The Department is soliciting comments on the proposed information collection request (ICR) that is described below. The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Income Driven Repayment Plan (IDR) Request for the William D. Ford Federal Direct Loans and Federal Family Education Loan Programs.

OMB Control Number: 1845–0102.

Type of Review: A revision of a currently approved ICR.

Respondents/Affected Public: Individuals and Households.

Total Estimated Number of Annual Responses: 9,500,000.

Total Estimated Number of Annual Burden Hours: 3,135,000.

Abstract: The Department of Education (Department) requested emergency processing for this revised information collection, 1845–0102; and therefore, is requesting the 60-day public comment period for the full ICR. The Department updated the IDR Request Form that is used by a borrower to enroll, recertify, or change their IDR plan to support the provisions identified for early implementation in the final rule published July 10, 2023, and the provisions in the FUTURE ACT related to borrower consent to use tax information for IDR participation. Specifically, the form has been updated to include a new section related to the borrower's consent to use tax information for this application and on an ongoing basis and to reflect the name change of the REPAYE Plan to the SAVE Plan. The form has also been updated to remove the need for spousal income

information in the situation where a borrower files taxes separately from their spouse. This removes the need to collect the signature of the spouse as the spouse's information is no longer necessary to participate in any IDR plan. Additional updates were made to improve readability and the borrower experience.

The Department received emergency clearance on June 28, 2023, since normal processing would not enable the Department to implement the required regulatory changes by July 30, 2023, that would have resulted in several months of delays in providing eligible borrowers financial relief and not meeting the requirements of the Master Calendar. Any delay in discharging loans for eligible borrowers would have increased the potential for public harm through delayed financial relief to borrowers who have been employed in public service, and the possibility of additional interest accrual and an increase in overall debt by affected borrowers being unable to receive the relief that is allowed to them under the new regulations, causing them further financial harm. This notice allows the public to comment on the full ICR under the 60-day comment period.

Dated: August 3, 2023.

Kun Mullan,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.
