Description

Human remains representing one individual were removed from Hudspeth County, TX. In August of 2007, following a rainstorm, the human remains were exposed on private land approximately 12 miles northeast of Sierra Blanca. Children who were playing in the area discovered the exposed skeletal remains and the Hudspeth County Sheriff’s Office was contacted. That office contacted the Texas Rangers, who initially assessed the scene and then contacted the FBI.

FBI El Paso Evidence Response Team (ERT) arrived on scene, took photographs, and collected the human remains and objects. The human remains and funerary objects were placed into the Evidence Control Room before being sent to Quantico, Virginia for analysis. The analysis determined the human remains to be “Ancient remains.” Based upon anthropological and archeological information, more likely than not, these human remains belong to an individual of Native American descent. The human remains and funerary objects have remained in the Evidence Control Room of the FBI Field Office in El Paso since being returned from Quantico, Virginia. The seven associated funerary objects are three pottery sherds and four stone tool fragments.

Aboriginal Land

The human remains and associated funerary objects in this notice were removed from known geographic locations. These locations are the aboriginal lands of one or more Indian Tribes. The following information was used to identify the aboriginal land: a final judgment of the Indian Claims Commission.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes, the FBI El Paso Field Office has determined that:

- The human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- The seven objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- No relationship of shared group identity can be reasonably traced between the human remains and associated funerary objects and any Indian Tribe.
- The human remains and associated funerary objects described in this notice were removed from the aboriginal land of the Apache Tribe of Oklahoma; Comanche Nation, Oklahoma; Mescalero Apache Tribe of the Mescalero Reservation, New Mexico; Tonkawa Tribe of Indians of Oklahoma; Wichita and Affiliated Tribes (Wichita, Keechi, Waco, & Tawakonie), Oklahoma; and the Ysleta del Sur Pueblo.
