

ADDRESSES: Submit written objections to Jaelyn Lauren Williams, Technology Business Specialist, 2510 Fifth Street, Bldg. 840, Room 413.30, Wright-Patterson AFB, OH 45433; Phone: (702) 715-4402; or Email: jaelyn.williams.2@us.af.mil. Include Docket No. ARH-221221A-PL in the subject line of the message.

FOR FURTHER INFORMATION CONTACT:

Jaelyn Lauren Williams, Technology Business Specialist, 2510 Fifth Street, Bldg. 840, Room 413.30, Wright-Patterson AFB, OH 45433; Phone: (702) 715-4402; or Email: jaelyn.williams.2@us.af.mil.

SUPPLEMENTARY INFORMATION: The Department of the Air Force intends to grant the partially exclusive patent license agreement for the invention described in: U.S. Patent No. 8,857,681 B2, entitled, "Load Carriage Connector and System," filed March 8, 2013, and issued October 14, 2014.

Abstract of Patent

A load carriage connector and system for rapid mounting and demounting of a user-carried load. The connector utilizes two mating halves comprising a male connector half and a female connector half. The connector is configured to allow mating under various angles of approach, allowing the user to reliably couple the system even under conditions in which the user is unable to view the orientation of the connectors. Additionally, the configuration of the connector system allows the user to quickly and efficiently decouple the connector halves, even while under tensile or shear load.

The Department of the Air Force may grant the prospective license unless a timely objection is received that sufficiently shows the grant of the license would be inconsistent with the Bayh-Dole Act or implementing regulations. A competing application for a patent license agreement, completed in compliance with 37 CFR 404.8 and received by the Air Force within the period for timely objections, will be treated as an objection and may be considered as an alternative to the proposed license.

Authority: 35 U.S.C. 209; 37 CFR 404.

Tommy W. Lee,

Acting Air Force Federal Register Liaison Officer.

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

[Docket ID: COE-2023-0009]

Z-RIN 0710-ZA19

Water Resources Development Act 2020, Section 128 Harmful Algal Bloom Demonstration Program Draft Environmental Assessment

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of availability; request comments.

SUMMARY: The Department of the Army is publishing this notice to solicit comment on an environmental assessment of implementation of section 128 of the Water Resources Development Act of 2020 which directs the Secretary of the Army to implement a demonstration program to determine the causes of, and implement measures to effectively detect, prevent, treat, and eliminate, harmful algal blooms associated with water resources development projects.

DATES: Comments must be received by August 31, 2023.

ADDRESSES: You may submit comments, identified by docket number COE-2023-0009, using any of these methods:

1. *Federal eRulemaking Portal:* <https://www.regulations.gov>. Follow the instructions for submitting comments.
2. *Email:* usarmy.pentagon.hqda-asa-cw.mbx.asa-cw-reporting@army.mil and include the docket number, COE-2023-0009, in the subject line of the message.
3. *Mail:* HQ, U.S. Army Office of the Assistant secretary of the Army, ATTN: Mr. Gib Owen, at U.S. Army, 108 Army Pentagon, Washington, DC 20310-0108.

4. *Hand Delivery/Courier:* Due to security requirements, we cannot receive comments by hand delivery or courier.

Instructions: Direct your comments to docket number COE-2023-0009. The public docket will include all comments exactly as submitted and without change and may be made available online at <http://www.regulations.gov>. This will include any personal information provided, unless the commenter indicates that the comment includes information claimed to be Confidential Business Information (CBI) or other information where disclosure is restricted by statute. Do not submit information that you consider to be CBI, or otherwise protected, through [regulations.gov](https://www.regulations.gov) or email. The [regulations.gov](https://www.regulations.gov) website is an anonymous access system, which means

we will not know your identity or contact information unless you provide it in the body of your comment. If you send an email directly to the U.S. Army without going through [regulations.gov](https://www.regulations.gov), your email address will be automatically captured and included as part of the comment placed in the public docket and made available on the internet. If you submit an electronic comment, we recommend that you include your name and other contact information in the body of your comment. No alternative media thumb drive or CD-ROM can be submitted. If we cannot read your comment because of technical difficulties and cannot contact you for clarification, we may not be able to consider your comment. Electronic comments should avoid the use of any special characters, any form of encryption, and be free of any defects or viruses.

Docket: For access to the docket to read background documents or comments received, go to <https://www.regulations.gov>. All documents in the docket are listed. Although listed in the index, some information is not publicly available, such as CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form.

FOR FURTHER INFORMATION CONTACT: Mr. Gib Owen at usarmy.pentagon.hqda-asa-cw.mbx.asa-cw-reporting@army.mil or 571-274-1929.

SUPPLEMENTARY INFORMATION: The Department of the Army is publishing this notice to solicit comment on an environmental assessment prepared to support the implementation of a demonstration program to determine the causes of, and implement measures to effectively detect, prevent, treat, and eliminate, harmful algal blooms associated with water resources development projects. Section 128 requires the Secretary to consult with and leverage data from Federal and State agencies, and leverage activities of the Secretary carried out through the Engineer Research and Development Center pursuant to section 1109 of the Water Resources Development Act of 2018 (33 U.S.C. 610 note). The Secretary is directed to undertake program activities in the Great Lakes, tidal and inland waters of New Jersey, coastal and tidal waters of Louisiana, waterways of Sacramento-San Joaquin Delta in California, Allegheny Reservoir Watershed in New York, and Lake Okeechobee, Florida. Section 128 directs the Secretary to undertake

program activities related to harmful algal blooms at any Federal reservoir located in the Upper Missouri River Basin or the North Platte River Basin, at the request and expense of another Federal agency. A copy of the draft environmental assessment can be found at: <https://www.usace.army.mil/Missions/Civil-Works/Water-Resources-Development-Act/>.

The contents of the documents do not have the force and effect of law and are not meant to bind the public in any way. This document is intended only to provide clarity to the public regarding existing requirements under the law or departmental policies.

Procedural Requirements

a. *Review under the National Environmental Policy Act.* As required by the National Environmental Policy Act (NEPA), the Department of Army prepares appropriate environmental analysis for its activities affecting the quality of the human environment. We have preliminarily determined that this proposed Section 128 Harmful Algal Bloom Demonstration Program if finalized, would not constitute a major Federal Action significantly affecting the quality of the human environment because actions, while temporary in nature, will be taken, during the implementation of the program to avoid and minimize any adverse impacts that could occur as a result of the implementation of the recommended plan. The preliminary determination that an Environmental Impact Statement (EIS) will not be required for the issuance of this significant guidance will be reviewed in consideration of the comments received.

b. *Unfunded Mandates Reform Act.* The Unfunded Mandates Reform Act does not apply to the Section 128 Harmful Algal Bloom Demonstration Program because the guidance associated with this action provides policy for the Commanding General of the U.S. Army Corps of Engineers to conduct a Harmful Algal Bloom Demonstration Program at 100% Federal expense. The Assistant Secretary of the Army for Civil Works has found that small governments will not be significantly and uniquely affected by this guidance.

c. *National Technology Transfer and Advancement Act.* This Section 128 Harmful Algal Bloom Demonstration Program does not involve technical standards and as such there are no anticipated requirements under this Act.

d. *Executive Order 12866.* Executive Order 12866 (58 FR 51735, October 4,

1993), defines “significant regulatory action” as one that is likely to result in a rule that may:

(1) Have an annual effect on the economy of \$200 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, Tribal, or local governments or communities;

(2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another agency;

(3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or

(4) Raise novel legal or policy issues arising out of legal mandates, the President’s priorities, or the principles set forth in the Executive Order.

In addition, per 32 CFR 339.7 (85 FR 32299), the same tests for significance also apply to guidance documents. This proposed Section 128 Harmful Algal Bloom Demonstration Program has been found not to be a significant guidance action.

e. *Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.).* The proposed Section 128 Harmful Algal Bloom Demonstration Program does not impose any information collection requirements for which Office of Management and Budget (OMB) approval under the Paperwork Reduction Act is required.

f. *Executive Order 13132: Federalism.* This proposed Section 128 Harmful Algal Bloom Demonstration Program will not have substantial direct effects on the states, the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

g. *Regulatory Flexibility Act.* The Regulatory Flexibility Act (RFA), as amended (5 U.S.C. 601 et seq.) generally requires an agency to prepare a regulatory flexibility analysis of any rule subject to notice-and-comment rulemaking requirements under the Administrative Procedure Act or any other statute unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. Small entities include small businesses, small organizations, and small governmental jurisdictions. For purposes of assessing the impacts of the proposed rule on small entities, a small entity is defined as: (1) A small business based on SBA size standards; (2) a small governmental jurisdiction that is a government of a city, county, town, school district, or

special district with a population of less than 50,000; and (3) a small organization that is any not-for-profit enterprise which is independently owned and operated and is not dominant in its field. Although this is not a rulemaking action, the Assistant Secretary of the Army for Civil Works nonetheless certifies that this proposed Section 128 Harmful Algal Bloom Demonstration Program does not have a significant economic impact on a substantial number of small entities. The proposed Section 128 Harmful Algal Bloom Demonstration Program does not place any regulatory burdens on small entities or have a significant economic impact on such entities.

h. *Congressional Review Act (5 U.S.C. 801 et seq.).* Pursuant to the Congressional Review Act, this proposed Section 128 Harmful Algal Bloom Demonstration Program has not been designated a major rule, as defined by 5 U.S.C. 804(2), as it is not a rulemaking action. However, analyzing the same parameters for this proposed significant guidance, the Assistant Secretary of the Army for Civil Works has determined that this proposed Section 128 Harmful Algal Bloom Demonstration Program is not considered “major” as defined by 5 U.S.C. 804(2), because it is not likely to result in: (1) An annual effect on the economy of \$200,000,000 or more; (2) a major increase in costs or prices for consumers, individual industries, Federal, state, or local government agencies, or geographic regions; or (3) significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of the United States-based enterprises to compete with foreign-based enterprises in domestic and export markets.

i. *Executive Order 13175, Consultation and Coordination With Indian Tribal Governments.* Under Executive Order 13175, the Federal Government may not issue a regulation that has substantial, direct effects on one or more Tribal Nation, on the relationship between the Federal Government and Tribal Nation, or on the distribution of powers and responsibilities between the Federal Government and Tribal Nations, and imposes substantial direct compliance costs on those communities, and that is not required by statute, unless the Federal Government provides the funds necessary to pay the direct compliance cost incurred by the Tribal Nation governments, or we consult with those

governments. If complying by consulting, Executive Order 13175 requires us to provide the Office of Management and Budget, in a separately identified section of the preamble to the rule, a description of the extent of prior consultation with representatives of affected Tribal Nation governments, a summary of the nature of Tribal Nation concerns, and a statement supporting the need to issue the regulation. In addition, Executive Order 13175 requires that agencies develop an effective process permitting elected officials and other representatives of Tribal Nation governments an opportunity to provide timely input in the development of regulatory policies on matters that significantly or uniquely affect their communities. This proposed Section 128 Harmful Algal Bloom Demonstration Program does not impose significant compliance costs on any Tribal Nation or otherwise have substantial direct effects on the same. The proposed Section 128 Harmful Algal Bloom Demonstration Program would not have any adverse physical impacts to human environment as the expected result of the Assistant Secretary of the Army for Civil Works actions will be the implementation of temporary harmful algal bloom demonstration projects. In the event that any Tribal Nations may have concerns with the proposed Section 128 Harmful Algal Bloom Demonstration Program, the Assistant Secretary of the Army for Civil Works encourages them to submit comments through the public comment process and/or to request government-to-government consultation.

Michael L. Connor,
Assistant Secretary of the Army (Civil Works).

BILLING CODE 3720-58-P

ELECTION ASSISTANCE COMMISSION

Agency Information Collection Activities

AGENCY: Election Assistance Commission.

ACTION: Notice; request for public comment.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the U.S. Election Assistance Commission (EAC) gives notice that it is requesting from the Office of Management and Budget (OMB) a modification of the previously approved information collection OMB Control Number 3265-0021 EAC Progress Report (EAC-PR).

DATES: Comments must be received by 5 p.m. Eastern on Monday, October 2, 2023.

ADDRESSES: To view the proposed EAC-PR format, see: <https://www.eac.gov/payments-and-grants/financial-progress-reports>. For information on the EAC-PR, contact Risa Garza, Office of Grants, Election Assistance Commission, Grants@eac.gov. Written comments and recommendations for the proposed information collection should be sent directly to Grants@eac.gov. All requests and submissions should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION: Previously filed under Title and OMB Number: EAC Progress Report; 86 FR 73747 (Page 73747-73748, Document Number: 2021-28199).

Purpose

The EAC Office of Grants Management (EAC/OGM) is responsible for distributing, monitoring, and providing technical assistance to States and grantees on the use of Federal funds. EAC/OGM also reports on how the funds are spent, negotiates indirect

cost rates with grantees, and resolves audit findings on the use of HAVA funds.

The EAC-PR is employed for both interim and final progress reports for grants issued under HAVA authority. This revised format builds upon that report for the various grant awards given by EAC. A “For Comment” version of the draft format for use in submission of grant progress reports is posted on the EAC website at: <https://www.eac.gov/payments-and-grants/financial-progress-reports>. The PR will directly benefit award recipients by making it easier for them to administer Federal grant and cooperative agreement programs through standardization of the types of information required in financial reporting—thereby reducing their administrative effort and costs.

After obtaining and considering public comment, the EAC will prepare the format for final clearance. Comments are invited on (a) ways to enhance the quality, utility, and clarity of the information collected from respondents, including through the use of automated collection techniques or other forms of information technology; and (b) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Description: The EAC proposes to collect progress activity data for HAVA. EAC will use this data to ensure grantees are proceeding in a satisfactory manner in meeting the approved goals and purpose of the project.

The requirement for grantees to report on performance is OMB grants policy. Specific citations are contained in Code of Federal Regulations TITLE 2, PART 200—UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS.

Respondents: All EAC grantees and State governments.

ANNUAL BURDEN ESTIMATES

EAC grant	Instrument	Total number of respondents	Total number of responses per year	Average burden hours per response	Annual burden hours
251	EAC-PR	29	2	1	58
101	EAC-PR	12	2	1	24
