SUPPLEMENTARY INFORMATION:

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions that were used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Title: Turnip the Beet! High Quality Summer Meals Award Program.

OMB Number: 0584-0658.

Expiration Date: 9/30/2023.

Type of Request: Extension, without change, of a currently approved collection.

Abstract: The Summer Food Service Program (SFSP) and National School Lunch Program (NSLP) Seamless Summer Option (SSO) were established to ensure that children and teens continue to receive nutritious meals when school is not in session. Turnip the Beet is a voluntary award initiative to recognize participating sponsoring organizations (program sponsors) that work hard to offer high quality, nutritious meals during the summer months.

The purpose of this voluntary recognition initiative is to encourage Summer Meal Programs' sponsors to offer higher quality, nutritious meals that make a positive impact on children's healthy development. This information collection allows the Food and Nutrition Service (FNS) to more accurately assess the quality of meal service in order to determine whether the individual sponsor qualifies for recognition, and at what level.

The Turnip the Beet award is presented at three levels (bronze, silver, and gold) to sponsors providing meals that are appetizing, appealing, and nutritious. The award is open to all program sponsors across the nation who are in good standing, including SFSP

sponsors and NSLP/SSO sponsors. All nominated sponsors must be in compliance with SFSP or NSLP/SSO regulations, as applicable.

Sponsors may submit a self-nomination or be nominated by another party. The sponsor or other party must complete and submit a nomination packet, which includes the short Turnip the Beet Nomination Form, and submit a one-month menu, to their Summer Meals State agency contact. Menus should provide sufficient detail to judge whether they meet award criteria; for example, a menu should describe whether fruits and vegetables are fresh, frozen, canned or dried, as well as identify whole grain-rich and local food items. Sponsors may choose to submit other supporting documents to further demonstrate the quality of their meals, such as news clips about the program, photos, testimonials, or invoices of local food purchases.

The nominations will be submitted to State agencies, which have the discretion to choose their internal submission due dates. The State agency contacts will ensure the sponsor: (1) participated in SFSP or SSO in the award year; (2) is in good standing with no major findings or all corrective actions are complete and implemented; (3) was not found seriously deficient in the past two years, at the time of the application, and has never been terminated from the Summer Meal Programs; and (4) submitted an application that meets meal pattern requirements. The State agency can also provide an optional statement of support for the nominee.

All nominations must be forwarded by the State agency contact to their Regional Office at a set September date following the program year. FNS will notify the winners in writing early the following calendar year. Depending on the award level attained, sponsors will receive a certificate from FNS, will be featured on the USDA blog, or will be featured on the online Capacity Builder tool as a Turnip the Beet winner.

Affected Public: Sponsors (businesses); and State agencies (State governments).

Estimated Number of Respondents: For program year 2024, FNS expects nominations from 150 sponsors in 36 States, for a total of 186 respondents.

Estimated Number of Responses per Respondent: Sponsors will voluntarily

complete one nomination packet for the program year. State agencies will review each nomination received from sponsors in their respective States one time; State agencies are expected to receive an average of 4.167 nominations each.

Estimated Total Annual Responses: FNS expects 150 nominations from sponsors, which will then be reviewed by State agencies. The total annual responses is 300.

Estimated Time per Response: The estimated time of response varies from 30 to 60 minutes per nomination, depending on respondent group. FNS estimates it will take each sponsor approximately 1 hour to complete the nomination form, compile other supplemental information, and submit the nomination packet to the State agency. FNS estimates it will take each reviewing State agency approximately

30 minutes to review each nomination packet and complete a one-page checklist to verify that the nominees are eligible for the award. The table below illustrates the burden on both sponsors and State agencies, with an average total estimated time of 1.5 hours.

Estimated Total Annual Burden on Respondents: 225 hours. See the table below for estimated total annual burden for each type of respondent.

Respondent	Estimated number respondents	Responses annually per respondent	Total annual responses	Estimated avg. number of hours per response	Estimated total hours
Reporting Burden					
Program Sponsors (Businesses)	150	1.00	150	1.00	150.00
State Agency Employees	36	4.1666667	150	0.50	75.00

Agency Information Collection Activities: Proposed Collection; Comments Request—Understanding Risk Assessment in Supplemental Nutrition Assistance Program (SNAP) Payment Accuracy Study

AGENCY: Food and Nutrition Service (FNS), USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on this proposed information collection. This collection is a new collection. The primary purpose of this study is to provide FNS with information about SNAP State agencies' use of risk assessment (RA) tools to reduce payment errors, the effects of these tools, and best practices for FNS and the SNAP State agencies to consider in the development and use of RA tools. RA tools may apply statistical models using SNAP household characteristics to estimate the relative risk of improper payment.

DATES: Written comments must be received on or before September 18, 2023.

ADDRESSES: Comments may be sent to: Eric Williams, Food and Nutrition Service, U.S. Department of Agriculture, 1320 Braddock Place, Alexandria, VA 22314. Comments may also be submitted via email to eric.williams@usda.gov. Comments will also be accepted through the Federal eRulemaking Portal. Go to <https://www.regulations.gov>, and follow the online instructions for submitting comments electronically. All written comments will be open for public inspection at the office of FNS during regular business hours (8:30 a.m. to 5 p.m. Monday through Friday) at 1320 Braddock Place, Alexandria, VA 22314. All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will be a matter of public record.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of this information collection should be directed to Eric Williams at 703-305-2640.

SUPPLEMENTARY INFORMATION: Comments are invited on the following topics: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions that were used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on

respondents, including use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Title: Understanding Risk Assessment in Supplemental Nutrition Assistance Program (SNAP) Payment Accuracy.

Form Number: Not applicable.

OMB Number: 0584-NEW.

Expiration Date: Not yet determined.

Type of Request: New collection.

Abstract: The Supplemental Nutrition Assistance Program (SNAP) is the largest hunger safety net program in the United States, providing food assistance benefits to roughly one in eight Americans. SNAP is administered by the U.S. Department of Agriculture's (USDA) Food and Nutrition Service (FNS). Although the benefits are federally funded and must be issued in accordance with Federal statutes and regulations, SNAP State agencies are responsible for determining eligibility and calculating appropriate benefit amounts for eligible participants. SNAP State agencies have flexibility in administering the program through a range of policy options, waivers of regulations, and demonstration projects. The challenges associated with accurately documenting households' circumstances and calculating benefits within the context of complex regulations, options, and waivers lead to a degree of improper payments.

The Payment Integrity Information Act of 2019 continues the work of previous related legislation in requiring Federal agencies to track and mitigate improper payments, which are defined as payments that either should not have been made or were made in an incorrect
