

Service(s)

Service Type: Facilities Maintenance Services

Mandatory for: U.S. Army, Department of Public Works, Fort Knox, Ky

The Committee for Purchase From People Who Are Blind or Severely Disabled (Committee), is announcing that the Committee approved the transfer of the Total Facilities Maintenance (TFM) Pilot Project at Fort Knox, KY from SourceAmerica to a participating nonprofit agency. Additionally, the Committee announces it approved and added Skookum Contract Services and Professional Contract Services, Inc. to the Procurement List as authorized sources for the TFM requirement.

As announced by the Committee on 3/23/23, 88 FR 17553, the TFM requirement consists of approximately 109,054 acres and 2,326 buildings and covers several functional areas, such as building and structure maintenance, snow and ice removal, landscaping services, utility system maintenance, and others. SourceAmerica is the incumbent TFM contractor, but the Pilot's short-term goal was to allocate the TFM requirement away from SourceAmerica to a participating nonprofit agency utilizing enhanced competitive procedures. SourceAmerica recommended both nonprofit agencies following completion of the Phase I evaluations. The Committee's decision to transfer this requirement and approve the authorized sources formally closes Phase I of the Pilot and authorizes SourceAmerica to commence Phase II.

The Committee has authorized a multi-factor evaluation process for Phase II that includes a price component. In accordance with a Memorandum of Agreement between the U.S. Army, the U.S. AbilityOne Commission (Committee) and SourceAmerica the multi-factor evaluation will assess the two authorized nonprofit agencies on technical capability, past performance, and price. Utilizing considerations of technical capability, past performance and price could require a trade-off analysis between the two nonprofit agencies. However, consistent with the Memorandum of Agreement, the Committee has determined that price may not be given greater weight than technical capability or have greater or equal weight as past performance.

The U.S. Army's Installation Management Command and the Army's Mission and Installation Contracting Command will provide technical support to SourceAmerica throughout the Phase II evaluation process. Because SourceAmerica is one of the central nonprofit agencies designated by the Committee under 41 U.S.C. 8503(c) to allocate orders from the Government, SourceAmerica will select and allocate the TFM requirement to the nonprofit agency proposing the best overall solution to the Army. After Phase II concludes, SourceAmerica will provide a recommended price to the Commission who will consider

that recommendation before establishing the fair market price.

Acting Director, Business Operations.

SUPPLEMENTARY INFORMATION:

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The major purposes of the CSP are to expand opportunities for all students, particularly for *children with disabilities*,¹ *English learners*, and other traditionally *underserved students*, to attend charter schools and meet challenging State academic standards; provide financial assistance for the planning, program design, and initial implementation of charter schools; increase the number of high-quality charter schools available to students across the United States; evaluate the impact of charter schools on student achievement, families, and communities; share best practices between charter schools and other public schools; aid States in providing facilities support to charter schools; and support efforts to strengthen the charter school authorizing process (section 4301 of the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act (ESEA)).

The CSP Developer Grant program (Assistance Listing Numbers 84.282B and 84.282E) is authorized under title IV, part C of the ESEA (20 U.S.C. 7221-7221j). Through CSP Developer Grants, the Department provides financial assistance to *charter school developers* to enable them to open and prepare for the operation of new or *replicated* charter schools or to *expand high-quality charter schools* in States that do not currently have a CSP State Entity grant under the ESEA. Charter schools that receive financial assistance through CSP Developer Grants provide programs of elementary or secondary education, or both, and may also serve students in

early childhood education programs or postsecondary students.

Background: This notice invites applications from eligible applicants for two types of grants: (1) Grants to Charter School Developers for the Opening of New Charter Schools (Assistance Listing Number 84.282B) and (2) Grants to Charter School Developers for the Replication and Expansion of High-Quality Charter Schools (Assistance Listing Number 84.282E). Under this competition, each Assistance Listing Number constitutes its own funding category. The Secretary intends to award grants under each Assistance Listing Number for applications that are sufficiently high quality.

On July 6, 2022, the Department published in the **Federal Register** a notice of final priorities, requirements, definitions, and selection criteria for this program (87 FR 40406) (2022 NFP), which supplements the program statute and notice of final priorities, requirements, definitions, and selection criteria for CSP Developer Grants published in the **Federal Register** on July 3, 2019 (84 FR 31726) (2019 NFP). The 2022 NFP is intended to help ensure the creation, replication, and expansion of high-quality charter schools that promote positive student outcomes, *educator* and community empowerment, promising practices, and school diversity. The 2022 NFP also promotes greater fiscal and operational transparency and accountability for CSP-funded charter schools. The priorities, application requirements, assurances, selection criteria, and definitions in this notice are designed to increase access to high-quality, diverse, and equitable learning opportunities, which should be a goal of all public schools.

Further, in a January 2023 speech, the Secretary encouraged all stakeholders to raise the bar in education. “Raise the Bar: Lead the World” is the Department’s call to action to transform P-12 education and unite around evidence-based strategies that advance educational equity and excellence for all students. When we raise the bar in education, all our Nation’s students will build the skills to thrive inside and outside of school. The Department is focusing on six strategies aimed at promoting academic excellence and wellness for every learner and better preparing our Nation for global competitiveness. This competition advances the call to raise the bar in education, particularly promoting the focus area to “achieve academic excellence.”

Priorities: This competition includes one competitive preference priority and

one invitational priority. In accordance with 34 CFR 75.105(b)(2)(iv), the competitive preference priority is from the 2022 NFP.

The invitational priority is intended to encourage collaborations between charter schools and traditional public schools or traditional school districts that benefit students and families across schools. Some of the most successful charter schools have collaborated with traditional schools and districts. We believe that these types of collaborations may improve outcomes for students in both charter schools and traditional public schools, including by sharing instructional materials, creating joint professional learning opportunities, and developing principal pipeline programs. Using an invitational priority allows the Department to encourage beneficial collaborations without giving applications that meet this priority preference over other applications.

Competitive Preference Priority: For FY 2023 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is a competitive preference priority.

For Assistance Listing Numbers 84.282B and 84.282E, under 34 CFR 75.105(c)(2)(i), we will award up to an additional 5 points to an application that meets the competitive preference priority, depending on how well the application meets the priority.

The priority is:

Promoting High-Quality Educator- and Community-Centered Charter Schools to Support Underserved Students (up to 5 points).

(a) Under this priority, an applicant must propose to open a new charter school, or to replicate or expand a high-quality charter school, that is developed and implemented—

(1) With meaningful and ongoing engagement with current or former teachers and other educators; and

(2) Using a community-centered approach that includes an assessment of *community assets*, informs the development of the charter school, and includes the implementation of protocols and practices designed to ensure that the charter school will use and interact with community assets on an ongoing basis to create and maintain strong community ties.

(b) In its application, an applicant must provide a high-quality plan that demonstrates how its proposed project would meet the requirements in paragraph (a) of this priority, accompanied by a timeline for key milestones that span the course of planning, development, and implementation of the charter school.

¹ Terms defined in this notice are italicized the first time each term is used.

Invitational Priority: For FY 2023 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an invitational priority. Under 34 CFR 75.105(c)(1), we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

The priority is:

Collaborations between Charter Schools and Traditional Public Schools or Districts that Benefit Students and Families across Schools.

(a) The Secretary is particularly interested in funding applications that propose a new collaboration, or the continuation of an existing collaboration, with at least one traditional public school or traditional school district that is designed to benefit students or families served by at least one member of the collaboration, is designed to lead to increased or improved educational opportunities for students served by at least one member of the collaboration, and includes implementation of one or more of the following—

(1) Co-developed or shared curricular and instructional resources or academic course offerings.

(2) Professional development opportunities for teachers and other educators, which may include professional learning communities, opportunities for teachers to earn additional certifications, such as in a high-need area or national board certification, and partnerships with educator preparation programs to support teaching residencies.

(3) Evidence-based (as defined in section 8101 of the ESEA) practices to improve academic performance for underserved students.

(4) Policies and practices to create safe, supportive, and inclusive learning environments, such as systems of positive behavioral intervention and support.

(5) Transparent enrollment and retention practices and processes that include clear and consistent disclosure to families of policies or requirements (e.g., discipline policies, purchasing and wearing specific uniforms and other fees, or family participation), and any services that are or are not provided, that could impact a family's ability to enroll or remain enrolled in the school (e.g., transportation services or participation in the National School Lunch Program).

(6) A shared transportation plan and system that reduces transportation costs for at least one member of the collaboration and takes into

consideration various transportation options, including public transportation and district-provided or shared transportation options, cost-sharing or free or reduced-cost fare options, and any distance considerations for prioritized bus services.

(7) A shared special education collaborative designed to address a significant barrier or challenge faced by participating charter schools or traditional public schools in improving academic and developmental outcomes and services for students with disabilities (as defined in section 8101 of the ESEA).

(8) A shared English learner collaborative designed to address a significant barrier or challenge faced by participating charter schools or traditional public schools in providing educational programs to improve academic outcomes for English learners.

(9) Other collaborations, such as the sharing of innovative and best practices, designed to address a significant barrier or challenge faced by participating charter schools or traditional public schools in providing educational programs to improve academic outcomes for all students served by members of the collaboration.

(b) In its application, an applicant must provide a description of the collaboration that—

(1) Describes each member of the collaboration and whether the collaboration would be a new or existing commitment;

(2) States the purpose and duration of the collaboration;

(3) Describes the anticipated roles and responsibilities of each member of the collaboration;

(4) Describes how the collaboration will benefit one or more members of the collaboration, including how it will benefit students or families affiliated with a member and lead to increased educational opportunities for students, and meet specific and measurable, if applicable, goals;

(5) Describes the resources members of the collaboration will contribute; and

(6) Contains any other relevant information.

(c) Within 120 days of receiving a grant award or within 120 days of the date the collaboration is scheduled to begin, whichever is later, the grantee provides evidence of participation in the collaboration (which may include, but is not required to include, a memorandum of understanding).

(1) The charter school maintains control over all CSP funds, makes all programmatic decisions, and directly administers or supervises the administration of the grant;

(2) The management organization does not exercise full or substantial administrative control over the charter school (and, thereby, the CSP project), except that this does not limit the ability of a charter school to enter into a contract with a management organization for the provision of services that do not constitute full or substantial control of the charter school project funded under the CSP (e.g., food or payroll services) and that otherwise

comply with statutory and regulatory requirements;

(3) The charter school's governing board has access to financial and other data pertaining to the charter school, the management organization, and any related entities; and

(3) The names and contact information for each member of the governing boards of the charter school and a list of management organization's officers, chief administrator, and other administrators, and any staff involved in approving or executing the management contract; and a description of any actual or perceived conflicts of interest, including financial interests, and how the applicant resolved or will resolve any actual or perceived conflicts of

interest to ensure compliance with 2 CFR 200.318(c); and

(4) A description of how the charter school ensured that such contract is severable and that a change in management companies will not cause the proposed charter school to close. (2022 NFP)

(g) Each applicant must provide an assurance that it will disclose, as part of the enrollment process, any policies and requirements (e.g., purchasing and wearing specific uniforms and other fees, or requirements for family participation), and any services that are or are not provided, that could impact a family's ability to enroll or remain enrolled in the school (e.g., transportation services or participation in the National School Lunch Program). (2022 NFP)

(h) Each applicant must provide an assurance that it will hold or participate in a public hearing in the local community in which the proposed charter school would be located to obtain information and feedback regarding the potential benefit of the charter school, which shall at least include how the proposed charter school will increase the availability of high-quality public school options for underserved students, promote racial and socio-economic diversity in such community or have an educational mission to serve primarily underserved students, and not increase racial or socioeconomic segregation or isolation in the school districts from which students would be drawn to attend the charter school (consistent with applicable laws). Applicants must ensure that the hearing (and notice thereof) is accessible to individuals with disabilities and limited English proficient individuals as required by law, actively solicit participation in the hearing (i.e., provide widespread and timely notice of the hearing), make good faith efforts to accommodate as many people as possible (e.g., hold the hearing at a convenient time for families or provide virtual participation options), and submit a summary of the comments received as part of the application. The hearing may be conducted as part of the charter authorizing process, provided it meets the requirements above. (2022 NFP)

(i) Each applicant must provide an assurance that it will not use any implementation funds for a charter school until after the charter school has received a charter from an authorized public chartering agency and has a contract, lease, mortgage, or other documentation indicating that it has a facility in which to operate. Consistent with sections 4303(b)(1), 4303(h)(1)(B),

and 4310(6) of the ESEA, an eligible applicant may use CSP planning funds for post-award planning and design of the educational program of a proposed new or replicated high-quality charter school that has not yet opened, which may include hiring and compensating teachers, school leaders, and specialized instructional support personnel; providing training and professional development to staff; and other critical planning activities that need to occur prior to the charter school opening when such costs cannot be met from other sources. (2022 NFP)

Note: The Department recognizes that the charter approval process may exceed the 18-month planning period for CSP grants, as prescribed under section 4303(d)(1)(B) of the ESEA. In such a case, applicants may request approval from the Department to amend their application to request an extension of the 18-month planning period. Under section 4303(d)(5) of the ESEA, the Secretary, in his discretion, may waive any statutory or regulatory requirement over which he exercises administrative authority, except the requirements related to the definition of "charter school" in section 4310(2) of the ESEA, provided that the waiver is requested in an approved application and the Secretary determines that granting the waiver will promote the purposes of the CSP. A grantee also may request approval from the Department, as appropriate, to amend its approved application and budget to cover additional planning costs that it may incur due to an unexpected delay in the charter approval process.

Program Authority: Title IV, part C of the ESEA, as amended.

Note: Projects will be awarded and must be operated in a manner consistent with the nondiscrimination requirements contained in Federal civil rights laws.

Applicable Regulations: (a) The Education Department General Administrative Regulations in 34 CFR parts 75, 76, 77, 79, 81, 82, 84, 97, 98, and 99. Note: If you are a nonprofit organization, under 34 CFR 75.51, you may demonstrate your nonprofit status by providing: (1) proof that the Internal Revenue Service currently recognizes the applicant as an organization to which contributions are tax deductible under section 501(c)(3) of the Internal Revenue Code; (2) a statement from a State taxing body or the State attorney general certifying that the organization is a nonprofit organization operating within the State and that no part of its net earnings may lawfully benefit any private shareholder or individual; (3) a certified copy of the applicant's certificate of incorporation or similar document if it clearly establishes the nonprofit status of the applicant; or (4) any item described above if that item applies to a State or national parent organization, together with a statement by the State or parent organization that the applicant is a local nonprofit affiliate; or (5) for an entity that holds a sincerely held religious belief that it cannot apply for a determination as an entity that is tax-exempt under section 501(c)(3) of the Internal Revenue Code, evidence sufficient to establish that the entity would otherwise qualify as a nonprofit organization under (1) through (4) above.

However, such charter school may be eligible to receive funds under this competition to expand the charter school beyond the existing grade levels or student count and beyond the grade levels or projected student count provided in the previous CSP award.

Likewise, a charter school that receives funds under this competition is ineligible to receive funds for the same purpose under section 4303(b)(1) or 4305(b) of the ESEA, including opening and preparing for the operation of a new charter school, opening and preparing for the operation of a replicated high-quality charter school, or expanding a high-quality charter school (*i.e.*, Assistance Listing Number 84.282A or 84.282M).

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of

funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Risk Assessment and Specific Conditions: Consistent with 2 CFR 200.206, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

5. In General: In accordance with the Office of Management and Budget's

guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with—

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. 115–232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 200.322); and

(d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer effectuates the program goals or agency priorities (2 CFR 200.340).

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Open Licensing Requirements:* Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing

works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. *Performance Measures:* (a) For the purposes of Department reporting under 34 CFR 75.110 the Secretary has established two performance indicators: (1) the number of charter schools in operation around the Nation and (2) the percentage of fourth- and eighth-grade charter school students who are achieving at or above the proficient level on State assessments in mathematics and reading/language arts. Additionally, the Secretary has established the following measure to examine the efficiency of the CSP: The Federal cost per student in implementing a successful school (defined as a school in operation for three or more consecutive years).

(b) *Project-Specific Performance Measures.* Applicants must propose project-specific performance measures and performance targets consistent with the objectives of the proposed project. Applications must provide the following information as directed under 34 CFR 75.110(b) and (c):

(1) *Performance measures.* How each proposed performance measure would accurately measure the performance of the project and how the proposed performance measure would be consistent with the performance measures established for the program funding the competition.

(2) *Baseline data.* (i) Why each proposed baseline is valid; or (ii) if the applicant has determined that there are no established baseline data for a particular performance measure, an explanation of why there is no established baseline and how and when, during the project period, the applicant would establish a valid baseline for the performance measure.

(3) *Performance targets.* Why each proposed performance target is ambitious yet achievable compared to the baseline for the performance measure and when, during the project period, the applicant would meet the performance target(s).

(4) *Data collection and reporting.* (i) The data collection and reporting methods the applicant would use and why those methods are likely to yield reliable, valid, and meaningful performance data; and (ii) the applicant's capacity to collect and report reliable, valid, and meaningful performance data, as evidenced by high-quality data collection, analysis, and reporting in other projects or research.

All grantees must submit an annual performance report with information that is responsive to these performance measures.

6. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things, whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

7. *Project Directors' Meeting:* Applicants approved for funding under this competition must attend a meeting for project directors either virtually or at

a location to be determined in the continental United States during each year of the project. Applicants may include, if applicable, the cost of attending this meeting in their proposed budgets as allowable administrative costs.

8. *Technical Assistance:* Applicants approved for funding under this competition will be required to participate in all technical assistance offerings, to include project directors' meetings and other on-site gatherings sponsored by the Department and its contracted technical assistance providers and partners throughout the performance period.
