Proposal to renew the following currently approved collection of information:

1. *Title:* Fast-Track Generic Qualitative Surveys.

OMB Number: 3064–0127.

Forms: None.

Affected Public: Private Sector; Insured state nonmember banks and state savings associations and members of the public interacting with the FDIC.

Burden Estimate:

SUMMARY OF ESTIMATED ANNUAL BURDEN

[OMB No. 3064–0127]

Information collection (obligation to respond)	Type of burden (frequency of response)	Average number of respondents	Frequency	Average time per response (hours)	Estimated annual burden (hours)
Generic Quality of Service Qualitative Surveys (Voluntary).	Reporting (Occasional)	850	20	1	17,000
Total Estimated Annual Burden (Hours)	17,000

Source: FDIC.

General Description of Collection: This information collection establishes ongoing authority for FDIC to conduct yet-to-be-determined occasional quality-of-service surveys under OMB’s generic survey program. Once this information collection extension request is approved by OMB, FDIC will be able to obtain expedited approval of individual surveys by following a special submission process that does not require the publication of **Federal Register** notices for each individual survey. Generic clearance requests should be approved by OMB within five business days of submission. FDIC estimates that the generic surveys to be deployed under this information

collection each will involve an average of 850 respondents, generally should not require more than one hour per respondent to complete, and are always voluntary in nature. FDIC estimates that it will deploy approximately 20 such surveys annually. The purpose of the surveys is, in general terms, to obtain anecdotal information on a voluntary basis about quality of service, regulatory burden, problems or successes in the bank supervisory process (including exams related to both safety and soundness, and compliance with consumer protection laws and regulations), the perceived need for regulatory or statutory change, and similar concerns. There is no change in

the substance or methodology of this information collection and the estimated annual burden remains unchanged.

Request for Comment

Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the

burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

SUPPLEMENTARY INFORMATION:

Title: Collection and Transmission of Annual AMC Registry Fees.

OMB Number: 3139–0008.

Abstract: States that register and supervise appraisal management companies (AMCs) are required to collect and transmit annual AMC registry fees to the ASC. 12 CFR part 1102, and in particular section 1102.402, established the annual AMC registry fee for States that register and supervise AMCs as follows: (1) in the case of an AMC that has been in existence for more than a year, \$25 multiplied by the number of appraisers who have performed an appraisal for the AMC on a covered transaction in such State during the previous year; and (2) in the case of an AMC that has not been in existence for more than a year, \$25 multiplied by the number of appraisers who have performed an appraisal for the AMC on a covered transaction in such State since the AMC commenced doing business. Performance of an appraisal means the appraisal service requested of an appraiser by the AMC was provided to the AMC. Section 1102.403 requires AMC registry fees to be collected and transmitted to the ASC on an annual basis by States that register and supervise AMCs. Only those AMCs whose registry fees have been transmitted to the ASC are eligible to be on the AMC Registry for the 12-month period following the payment of the fee. Section 1102.403 clarified that States may align a one-year period with any 12-month period, which may, or may not, be based on the calendar year. The registration cycle is left to the individual States to determine.

Current Action: There are no changes being made to this regulation.

Type of Review: Extension of a currently approved collection.

Affected Public: States; businesses or other for-profit and not-for-profit organizations.

Estimated Number of Respondents: 400 AMCs, 55 States.

Estimated Total Annual Burden Hours: 400 hours.

Frequency of Response: Event generated.

By the Appraisal Subcommittee.

James R. Park,

Executive Director.
