II. Current Actions

The purpose of the 21st Century Museum Professionals (21MP) Program will be to develop and enhance a

diverse workforce of museum professionals by offering professional development opportunities; employing strategies for training and recruiting future museum professionals; and supporting evaluation efforts to identify and share effective practices. There will be an initial emphasis on spurring economic growth through workforce development in the post-pandemic environment, particularly for cultural institutions in rural and economically distressed communities.

IMLS recognizes the important role of strong local and regional networks as essential tools for providing peer-to-peer learning, training, and mentoring opportunities. The 21MP Program will thus encourage applications from not only museums but also museum associations, museum studies programs at Institutions of Higher Education, and museums that serve as essential parts of the professional learning and training environment.
