Additionally, Commerce preliminarily determines that butt-weld pipe fittings exported

from Vietnam to the United States that were produced using unfinished fittings from China are subject to the scope of the AD order.

DATES: Applicable June 23, 2023.

FOR FURTHER INFORMATION CONTACT: Miranda Bourdeau, AD/CVD Operations Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2021.

SUPPLEMENTARY INFORMATION:

Background

On September 26, 2022, Commerce published in the **Federal Register** a notice of a covered merchandise referral and the initiation of a covered merchandise inquiry to determine whether: (1) Chinese-origin unfinished fittings that only underwent the final stage of three production stages (*i.e.*, finishing processes) in Vietnam are within the scope of the *Order*; and (2) whether Chinese-origin rough fittings that underwent both the second and third stages of production in Vietnam are within the scope of the *Order*.¹ For a complete description of the events that followed the initiation of this inquiry, see the Preliminary Decision Memorandum.² A list of topics included in the Preliminary Decision Memorandum is included in the appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Merchandise Subject to the Covered Merchandise Inquiry

The products subject to this inquiry are rough and unfinished fittings originating in China and processed into butt-weld pipe fittings through two production scenarios in Vietnam. The two production scenarios are:

- *Scenario 1*: Chinese-origin unfinished butt-weld pipe fittings undergo the final stage (*i.e.*, finishing processes) of three production stages in Vietnam;
- *Scenario 2*: Chinese-origin rough butt-weld pipe fittings undergo the second and third stages of production in Vietnam.

Methodology

Commerce is conducting this covered merchandise inquiry in accordance with section 517 of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.227. For a full description of the methodology underlying Commerce's preliminary results, see the Preliminary Decision Memorandum.

Preliminary Findings

We preliminarily determine, pursuant to 19 CFR 351.227(f), that rough butt-weld pipe fittings from China that are processed in Vietnam into finished butt-weld pipe fittings in the final two stages of production are not subject to the scope of the *Order*. Additionally, we preliminarily find that unfinished butt-weld pipe fittings from China that are processed in Vietnam into finished butt-weld pipe fittings are subject to the scope of the *Order*. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Suspension of Liquidation

As stated above, Commerce has made a preliminary affirmative finding that unfinished butt-weld pipe fittings originating from China and finished in Vietnam are subject to the scope of the *Order*. This affirmative in-scope finding applies on a country-wide basis, regardless of the producer, exporter, or importer, to all products from the same country with the same relevant physical characteristics as the products at issue. Therefore, in accordance with 19 CFR 351.227(l)(2), Commerce will direct CBP to: (1) continue the suspension of liquidation of previously suspended entries and apply the applicable AD cash deposit rate; (2) begin the suspension of liquidation and require a cash deposit of estimated antidumping

duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption on or after September 26, 2022, the date of publication of the notice of initiation of this covered merchandise inquiry in the **Federal Register**; and (3) begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption prior to September 26, 2022.³
