That notice inadvertently contained an incorrect rate for Jinko Solar Import and Export Co., Ltd. Further, Commerce is amending the final results to correct ministerial errors in the calculations for Risen Energy Co., Ltd.

SUPPLEMENTARY INFORMATION:

Correction

In the **Federal Register** of July 11, 2023, in FR Doc. 2023-14563, on page 44109, in the Producer/exporter and Subsidy rate (percent *ad valorem*) table, for Jinko Solar Import and Export Co., Ltd., correct the subsidy rate from 10.33 to 10.34.

Background

Commerce published the final results of this review on July 11, 2023.¹ On July 5, 2023, the American Alliance for Solar Manufacturing (the Alliance) and Risen Energy Co., Ltd. (Risen) each filed a

ministerial error comment.² No party filed a rebuttal comment. We are amending the *Final Results* to correct ministerial errors raised by the Alliance and Risen.

Legal Framework

A ministerial error, as defined in section 751(h) of the Tariff Act of 1930, as amended (the Act), includes “errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.”³ With respect to final results of administrative reviews, 19 CFR 351.224(e) provides that Commerce “will analyze any comments received and if appropriate, correct any ministerial error by amending . . . the final results of review”

Ministerial Error

Commerce determines that, in accordance with section 751(h) of the Act and 19 CFR 351.224(f), it made ministerial errors in the *Final Results*. Pursuant to 19 CFR 351.224(e), Commerce is amending the *Final Results* to reflect the corrections of these ministerial errors in the calculation of the countervailable subsidy rate for Risen from 14.27 percent to 18.95 percent.⁴ For a detailed discussion of Commerce's analysis, see the Ministerial Error Allegations Memorandum.⁵ As a result of these changes, the rate for the non-examined companies, which is the weighted average of Jinko and Risen's amended final rates using their publicly ranged sales values, changes from 12.61 percent to 15.33 percent.⁶

Amended Final Results of Review

As a result of correcting the ministerial errors described above, Commerce determines the following net countervailable subsidy rates for the POR, January 1, 2020, through December 31, 2020:

² See the Alliance's Letter, “Ministerial Error Allegations,” dated July 5, 2023, and Risen's Letter, “Ministerial Error Comments,” dated July 5, 2023.

⁴ See Ministerial Error Allegations Memorandum; see also Memorandum, “Amended Final Countervailable Subsidy Rate Calculation for Risen Energy Co., Ltd.,” dated concurrently with this notice (Risen Amended Final Calculation Memorandum).

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to the Pier 58 Reconstruction Project in Seattle, Washington

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of renewal incidental harassment authorization.

SUMMARY: In accordance with the regulations implementing the Marine Mammal Protection Act (MMPA), as amended, notification is hereby given that NMFS has issued a renewal incidental harassment authorization (IHA) to the City of Seattle, Washington (City) to incidentally harass marine mammals incidental to the Pier 58 Reconstruction Project.

DATES: This renewal IHA is effective from August 10, 2023 through July 31, 2024.

FOR FURTHER INFORMATION CONTACT: Robert Pauline, Office of Protected Resources, NMFS, (301) 427-8401.

SUPPLEMENTARY INFORMATION:

Background

The Marine Mammal Protection Act (MMPA) prohibits the “take” of marine mammals, with certain exceptions. Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, an incidental harassment authorization is issued.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for taking for subsistence uses (where relevant). Further, NMFS must prescribe the permissible methods of taking and
