

ACTION: Notice.

SUMMARY: This notice announces that information submitted to the Environmental Protection Agency's Office of Air and Radiation, Office of Transportation and Air Quality, pursuant to the Clean Air Act, including information that may be claimed as Confidential Business Information (CBI) by the submitter, will be transferred to the United States Energy Information Administration (EIA), a Federal agency. EPA is responding to a written request from EIA, seeking information about active, registered biodiesel and renewable diesel fuel producers. Specifically, EIA has requested data for parties who have generated RINs in recent years.

DATES: Access by EIA to this material, including CBI, discussed in this Notice, is ongoing and expected to occur beginning August 7, 2023.

FOR FURTHER INFORMATION CONTACT: Anne-Marie Pastorkovich, Attorney/Advisor, Compliance Division, Office of Transportation and Air Quality; telephone number: 202-343-9623; email address: pastorkovich.anne-marie@epa.gov.

SUPPLEMENTARY INFORMATION: EPA is providing notice of disclosure pursuant to a written request by EIA under 40 CFR 2.209(c). EPA collects various data, including registration and compliance information, to implement the Renewable Fuel Standard (RFS) program and other fuels programs under section 211(o) of the Clean Air Act. This includes collecting information from submitter companies about their facilities, products, and generation and use of renewable identification numbers (RINs). The data may be claimed as CBI by the submitter.

EIA is a Federal agency that “. . . collects, analyzes, and disseminates independent and impartial energy information to promote sound policymaking, efficient markets, and public understanding of energy and its interaction with the economy and the environment.”¹ EPA is responding to a written request from EIA, seeking information about certain registered biodiesel and renewable diesel fuel producers. Specifically, EIA has requested data about those registrants they consider to be “active,” because they have generated RINs under RFS in recent years. An EIA employee requested this information for analysis and has stated that EIA does not intend to release the data to the public.

Although EPA publishes a public list of parties who are registered under various Clean Air Act fuels programs,² the list does not characterize the RIN activity level of these parties as part of the publicly posted data. Some of the “active” information requested by EIA may be entitled to confidential treatment. Therefore, EPA is publishing this notice to make submitters aware of the request and our intention to release data that may be entitled to confidential treatment to EIA.

Director, Compliance Division.

Program Requirement Revisions Related to the Public Water System Supervision Program for the State of Connecticut

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Notice is hereby given that the State of Connecticut is revising its approved Public Water System Supervision (PWSS) program to meet the requirements of the Safe Drinking Water Act (SDWA).

DATES: All interested parties may request a public hearing for any of the above EPA determinations. A request for a public hearing must be submitted by August 28, 2023 to the Regional Administrator at the address shown below. Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator.

However, if a substantial request for a public hearing is made by this date, a public hearing will be held. If no timely and appropriate request for a hearing is received, and the Regional Administrator does not elect to hold a hearing on his own motion, this determination shall become final and effective August 28, 2023.

Any request for a public hearing shall include the following information: (1) the name, address, and telephone number of the individual organization, or other entity requesting a hearing; (2) a brief statement of the requesting person's interest in the Regional

Administrator's determination; (3) information that the requesting person intends to submit at such hearing; and (4) the signature of the individual making the request, or if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

ADDRESSES: All documents relating to this determination are available for inspection between the hours of 8:30 a.m. and 4 p.m., Monday through Friday, at the following office(s) below. Please call to arrange a visit.

SUPPLEMENTARY INFORMATION: The State of Connecticut has adopted drinking water regulations for the Revised Total Coliform Rule (78 FR 10269) promulgated on February 13, 2013. After review of documentation submitted by the State, the Environmental Protection Agency (EPA) has determined that the State's rule is no less stringent than the corresponding federal regulation. EPA, therefore, intends to approve the state's PWSS program revision for this rule.

Authority: Section 1401 (42 U.S.C 300f) and Section 1413 (42 U.S.C 300g-2) of the Safe Drinking Water Act, as amended (1996), and (40 CFR 142.10) of the National Primary Drinking Water Regulations.

Dated: July 21, 2023.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

DATES: Written comments and recommendations for the proposed information collection should be submitted on or before August 28, 2023.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Your comment must be submitted into www.reginfo.gov per the above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Cathy Williams, FCC, via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Cathy Williams at (202) 418–2918. To view a copy of this information collection request (ICR) submitted to OMB: (1) go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called “Currently Under Review,” (3) click on the downward-pointing arrow in the “Select Agency” box below the “Currently Under Review” heading, (4) select “Federal Communications Commission” from the list of agencies presented in the “Select Agency” box, (5) click the “Submit” button to the right of the “Select Agency” box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION: The Commission may not conduct or sponsor a collection of information unless it displays a currently valid

Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

OMB Control Number: 3060–0685.

Title: Updating Maximum Permitted Rates for Regulated Services and Equipment, FCC Form 1210; Annual Updating of Maximum Permitted Rates for Regulated Cable Services, FCC Form 1240.

Form Number: FCC Form 1210 and FCC Form 1240.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities; State, Local or Tribal Government.

Number of Respondents and Responses: 3,400 respondents; 5,350 responses.

Estimated Time per Response: 1 hour to 15 hours.

Frequency of Response: Annual reporting requirement; Quarterly reporting requirement; Third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection is contained in 4(i) and 623 of Communications Act of 1934, as amended.

Total Annual Burden: 44,800 hours.

Total Annual Cost: \$3,196,875.

Needs and Uses: Cable operators use FCC Form 1210 to file for adjustments in maximum permitted rates for

regulated services to reflect external costs. Regulated cable operators submit this form to local franchising authorities.

FCC Form 1240 is filed by cable operators seeking to adjust maximum permitted rates for regulated cable services to reflect changes in external costs.

Cable operators submit Form 1240 to their respective local franchising authorities (“LFAs”) to justify rates for the basic service tier and related equipment or with the Commission (in situations where the Commission has assumed jurisdiction).

OMB Control Number: 3060–0798.

Title: FCC Authorization for Radio Service Authorization; Wireless Telecommunications Bureau; Public Safety and Homeland Security Bureau.

Form Number: FCC Form 601.

Type of Review: Revision of a currently approved collection.

Respondents: Individual and households, Business or other for-profit entities, state, local, or tribal government, and not for profit institutions.

Number of Respondents: 255,552 respondents; 255,552 responses.

Estimated Time per Response: 0.5 to 1.25 hours.

Frequency of Response:

Recordkeeping requirement; third party disclosure requirement, on occasion reporting requirement and periodic reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for these collections are contained in 47 U.S.C. 151, 152, 154, 154(i), 155(c), 157, 201, 202, 208, 214, 301, 302a, 303, 307, 308, 309, 310, 311, 314, 316, 319, 324, 331, 332, 333, 336, 534, 535, and 554 of the Communications Act of 1934.

Total Annual Burden: 225,808 hours.

Total Annual Cost: \$72,474,000.

Needs and Uses: FCC Form 601 is a consolidated, multi-part application form that is used for market-based and site-based licensing for wireless telecommunications services, including public safety, which are filed through the Commission’s Universal Licensing System (ULS) or any other electronic filing interface the Commission develops. FCC Form 601 is composed of a main form that contains administrative information and a series of schedules used for filing technical and other information. This form is used to apply for a new license, to amend or withdraw a pending application, to modify or renew an existing license, cancel a license, submit required notifications, request an extension of time to satisfy construction

requirements, request an administrative update to an existing license (such as mailing address change), or request a Special Temporary Authority License. Respondents are required to submit FCC Form 601 electronically. On January 18, 2023, the Commission adopted the 4.9 GHz Seventh Report and Order (FCC 23–3) where it concluded that collecting additional technical data on public safety operations in the 4.94–4.99 GHz band (4.9 GHz band) will improve interference protection and give public safety licensees more confidence in the band without adding a significant burden on licensees or applicants. The Commission also established a Band Manager to coordinate operations in the 4.9 GHz band. The Band Manager will use the more granular technical data collected on public safety operations in ULS via the FCC Form 601 to perform frequency coordination and will be empowered to work with public safety licensees to ensure efficient use of this spectrum and enable new, non-commercial operations on a secondary, preemptable basis.

The Commission is creating two new radio service codes and directing applicants seeking to license 4.9 GHz band base/mobile, mobile-only or temporary fixed stations (new radio service code PB) to submit with their applications on FCC Form 601: coordinates (base), antenna height above average terrain (base), center frequency, emission designator, effective radiated power, number of units (mobile and temporary fixed), and area of operation (mobile and temporary fixed). Similarly, the Commission is directing applicants seeking to license 4.9 GHz band permanent fixed point-to-point, point-to-multi-point and fixed receiver stations (new radio service code PF) to submit with their applications on FCC Form 601: transmitter and receiver antenna coordinates, frequencies, polarizations, tolerance, effective isotropic radiated power, emission designator, type of modulation, antenna model, gain, antenna center line height(s) above ground level and ground elevation above mean sea level, and path azimuth and distance.

The current FCC Form 601 already collects the information detailed above on Schedules D, H and I, but existing 4.9 GHz band operations under radio service code PA are not currently required to utilize these schedules. The changes proposed herein will modify the instructions of the FCC Form 601 to include the two new radio service codes and to duplicate certain questions from Schedule D onto Schedule I regarding eligibility, extended implementation and associated call sign.

On July 18, 2022, the Commission released a Report and Order and Second Further Notice of Proposed Rulemaking, Partitioning, Disaggregation, and Leasing of Spectrum, WT Docket No. 19–38, FCC 22–53, in which the Commission established the Enhanced Competition Incentive Program (ECIP) to establish incentives for wireless radio service licensees to make underutilized spectrum available to small carriers, Tribal Nations, and entities serving rural areas (ECIP Report and Order in WT Docket No. 19–38, FCC 22–53). In the Report and Order, the Commission adopted a program under which any covered geographic area licensee may offer spectrum to an unaffiliated eligible entity through a partition and/or disaggregation, and any covered geographic area licensee eligible to lease in an included service may offer spectrum to an unaffiliated eligible entity through a long-term leasing arrangement. If the FCC finds that approval of an ECIP eligible assignment or lease is in the public interest, the agency will consent to the transaction and confer benefits, including five-year license term extensions, one year construction extensions, and substituted alternative construction requirements for rural-focused transactions. The Commission also established rules to permit reaggregation of geographic licenses.

In establishing the ECIP, the Commission requires applicants seeking to participate in the program to submit certain information that shows the transaction qualifies for ECIP inclusion. The Commission found that the ECIP builds on Congressional goals in the MOBILE NOW Act to incentivize beneficial transactions in the public interest that will promote greater competition in the provision of wireless services, facilitate increased availability of advanced wireless services in rural areas, facilitate new opportunities for small carriers and Tribal Nations to increase access to spectrum, and bring more advanced wireless service including 5G to underserved communities. The ECIP related change created a new Schedule O, similar to schedule K, that will be used by certain ECIP Licensees to file either their Initial Operation Requirement Notifications (IORN) or their Final Operation Requirement Notifications (FORN), as required by 47 CFR 1.60004, 1.60006.

The Commission now seeks approval for revisions to its currently approved collection of information under OMB Control Number 3060–0798 to permit the collection of the two changes. We anticipate that these revisions will have no impact on the hourly burden to

complete FCC Form 601, as the existing burden already provides the appropriate estimate. The Commission therefore seeks approval for a revision to its currently approved information collection on FCC Form 601 to revise FCC Form 601 accordingly.

Federal Communications Commission.

Secretary, Office of the Secretary.
