a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined.¹¹ Parties should confirm the date, time and location of the hearing by telephone two days before the scheduled date.

Commerce intends to issue the final results of this administrative review, including the results of our analysis of the issues raised in any the written briefs, no later than 120 days after the date of publication of this notice, unless otherwise extended.¹²

Assessment Rates

Upon issuance of the final results of this administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. If the weighted-average dumping margin for Citribel (i.e., the sole individually-examined respondent in this review) is not zero or *de minimis* (*i.e.*, greater than or equal to 0.5 percent) in the final results of this review, we will calculate importer-specific ad valorem assessment rates for the merchandise based on the ratio of the total amount of dumping calculated for the examined sales made during the POR to each importer and the total entered value of those same sales, in accordance with 19 CFR 351.212(b)(1).13 Where an importer-specific *ad valorem* assessment rate is zero or *de minimis* in the final results of the review, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.14 If Citribel's weighted-average dumping margin is zero or *de minimis* in the final results of the review, we will instruct CBP not to assess duties on any of its entries in accordance with the Final Modification for Reviews, i.e.,

"{w}here the weighted-average margin of dumping for the exporter is determined to be zero or *de minimis,* no antidumping duties will be assessed."¹⁵ For entries of subject merchandise during the POR produced by Citribel for which the producer did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the allothers rate (*i.e.*, 19.30 percent)¹⁶ if there is no rate for the intermediate company (or companies) involved in the transaction.¹⁷

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Citribel will be equal to the weighted-average dumping margin established in the final results of this administrative review, except if the rate is less than 0.50 percent, and therefore *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or in the investigation but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be the all-others rate of 19.30 percent, the rate established in the less-than-fairvalue investigation of this proceeding.18 These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(4).

Dated: July 24, 2023.

Certain Steel Nails From the Republic of Korea: Preliminary Results of Antidumping Duty Administrative Review, Preliminary Determination of No Shipments, and Partial Rescission of Antidumping Duty Administrative Review; 2021–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that certain steel nails (steel nails) from the Republic of Korea (Korea) were sold in the United States at less than normal value (NV) during the period of review (POR) of July 1, 2021, through June 30, 2022. Interested parties are invited to comment on these preliminary results.

DATES: Applicable July 31, 2023.

 $^{^{12}}See$ section 751(a)(3)(A) of the Act; and 19 CFR 351.213(h).

¹³ As explained above, we determined that Citribel is the successor-in-interest to Citrique Belge. See Citric Acid Belgium CCR. This name change occurred during the period of review; thus, entries subject to this administrative review were made using both company names. Accordingly, we intend to issue assessment instructions covering entries produced and exported by both Citrique Belge and Citribel during the POR at the rate established in the final results.

SUPPLEMENTARY INFORMATION:

Background

On July 13, 2015, Commerce published in the Federal Register an antidumping duty order on steel nails from Korea.¹ On September 6, 2022, based on a timely request for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the Order covering 121 producers and/or exporters of the subject merchandise.² On March 9, 2023, Commerce extended the preliminary results of this review to no later than July 28, 2023.³ For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁴

Scope of the Order

The merchandise subject to the Order is steel nails from Korea. For a complete description of the scope of the Order, see the Preliminary Decision Memorandum.

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. On September 21, 2022, the petitioner 5 timely withdrew its request for Nailtech Co., Ltd. (Nailtech).⁶ Because the

 $^{\rm 5}$ The petitioner is Mid Continent Steel & Wire, Inc.

⁶ See Petitioner's Letter, "Certain Steel Nails from Korea—Withdrawal of Review Request," dated September 21, 2022. request for administrative review of Nailtech was timely withdrawn, and no other parties requested a review of this company, Commerce is rescinding this review with respect to Nailtech.

Preliminary Determination of No Shipments

Among the companies under review, Astrotech Steels Private Limited (Astrotech) and Geekay Wires Limited (Geekay) properly filed statements that they made no shipments of subject merchandise to the United States during the POR.7 Based on their certifications and our analysis of U.S. Customs and Border Protection (CBP) information, we preliminary determine that Astrotech and Geekay had no reviewable transactions during the POR.⁸ Consistent with our practice, we are not preliminarily rescinding the review with respect to these companies. Instead, we will complete the review and issue appropriate instructions to CBP based on the final results of this review.9

Methodology

Commerce is conducting this review in accordance with sections 751(a)(1)(B) and (2) of the Tariff Act of 1930, as amended (the Act). We calculated export price in accordance with section 772 of the Act. We calculated NV in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of the topics discussed in the Preliminary Decision Memorandum is attached as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and **Countervailing Duty Centralized** Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov. In addition, a complete version of the Preliminary

Preliminary Results of Review

As a result of this review, we preliminarily determine that the following weighted-average dumping margins exist for the period July 1, 2021, through June 30, 2022:

Review-Specific Rate for Companies Not Selected for Individual Review

The Act and Commerce's regulations do not address the establishment of a weighted-average dumping margin to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a lessthan-fair-value (LTFV) investigation, for guidance when calculating the weighted-average dumping margin for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally equal to the weighted average of the estimated weightedaverage dumping margins established for exporters and producers individually examined, excluding any margins that are zero, de minimis (i.e., less than 0.5 percent), or determined entirely on the basis of facts available.

For these preliminary results, because the rate calculated for Korea Wire Co., Ltd. (KOWIRE) is zero, we have preliminarily assigned a dumping margin to these companies based on the rate calculated for Daejin Steel Company (Daejin).

Disclosure and Public Comment

Commerce intends to disclose the calculations performed in connection with these preliminary results to interested parties within five days after the date of publication of this notice.¹¹ Interested parties may submit case briefs to Commerce no later than 30 days after

the date of publication of this notice.¹² Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than seven days after the time limit for filing case briefs.¹³ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹⁴ Case and rebuttal briefs should be filed using ACCESS.¹⁵

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, filed electronically via ACCESS within 30 days after the date of publication of this notice.¹⁶ Hearing requests should contain: (1) the party's name, address, and telephone number: (2) the number of participants; and (3) a list of issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing.17

An electronically-filed document must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time on the established deadline. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁸

Commerce intends to issue the final results of this administrative review, including the results of its analysis of issues raised in any written briefs, not later than 120 days after the date of publication of this notice in the **Federal Register**, unless otherwise extended.¹⁹

Assessment Rates

Upon completion of the administrative review, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.²⁰ Pursuant to 19 CFR 351.212(b)(1), because both respondents reported the entered value for all of their U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of

¹⁸ See Temporary Rule Modifying AD/CVD Service Requirements Due to COVID–19; Extension of Effective Period, 85 FR 41363 (July 10, 2020). antidumping duties calculated for the examined sales to the total entered value of the sales for which entered value was reported. Where either the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c), or an importer-specific rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties

without regard to antidumping duties. Commerce's "automatic assessment" will apply to entries of subject merchandise during the POR produced by Daejin or KOWIRE for which these companies did not know that the merchandise they sold to the intermediary (*e.g.*, a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.²¹

For the companies which were not selected for individual review, we will assign an assessment rate based on the review-specific rate, calculated as noted in the "Review-Specific Rate for Companies Not Selected for Individual Review" section, above. Further, if we continue to find in the final results that Astrotech and Geekay had no shipments of subject merchandise during the POR, we will instruct CBP to liquidate any suspended entries that entered under these companies' antidumping duty case numbers at the all-others rate.

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.²²

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication

date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be equal to the weighted-average dumping margin established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, de minimis within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not covered by this review, the cash deposit will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, or the LTFV investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 11.80 percent, the all-others rate established in the LTFV investigation.²³ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: July 25, 2023.
