of this **Federal Register** notice."). Thirty calendar days after the *Initiation Notice* published was Saturday, December 3, 2022. Commerce's practice dictates that, where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day.

a no-shipment certification, SRA, or SRC.

Scope of the Order

The scope of the *Order* includes certain chemically bonded (resin or pitch), magnesia carbon bricks with a magnesia component of at least 70 percent magnesia (MgO) by weight, regardless of the source of raw materials for the MgO, with carbon levels ranging from trace amounts to 30 percent by weight, regardless of enhancements (for example, magnesia carbon bricks can be enhanced with coating, grinding, tar impregnation or coking, high temperature heat treatments, anti-slip treatments or metal casing) and regardless of whether or not antioxidants are present (for example, antioxidants can be added to the mix from trace amounts to 15 percent by weight as various metals, metal alloys, and metal carbides).

Certain magnesia carbon bricks that are subject to the *Order* are currently classifiable under subheadings 6902.10.1000, 6902.10.5000, 6815.91.0000, 6815.99.2000 and 6815.99.4000 of the Harmonized Tariff Schedule of the United States (HTSUS). While HTSUS subheadings are provided for convenience and customs purposes, the written description is dispositive.

Methodology

Commerce is conducting this administrative review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.213.

Preliminary Results of Review

The 38 companies subject to this review did not file no-shipment certifications, SRAs, or SRCs. Thus, Commerce preliminarily determines that these companies have not demonstrated their eligibility for separate rate status. As such, Commerce also preliminarily determines that the companies subject to review are part of the China-wide entity.

In addition, Commerce no longer considers the non-market economy (NME) entity as an exporter conditionally subject to an antidumping duty administrative review.⁷ Accordingly, the NME entity will not be under review unless Commerce
