Congressionally Mandated Reports: OMB/GPO Guidance

AGENCY: U.S. Government Publishing Office.

ACTION: Notice of OMB/GPO guidance on congressionally mandated reports.

SUMMARY: Federal agencies are now required by law to submit congressionally mandated reports to GPO by the end of the year. On June 21, 2023, GPO and the Office of Management and Budget (OMB) released a memo providing guidance to Federal agencies: <https://www.whitehouse.gov/wp-content/uploads/2023/06/M-23-17-Access-to-Congressionally-Mandated-Reports-Act-Implementation-Guidance.pdf>. The memo outlines instructions and deadlines for compliance with this mandate, including information about reports that are exempt from submission to GPO. The reports will be published and made available to the public on GPO's online system, GovInfo: <https://www.govinfo.gov>. Under this new requirement, agencies will also continue to submit printed, signed copies of mandated reports to Congressional committees and subcommittees. When fully deployed, this will be the first time congressionally mandated reports will be accessible to the public in one place. Beginning October 1, 2023, Federal agencies will designate a point of contact for report submission and register for an account for the upcoming GPO Submission Portal. All resources related to congressionally mandated reports for Federal agencies can be found at: <https://www.gpo.gov/congressionally-mandated-reports>. For questions, please use askGPO: <https://ask.gpo.gov/>. Select the Federal Agency customer type, and the Other inquiry category.

This notice invites comment on a proposed information collection project titled, Integrated Viral Hepatitis Surveillance and Prevention Funding for Health Departments (CDC–RFA–PS21–2103). This data collection is for viral hepatitis (VH) case reporting data collected from the National Notifiable Diseases Surveillance System (NNDSS) which provides the primary population-based data used to describe the epidemiology of VH in the United States and for annual reporting of surveillance, prevention, and epidemiology performance measures via an Annual Performance Report.

DATES: CDC must receive written comments on or before September 12, 2023.

ADDRESSES: You may submit comments, identified by Docket No. CDC–2023–0059 by either of the following methods:

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected;
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses; and
5. Assess information collection costs.
