

comments when (1) up to another year of identical or nearly identical activities as described in the Description of Proposed Activity section of this notice is planned, or (2) the activities as described in the Description of Proposed Activity section of this notice would not be completed by the time the IHA expires and a renewal would allow for completion of the activities beyond that described in the *Dates and Duration* section of this notice, provided all of the following conditions are met:

- A request for renewal is received no later than 60 days prior to the needed renewal IHA effective date (recognizing that the renewal IHA expiration date cannot extend beyond one year from expiration of the initial IHA).

- The request for renewal must include the following:

- (1) An explanation that the activities to be conducted under the requested renewal IHA are identical to the activities analyzed under the initial IHA, are a subset of the activities, or include changes so minor (*e.g.*, reduction in pile size) that the changes do not affect the previous analyses, mitigation and monitoring requirements, or take estimates (with the exception of reducing the type or amount of take).

- (2) A preliminary monitoring report showing the results of the required monitoring to date and an explanation showing that the monitoring results do not indicate impacts of a scale or nature not previously analyzed or authorized.

Upon review of the request for renewal, the status of the affected species or stocks, and any other pertinent information, NMFS determines that there are no more than minor changes in the activities, the mitigation and monitoring measures will remain the same and appropriate, and the findings in the initial IHA remain valid.

#### Notice of Availability of Final Management Plan and Final Environmental Assessment for Stellwagen Bank National Marine Sanctuary

**AGENCY:** Office of National Marine Sanctuaries (ONMS), National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

**ACTION:** Notice; notice of availability of a final management plan and final environmental assessment.

**SUMMARY:** On February 13, 2020, NOAA initiated a review of the Stellwagen Bank National Marine Sanctuary (SBNMS or the sanctuary) management plan to evaluate substantive progress toward implementing the goals of the sanctuary and to make revisions to the management plan as necessary to fulfill the purposes and policies of the NMSA. NOAA anticipated that management plan changes would require preparation of environmental analysis under the National Environmental Policy Act (NEPA), and initiated public scoping meetings to gather information and other comments from individuals, organizations, tribes, and government agencies on the scope, types, and significance of issues related to the SBNMS management plan and the proper scope of environmental analysis for the management plan review. NOAA is providing notice of availability of a final management plan and a final environmental assessment (EA) for SBNMS.

**DATES:** The final management plan and final environmental assessment are now available.

**ADDRESSES:** To obtain a copy of the final management plan, final environmental assessment, and finding of no significant impact (FONSI), contact the Management Plan Review Coordinator at Stellwagen Bank National Marine Sanctuary, Alice Stratton, 175 Edward Foster Road, Scituate, MA 02066, 203–882–6515, [sbnmsmanagementplan@noaa.gov](mailto:sbnmsmanagementplan@noaa.gov). Copies can also be downloaded from the Stellwagen Bank National Marine Sanctuary website at <https://stellwagen.noaa.gov/management/>.
