

of the information being collected to the public.

DOL experience shows that the number of applicants to our public data services will vary considerably but will almost certainly exceed 10 or more persons (ref: 5 CFR 1320.3(c)(4)(ii)), so DOL seeks to obtain and maintain PRA clearance to conduct this information collection.

II. Desired Focus of Comments

OASP is soliciting comments concerning an information collection of user registrations to access a public Application Programming Interface providing machine readable subsets of public data generated by DOL programs and activities. OASP is particularly interested in comments that:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information has practical utility;
- Evaluate the accuracy of OASP's estimate of the burden related to the information collection, including the validity of the methodology and assumptions used in the estimate;
- Suggest methods to enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the information collection on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Background documents related to this information collection request are available at <https://regulations.gov> and at DOL-OASP, located at Office of the Assistant Secretary for Policy, Room S2312, 200 Constitution Avenue NW, Washington, DC 20210. Questions about the information collection requirements may be directed to the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice.

III. Current Actions

This information collection request concerns user registrations to access a public Application Programming Interface providing machine readable subsets of public data generated by DOL programs and activities. OASP has estimated the potential impact of this collection data with respect to the number of respondents, responses, burden hours, and burden costs supporting this information collection request from the previous information collection request.

Type of Review: New collection.
Agency: DOL-OASP.

Title of Collection: Registration for Public API.

OMB Number: 1290-0NEW.

Affected Public: Individuals or households, and not-for-profit institutions.

Estimated Annual Number of Respondents: 200.

Estimated Annual Number of Responses: 200.

Estimated Annual Burden Hours: 30 hours.

Estimated Average Hourly Wage of Respondents: \$49.76.

Estimated Total Annual Burden Costs: \$1,492.80.

Annual Respondent or Recordkeeper Cost: \$0.

Comments submitted in response to this notice will be summarized in the request for Office of Management and Budget approval of the proposed information collection request; they will become a matter of public record and will be available at <https://www.reginfo.gov>.

(Authority: 44 U.S.C. 3507(a)(1)(D).)

Scott Gibbons,

Chief Data Officer.

NUCLEAR REGULATORY COMMISSION

[NRC-2023-0106]

NUREG: Report to Congress on Abnormal Occurrences: Fiscal Year 2022; Dissemination of Information

AGENCY: Nuclear Regulatory Commission.

ACTION: Final report; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing NUREG-0090, Volume 45, "Report to Congress on Abnormal Occurrences: Fiscal Year 2022." The report describes those events that the NRC or an Agreement State identified as abnormal occurrences (AOs) during fiscal year (FY) 2022, based on the criteria defined by the Commission. The report describes eight events at Agreement State-licensed facilities and one event at an NRC-licensed facility.

DATES: NUREG-0090, Volume 45, is available June 20, 2023.

ADDRESSES: Please refer to Docket ID NRC-2023-0106 when contacting the NRC about the availability of information regarding this document. You may obtain publicly available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC-2023-0106. Address questions about Docket IDs in *Regulations.gov* to Stacy Schumann; telephone: 301-415-0624; email: Stacy.Schumann@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1-800-397-4209, 301-415-4737, or by email to pdr.resource@nrc.gov. The ADAMS accession number for each document referenced (if it is

available in ADAMS) is provided the first time that it is mentioned in this document.

FOR FURTHER INFORMATION CONTACT:

Edward Harvey, Office of Nuclear Regulatory Research, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001; telephone: 301-415-3704; email: Edward.Harvey@nrc.gov.

SUPPLEMENTARY INFORMATION: Section 208 of the Energy Reorganization Act of 1974, as amended (Pub. L. 93-438), defines an “abnormal occurrence” as an unscheduled incident or event that the NRC determines to be significant from the standpoint of public health or safety. The FY 2022 AO report, NUREG-0090, Volume 45, “Report to Congress on Abnormal Occurrences: Fiscal Year 2022” (ADAMS Accession No. ML23158A228), describes those events that the NRC identified as AOs during FY 2022.

This report describes eight events involving Agreement State licensees and one event involving an NRC licensee. Seven of the AOs occurred at medical facilities and the other two events involved overexposures.

The NRC identified no events at NRC-licensed facilities during FY 2022 that met the guidelines for inclusion in Appendix B, “Other Events of Interest.”

One event met the guidelines for inclusion in appendix C, “Updates of Previously Reported Abnormal Occurrences.”

Agreement States are the 39 U.S. States that currently have entered into formal agreements with the NRC pursuant to section 274 of the Atomic Energy Act of 1954, as amended (AEA), to regulate certain quantities of AEA-licensed material at facilities located within their borders.

The Federal Reports Elimination and Sunset Act of 1995 (Pub. L. 104-68) requires that AOs be reported to Congress annually. The full report, NUREG-0090, Volume 45, “Report to Congress on Abnormal Occurrences: Fiscal Year 2022,” is also available electronically at the NRC’s public website at <https://www.nrc.gov/reading-rm/doc-collections/nuregs/staff>.

Dated: June 14, 2023.

For the Nuclear Regulatory Commission.

Brooke P. Clark,

Secretary of the Commission.

OFFICE OF SCIENCE AND TECHNOLOGY POLICY

Request for Information: Extension of Comment Deadline Automated Worker Surveillance and Management

AGENCY: Office of Science and Technology Policy (OSTP).

ACTION: Notice of request for information (RFI).

SUMMARY: Employers are increasingly using automated systems to monitor, manage, and evaluate their workers. These systems may allow employers to manage supply chains, improve health and safety, or make other informed business decisions. At the same time, applications of surveillance and monitoring systems can also pose risks to workers, including to their health and safety, equal employment opportunities, privacy, ability to meet critical needs, access to workplace accommodations, and exercise of workplace and labor rights, including their rights to form or join a labor union. The White House Office of Science and Technology Policy (OSTP) seeks comments from the public to better understand automated surveillance and management of workers, including its prevalence, purposes, deployment, and impacts, as well as opportunities for Federal agencies to work with employers, workers, and other stakeholders to ensure that these systems do not undermine workers’ rights, opportunities, access, health, or safety.

DATES: Interested persons and organizations are invited to submit comments on or before 5 p.m. ET, June 29, 2023.

ADDRESSES: Comments must be submitted via the Federal eRulemaking Portal at [regulations.gov](https://www.regulations.gov). However, if you require an accommodation or cannot otherwise submit your comments via [regulations.gov](https://www.regulations.gov), please contact the program contact person listed under **FOR FURTHER INFORMATION CONTACT**. OSTP will not accept comments by fax, or comments submitted after the comment period closes. To ensure that OSTP does not receive duplicate copies, please submit your comments only once. Additionally, please include the Docket ID at the top of your comments.

Federal eRulemaking Portal: Go to www.regulations.gov to submit your comments electronically. Information on how to use [Regulations.gov](https://www.regulations.gov), including instructions for accessing agency documents, submitting comments, and viewing the docket, is available on the site under “FAQ” (<https://www.regulations.gov/faq>).

Privacy Note: OSTP’s policy is to make all comments received from members of the public available for public viewing in their entirety on the Federal eRulemaking Portal at www.regulations.gov. Therefore, commenters should be careful to include in their comments only information that they wish to make publicly available. OSTP requests that no proprietary information, copyrighted information, or personally identifiable information be submitted in response to this RFI.

Instructions: Response to this RFI is voluntary. Respondents may answer as many or as few questions as they wish. Responses containing references, studies, research, and other empirical data that are not widely published should include copies of or electronic links to the referenced materials. Any information obtained from this RFI is intended to be used by the Government on a non-attribution basis for planning and strategy development. OSTP will not respond to individual submissions. A response to this RFI will not be viewed as a binding commitment to develop or pursue the project or ideas discussed. This RFI is not accepting applications for financial assistance or financial incentives. All comments, including attachments and other supporting materials, will become part of the public record and subject to public disclosure. Proprietary information or sensitive personal information, such as account numbers or Social Security numbers, or names of other individuals, should not be included in the body of your response. Respondents interested in submitting anonymous comments should use the option on www.regulations.gov/.

FOR FURTHER INFORMATION CONTACT: Alan Mislove, Assistant Director for Data and Democracy, workersurveillance@ostp.eop.gov, 202-456-4444.

SUPPLEMENTARY INFORMATION:

Background: Employers are increasingly using automated systems to monitor, manage, and evaluate their workers—both on and off the job. According to a 2022 investigation by the *New York Times*, eight of the ten largest private U.S. employers track the productivity metrics of individual workers.¹ Use of automated surveillance and management systems has increased with the spread of remote work during the pandemic, and now often extends to workers’ homes.² Private-sector research
