

**ENVIRONMENTAL PROTECTION  
AGENCY****40 CFR Part 180**[EPA-HQ-OPP-2017-0128; FRL-10840-02-  
OCSPP]

RIN 2070-ZA16

**Pesticide Tolerances; Implementing  
Registration Review Decisions for  
Certain Pesticides; Aluminum tris (O-  
ethylphosphonate), Carbon disulfide,  
et al.; Technical Correction****AGENCY:** Environmental Protection  
Agency (EPA).**ACTION:** Final rule; technical correction.

**SUMMARY:** EPA issued a final rule in the **Federal Register** of July 19, 2023, finalizing several tolerance actions under the Federal Food, Drug, and Cosmetic Act (FFDCA) that the Agency determined were necessary or appropriate during the registration review conducted under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). That document inadvertently instructed the **Federal Register** to designate a tolerance for ginseng as time-limited, with an expiration date, but used an incorrect footnote number and neglected to include the expiration date. Elsewhere, an instruction to redesignate a paragraph was not clearly stated. This technical correction to the final rule will address these errors.

**DATES:** This final rule correction is effective August 21, 2023.

**ADDRESSES:** The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2017-0128, is available online at <https://www.regulations.gov> or in person at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC 20460-0001. Additional instructions for visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

**FOR FURTHER INFORMATION CONTACT:** Christina Scheltema, Pesticide Re-Evaluation Division (7508M), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 566-2272; email address: [scheltema.christina@epa.gov](mailto:scheltema.christina@epa.gov).

**SUPPLEMENTARY INFORMATION:****I. Does this action apply to me?**

The Agency included in the July 19, 2023, final rule a list of those who may be potentially affected by this action.

**II. What do these corrections do?**

EPA issued a final rule in the **Federal Register** of July 19, 2023 (88 FR 40677) (FRL-10840-01-OCSPP) that finalized several tolerance actions identified during the registration review of several pesticide chemicals. This technical correction addresses inadvertent typographical errors related to the redesignations of a paragraph and subparagraph in 40 CFR 180.414 (d) and the numbering of a footnote and omission of footnote text for a tolerance for Ginseng in 40 CFR 180.415. Specifically, the regulatory text published in the July 19, 2023 final rule inadvertently omitted the designation of paragraph (d)(1) in 40 CFR 180.414, and incorrectly numbered the footnote for the tolerance for Ginseng and omitted the footnote text in 40 CFR 180.415.

**III. Why are these corrections issued as a final rule?**

Section 553 of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)(3)(B)) provides that, when an agency for good cause finds that notice and public procedure are impracticable, unnecessary, or contrary to the public interest, the agency may issue a final rule without providing notice and an opportunity for public comment. EPA has determined that there is good cause for making these corrections final without prior proposal and opportunity for comment, because EPA inadvertently omitted instructions to the **Federal Register** to redesignate 40 CFR 180.414 paragraph (d) as paragraph (d)(1); and incorrectly instructed the **Federal Register** to add footnote number 1 to the tolerance for Ginseng in 40 CFR 180.415 rather than correctly numbering it as footnote number 2. The Agency neglected to provide the text for the body of the footnote. Because these are corrections of typographical errors in the regulatory text of a final tolerance rule and because the correct information was contained in the rule preamble, EPA finds that this constitutes good cause under 5 U.S.C. 553(b)(3)(B).

**IV. Do any of the statutory and executive order review apply to this action?**

No. For a detailed discussion concerning the statutory and executive order review refer to Unit V. of the July 19, 2023, final rule.

**V. Congressional Review Act**

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

**List of Subjects in 40 CFR part 180**

Environmental protection, Administrative practice and procedure, Agricultural commodities, Pesticides and pests, Reporting and recordkeeping requirements.

Dated: August 14, 2023.

**Edward Messina,***Director, Office of Pesticide Programs.*

Therefore, for the reasons stated in the preamble, 40 CFR part 180 is corrected by making the following correcting amendments:

**PART 180—TOLERANCES AND  
EXEMPTIONS FOR PESTICIDE  
CHEMICAL RESIDUES IN FOOD**

■ 1. The authority citation for part 180 continues to read as follows:

**Authority:** 21 U.S.C. 321(q), 346a and 371.

- 2. Amend § 180.414 by:
- a. Redesignating the text of paragraph (d) introductory text as paragraph (d)(1) introductory text;
  - b. Revising newly designated paragraph (d)(1) introductory text;
  - c. Adding a heading to the table in newly designated paragraph (d)(1); and
  - d. Adding paragraph (d)(2).

The revision and additions read as follows.

**§ 180.414 Cyromazine; tolerances for  
residues.**

\* \* \* \* \*

(d) \* \* \*

(1) Tolerances are established for indirect or inadvertent residues of the insecticide cyromazine, including its metabolites and degradates, in or on the commodities in table 1 to this paragraph (d)(1) when present therein as a result of the application of cyromazine to growing crops listed in paragraph (a)(1) of this section. Compliance with the tolerance levels specified in this paragraph (d)(1) is to be determined by measuring only cyromazine, N-cyclopropyl-1,3,5-triazine-2,4,6-triamine, in or on the commodity.

**Table 2 to Paragraph (d)(1)**

\* \* \* \* \*

(2) Tolerances are established for indirect or inadvertent residues of the

insecticide cyromazine, including its metabolites and degradates, in or on the commodities in the table 3 to this paragraph (d)(2) when present therein as a result of the application of poultry

manure-based fertilizer containing cyromazine to soil in which the crops identified in this section are grown. Compliance with the tolerance levels specified in this paragraph (d)(2) is to be

determined by measuring only cyromazine, *N*-cyclopropyl-1,3,5-triazine-2,4,6-triamine, in or on the commodity.

TABLE 3 TO PARAGRAPH (d)(2)

Commodity	Parts per million
Grain, cereal, forage, fodder and straw, group 16 .....	0.6
Grain, cereal, group 15 .....	0.6
Herbs and spices, group 19 .....	0.6
Oilseed, group 20 .....	0.6
Onion, bulb, subgroup 3–07A .....	0.6
Strawberry .....	0.6
Vegetable, foliage of legume, group 7 .....	0.6
Vegetable, fruiting, group 8–10 .....	0.6
Vegetable, leaves of root and tuber, group 2 .....	0.6
Vegetable, legume, group 6 .....	0.6
Vegetable, root and tuber, group 1 .....	0.6

■ 3. In § 180.415, amend table 1 to paragraph (a) by:

■ a. Removing the entry “Ginseng<sup>1</sup>” and adding in its place the entry “Ginseng<sup>2</sup>”; and

■ b. Redesignating the second footnote 1 as footnote 2.

The addition reads as follows:

**§ 180.415 Aluminum tris (O-ethylphosphonate); tolerances for residues.**

\* \* \* \* \*

TABLE 1 TO PARAGRAPH (a)

Commodity	Parts per million
Ginseng <sup>2</sup> .....	0.1

<sup>2</sup> This tolerance expires on January 19, 2024.

\* \* \* \* \*

BILLING CODE 6560–50–P

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 180

[EPA–HQ–OPP–2022–0235; FRL–10953–01–OCSPP]

### Pyraclostrobin; Pesticide Tolerances

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** This regulation establishes tolerances for residues of pyraclostrobin in or on stevia, dried leaves and stevia, fresh leaves and revises the tolerance for residues of pyraclostrobin in or on coffee, green bean. The Interregional Project Number 4 (IR–4) requested these tolerances under the Federal Food, Drug, and Cosmetic Act (FFDCA).

**DATES:** This regulation is effective August 21, 2023. Objections and requests for hearings must be received

on or before October 20, 2023, and must be filed in accordance with the instructions provided in 40 CFR part 178 (see also Unit I.C. of the SUPPLEMENTARY INFORMATION).

**ADDRESSES:** The docket for this action, identified by docket identification (ID) number EPA–HQ–OPP–2022–0235, is available at <https://www.regulations.gov> or in-person at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC 20460–0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room and the OPP Docket is (202) 566–1744. For the latest status information on EPA/DC services, docket access, please visit <https://www.epa.gov/dockets>.

**FOR FURTHER INFORMATION CONTACT:** Charles Smith, Director, Registration Division (7505T), Office of Pesticide Programs, Environmental Protection

Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001; main telephone number: (202) 566–1030; email address: [RDfRNotices@epa.gov](mailto:RDfRNotices@epa.gov).

### SUPPLEMENTARY INFORMATION:

#### I. General Information

##### A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).
