

assessment rate is *de minimis*.¹⁷ We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific *ad valorem* assessment rate calculated in the final results of this review is not zero or *de minimis*. Where Shanghai Yueda's *ad valorem* weighted-average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*,¹⁸ we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For the final results, if we continue to treat the two companies, identified above, as part of the China-wide entity, we will instruct CBP to apply an *ad valorem* assessment rate of 118.04 percent to all entries of subject merchandise during the POR which was exported by those companies.

For entries that were not reported in the U.S. sales data submitted by Shanghai Yueda, Commerce will instruct CBP to liquidate such entries at the rate for the China-wide entity.¹⁹ Additionally, if Commerce determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's cash deposit rate) will be liquidated at the rate for the China-wide entity.²⁰

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated antidumping duties, as applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) for Shanghai Yueda, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except that if the *ad valorem* rate is *de minimis*, then the

cash deposit rate will be zero); (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that have separate rates, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity; and (4) for all non-Chinese exporters of subject merchandise which have not received their own separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213, and 19 CFR 351.221(b)(4).

Dated: August 18, 2023.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Light-Walled Rectangular Pipe and Tube From the People's Republic of China: Final Results of the Antidumping Duty Administrative Review; 2021–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) continues to find that Hangzhou Ailong Metal Product Co., Ltd. (Ailong), the sole company subject to the administrative review of the antidumping duty order on light-walled rectangular pipe and tube from the People's Republic of China (China) covering the period of review (POR) August 1, 2021, through July 31, 2022, is not eligible for a separate rate and, thus, is part of the China-wide entity.

DATES: Applicable August 25, 2023.

FOR FURTHER INFORMATION CONTACT: Stephen Bailey, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0193.

SUPPLEMENTARY INFORMATION:

Background

On May 2, 2023, Commerce published the preliminary results for this administrative review.¹ We invited interested parties to comment on the *Preliminary Results*. No interested parties submitted comments. Accordingly, Commerce has made no changes to the *Preliminary Results*. Because Commerce received no comments on the *Preliminary Results*, we have not modified our analysis and no decision memorandum accompanies this **Federal Register** notice. We are adopting the *Preliminary Results* as the final results of this review. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order²

The merchandise subject to this *Order* is certain welded carbon quality light-

¹ See *Light-Walled Rectangular Pipe and Tube from the People's Republic of China: Preliminary Results of the Antidumping Duty Administrative Review; 2021–2022*, 88 FR 27444 (May 2, 2023) (*Preliminary Results*).

² See *Light-Walled Rectangular Pipe and Tube from Mexico, the People's Republic of China, and the Republic of Korea: Antidumping Duty Orders; Light-Walled Rectangular Pipe and Tube from the*

¹⁷ For calculated (estimated) *ad valorem* importer-specific assessment rates used in determining whether the per-unit assessment rate is *de minimis*, see Memorandum, "Preliminary Results Margin Calculation for Shanghai Yueda Nails Co., Ltd.," dated concurrently with this notice, and accompanying Margin Calculation Program Logs and Outputs.

¹⁸ See 19 CFR 351.106(c)(2).

¹⁹ See *NME Practice* for a full discussion.

²⁰ *Id.*

walled steel pipe and tube, of rectangular (including square) cross section, having a wall thickness of less than 4 mm. The term carbon-quality steel includes both carbon steel and alloy steel which contains only small amounts of alloying elements. Specifically, the term carbon-quality includes products in which none of the elements listed below exceeds the quantity by weight respectively indicated: 1.80 percent of manganese, or 2.25 percent of silicon, or 1.00 percent of copper, or 0.50 percent of aluminum, or 1.25 percent of chromium, or 0.30 percent of cobalt, or 0.40 percent of lead, or 1.25 percent of nickel, or 0.30 percent of tungsten, or 0.10 percent of molybdenum, or 0.10 percent of niobium, or 0.15 percent vanadium, or 0.15 percent of zirconium. The description of carbon-quality is intended to identify carbon-quality products within the scope. The welded carbon-quality rectangular pipe and tube subject to this *Order* is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7306.61.50.00 and 7306.61.70.60. While HTSUS subheadings are provided for convenience and CBP's customs purposes, our written description of the scope of the *Order* is dispositive.

Final Results of Administrative Review

As noted above, we received no comments on, and made no changes to, the *Preliminary Results*. We continue to find that the sole mandatory respondent, Ailong, is not eligible for a separate rate, and, thus, is part of the China-wide entity. In this administrative review, no party requested a review of the China-wide entity, and Commerce did not self-initiate a review of the China-wide entity. Because no review of the China-wide entity is being conducted, the China-wide entity rate is not subject to change as a result of this review. The rate previously established for the China-wide entity is 255.07 percent.³

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess,

Republic of Korea: Notice of Amended Final Determination of Sales at Less Than Fair Value, 73 FR 45403 (August 5, 2008) (*Order*).

³ See *Order*, 73 FR 45403; see also *Implementation of Determinations Under Section 129 of the Uruguay Round Agreements Act: Certain New Pneumatic Off-the-Road Tires; Circular Welded Carbon Quality Steel Pipe; Laminated Woven Sacks; and Light-Walled Rectangular Pipe and Tube from the People's Republic of China*, 77 FR 52683 (August 30, 2012).

antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. We intend to instruct CBP to apply an *ad valorem* assessment rate of 255.07 percent (*i.e.*, the China-wide entity rate), to all entries of subject merchandise during the POR which were exported by Ailong. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) for Ailong, that has not been found to be entitled to a separate rate, the cash deposit rate will be that for the China-wide entity; (2) for previously investigated or reviewed Chinese and non-Chinese exporters that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Chinese exporters of subject merchandise that have not been found eligible for a separate rate, the cash deposit rate will be that for the China-wide entity; and (4) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification of Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing the final results of this review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: August 21, 2023.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

Corrosion-Resistant Steel Products From Taiwan: Notice of Third Amended Final Determination of Sales at Less Than Fair Value Pursuant to Court Decision and Partial Exclusion From Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On June 23, 2023, the U.S. Court of International Trade (CIT) sustained the U.S. Department of Commerce's (Commerce) second remand redetermination concerning the antidumping duty investigation of certain corrosion-resistant steel products (CORE) from Taiwan, which: (1) reinstated the use of an adverse inference in the calculation of respondent Prosperity Tieh Enterprise Co., Ltd.'s (Prosperity) reporting of yield strength for CORE production, and (2) reversed Commerce's determination from the investigation to collapse mandatory respondent Prosperity with the other mandatory respondent, the Yieh Phui Enterprise Co., Ltd. (Yieh Phui) and Synn Industrial Co., Ltd. (Synn) single entity (collectively, Yieh Phui/Synn). Accordingly, Commerce is issuing a third amended final determination for the less-than-fair-value (LTFV) investigation of CORE
