

instrument is intended to be used to study the creation of four artificial stars for the purpose of conducting Adaptive Optics scientific observations. Existing and upcoming next generation optical telescopes require highly reliable 589 nm high power lasers—to generate so-called Guide Star Lasers—for the implementation of adaptive optics facilities. The four Laser Launch Telescopes will be used to project these laser beacons to create a constellation of artificial laser guide stars on top of the telescope. The experiments to be conducted: The four Laser Launch Telescopes used as an accessory to the Adaptive Optics system GMAO (currently in development) will propagate a constellation of artificial guide stars to measure the incoming wavefront. The objectives pursued during the investigations will be used on selected nights for selected astronomical targets in hopes of attaining better scientific data.

Dated: July 27, 2023.

Carbazole Violet Pigment 23 From India: Initiation of Countervailing Duty New Shipper Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) has determined that a request for a new shipper review (NSR) of the countervailing duty (CVD) order on carbazole violet pigment 23 (CVP–23) from India meets the statutory and regulatory requirements for initiation. The period of review (POR) for this NSR is January 1, 2022, through December 31, 2022.

DATES: Applicable August 2, 2023.

FOR FURTHER INFORMATION CONTACT: Gene H. Calvert, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3586.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the CVD order on CVP–23 from India on December 29, 2004.¹ On January 20, 2023, pursuant to section 751(a)(2)(B)(i) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.214(c), Commerce received a timely NSR request from Sudarshan Chemical Industries Limited (Sudarshan Chemical).²

In its submission, Sudarshan Chemical certified that it is the producer and exporter of the subject merchandise subject to this NSR request.³ Pursuant to section 751(a)(2)(B)(I) of the Act and 19 CFR 351.214(b)(2)(i), Sudarshan Chemical certified that it did not export CVP–23 to the United States during the period of investigation (POI).⁴ Additionally, pursuant to section 751(a)(2)(B)(i)(II) of the Act and 19 CFR 351.214(b)(2)(iii)(A), Sudarshan Chemical certified that, since the initiation of the CVD investigation, it has not been affiliated with any producer or exporter that exported CVP–23 to the United States during the POI, including those not individually examined during the CVD investigation.⁵

In its submission, pursuant to 19 CFR 351.214(b)(2)(iv), Sudarshan Chemical certified that it would provide necessary information related to the unaffiliated customer in the United States during this NSR.⁶ Sudarshan Chemical also provided a certification by its unaffiliated customer of its willingness to participate in this NSR.⁷

In addition to the certifications described above, pursuant to 19 CFR 351.214(b)(2)(v), Sudarshan Chemical submitted documentation establishing the following: (1) the date on which the subject merchandise was first entered, or withdrawn from warehouse, for consumption; (2) the volume of its first shipment and any subsequent shipments, including whether such shipments were made in commercial quantities; and (3) the date of its first sale and any subsequent sales to an unaffiliated customer in the United States.⁸ Finally, pursuant to 19 CFR 351.214(b)(2)(vi), Sudarshan Chemical

submitted a certification that it informed the Government of India (GOI) that the GOI will be required to provide a full response to Commerce's questionnaire.

Commerce queried the database of U.S. Customs and Border Protection (CBP) to confirm whether the shipment reported by Sudarshan Chemical had entered the United States for consumption and that liquidation had been suspended as subject to the *Order*.⁹ The CBP Entry Data for which Commerce examined were consistent with the information submitted by Sudarshan Chemical in its NSR request. In particular, the CBP Entry Data confirmed the price and quantity reported by Sudarshan Chemical for the sale that forms the basis for its NSR request. Finally, Commerce's examination of the CBP Entry Data also leads it to conclude that this sale is a suspended/Type-3 entry.

Period of Review

In accordance with 19 CFR 351.214(g)(2), in a countervailing duty proceeding, the POR for an NSR will be the same period as that specified in 19 CFR 351.213(e)(2) for a CVD administrative review. Section 351.213(e)(2)(i) of Commerce's regulations provides that a CVD administrative review normally will cover entries or exports of subject merchandise during the most recently completed calendar year. Because Sudarshan Chemical's NSR Request was submitted on January 20, 2023, the POR for this NSR will be January 1, 2022, through December 31, 2022 (*i.e.*, the most recently completed calendar year prior to the date of Sudarshan Chemical's NSR Request).

Initiation of New Shipper Review

Pursuant to section 751(a)(2)(B) of the Act and 19 CFR 351.214(b), and based on the information on the record, Commerce finds that Sudarshan Chemical's NSR Request meets the threshold requirements for initiating an NSR of its shipments of CVP–23 from India to the United States.¹⁰ However, if the information submitted by Sudarshan Chemical is later found to be incorrect or insufficient during the course of this NSR, Commerce may rescind the review or apply adverse facts available, pursuant to section 776 of the Act, as

appropriate. Pursuant to 19 CFR 351.221(c)(1)(i), Commerce will publish the notice of initiation of an NSR no later than the last day of the month following the anniversary or semiannual anniversary month of the order. Commerce intends to issue the preliminary results of this NSR no later than 180 days from the date of initiation, and the final results of this review no later than 90 days after the date the preliminary results are issued.¹¹

We intend to conduct this NSR in accordance with section 751(a)(2)(B) of the Act.¹² Because Sudarshan Chemical certified that it exported subject merchandise, the sale of which is the basis for its NSR request, Commerce will instruct CBP to suspend, or continue to suspend, liquidation of all entries of subject merchandise produced/or exported by Sudarshan.

Interested parties requiring access to proprietary information in this NSR should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306.

This initiation notice is published in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

Dated: July 26, 2023.

James Maeder,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review and Join Annual Inquiry Service List

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Brenda E. Brown, Office of AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401

Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482-4735.

Background

Each year during the anniversary month of the publication of an antidumping or countervailing duty order, finding, or suspended investigation, an interested party, as defined in section 771(9) of the Tariff Act of 1930, as amended (the Act), may request, in accordance with 19 CFR 351.213, that the Department of Commerce (Commerce) conduct an administrative review of that antidumping or countervailing duty order, finding, or suspended investigation.

All deadlines for the submission of comments or actions by Commerce discussed below refer to the number of calendar days from the applicable starting date.

Respondent Selection

In the event Commerce limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, Commerce intends to select respondents based on U.S. Customs and Border Protection (CBP) data for U.S. imports during the period of review. We intend to release the CBP data under Administrative Protective Order (APO) to all parties having an APO within five days of publication of the initiation notice and to make our decision regarding respondent selection within 35 days of publication of the initiation **Federal Register** notice. Therefore, we encourage all parties interested in commenting on respondent selection to submit their APO applications on the date of publication of the initiation notice, or as soon thereafter as possible. Commerce invites comments regarding the CBP data and respondent selection within five days of placement of the CBP data on the record of the review.

In the event Commerce decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Act:

In general, Commerce finds that determinations concerning whether particular companies should be “collapsed” (*i.e.*, treated as a single entity for purposes of calculating antidumping duty rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct collapsing analyses at the respondent selection phase of a review and will not collapse companies at the

respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of this antidumping proceeding (*i.e.*, investigation, administrative review, new shipper review or changed circumstances review). For any company subject to a review, if Commerce determined, or continued to treat, that company as collapsed with others, Commerce will assume that such companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise, Commerce will not collapse companies for purposes of respondent selection. Parties are requested to: (a) identify which companies subject to review previously were collapsed; and (b) provide a citation to the proceeding in which they were collapsed. Further, if companies are requested to complete a Quantity and Value Questionnaire for purposes of respondent selection, in general each company must report volume and value data separately for itself. Parties should not include data for any other party, even if they believe they should be treated as a single entity with that other party. If a company was collapsed with another company or companies in the most recently completed segment of a proceeding where Commerce considered collapsing that entity, complete quantity and value data for that collapsed entity must be submitted.

Deadline for Withdrawal of Request for Administrative Review

Pursuant to 19 CFR 351.213(d)(1), a party that requests a review may withdraw that request within 90 days of the date of publication of the notice of initiation of the requested review. The regulation provides that Commerce may extend this time if it is reasonable to do so. Determinations by Commerce to extend the 90-day deadline will be made on a case-by-case basis.

Deadline for Particular Market Situation Allegation

Section 504 of the Trade Preferences Extension Act of 2015 amended the Act by adding the concept of particular market situation (PMS) for purposes of constructed value under section 773(e) of the Act.¹ Section 773(e) of the Act states that “if a particular market situation exists such that the cost of materials and fabrication or other processing of any kind does not accurately reflect the cost of production in the ordinary course of trade, the administering authority may use

¹ See Trade Preferences Extension Act of 2015, Public Law 114-27, 129 Stat. 362 (2015).

¹¹ See section 751(a)(2)(B)(iii) of the Act.

¹² The Act was amended by the Trade Facilitation Trade Enforcement Act of 2015, which removed from section 751(a)(2)(B) of the Act the provision directing Commerce to instruct CBP to allow an importer the option of posting a bond or security in lieu of a cash deposit during the pendency of an NSR. This was also codified in Commerce’s regulations at 19 CFR 351.214(e).
