SUPPLEMENTARY INFORMATION: The text of the Settlement Agreement and Order appear below.

Dated: August 23, 2023.

Alberta E. Mills,
Secretary.

United States of America

Consumer Product Safety Commission

In the Matter of: Whirlpool Corporation
CPCSC Docket No.: 23-C0003

Settlement Agreement

1. In accordance with the Consumer Product Safety Act, 15 U.S.C. 2051-2089 (“CPSA”), and 16 CFR 1118.20, Whirlpool Corporation (“Whirlpool” or the “Firm”), and the United States Consumer Product Safety Commission (“Commission”), through its staff, hereby enter into this Settlement Agreement (“Agreement”). The Agreement and the incorporated attached Order resolve staff’s charges set forth below.

The Parties

2. The Commission is an independent federal regulatory agency, established pursuant to, and responsible for, the enforcement of the CPSA, 15 U.S.C. 2051-2089. By executing the Agreement, staff is acting on behalf of the Commission, pursuant to 16 CFR 1118.20(b). The Commission issues the Order under the provisions of the CPSA.

3. Whirlpool is a corporation, organized and existing under the laws of the state of Delaware, with its principal place of business in Benton Harbor, Michigan.

Staff Charges

4. Between December 2016 and July 2019, Whirlpool manufactured and distributed in the United States approximately 20,000 units of various KitchenAid, Whirlpool, and JennAir electric radiant heat glass cooktops, model numbers KCES950HSS, KCES950HBL, KCES956HSS,

KCES956HBL, WCE97US0HS, WCE97US0HB, WCE97US6HS, WCE97US6HB, JEC4430HS, JEC4430HB, JEC4536HS, JEC4536HB, JEC4424HB, JED4430GB, JED4430GS, JED4536GB, and JED4536GS (“Subject Products”).

5. The Subject Products are “consumer products” that were “manufactured” and “distribut[ed] in commerce,” as those terms are defined or used in sections 3(a)(5), (7), and (10) of the CPSA, 15 U.S.C. 2052(a)(5), (8), and (10). Whirlpool is a “manufacturer” of the Subject Products, as such term is defined in section 3(a)(11) of the CPSA, 15 U.S.C. 2052(a)(11).

Violation of CPSA Section 19(a)(4)

6. The Subject Products contain a defect which could create a substantial product hazard or create an unreasonable risk of serious injury or death because one or more cooktop surface elements can turn on by themselves, posing a fire and burn hazard.

7. Beginning in November 2017 and continuing into 2019, Whirlpool received numerous reports from consumers that cooktop surface elements turned on by themselves.

8. Between 2007 and 2015, CPSC had publicly announced at least five recalls involving gas or electric cooktops manufactured by other firms reportedly turning on by themselves or not turning off, with each recall announcement warning that the defect presented a fire or burn hazard.

9. Despite possessing information that reasonably supported the conclusion that the Subject Products contained a defect that could create a substantial product hazard or created an unreasonable risk of serious injury or death, Whirlpool did not immediately report to the Commission.

10. By the time Whirlpool filed an initial report with the Commission under 15 U.S.C. 2064(b) concerning the Subject Products, the Firm had received at least 157 reports of Subject Products turning on by themselves, including 14 reports of property damage, four reports of objects igniting, and two reports of minor burns.

11. The Commission and Whirlpool jointly announced the recall of the Subject Products on August 28, 2019.

Failure to Timely Report

12. Despite having information reasonably supporting the conclusion that the Subject Products contained a defect or created an unreasonable risk of serious injury or death, Whirlpool did not notify the Commission immediately of such defect or risk, as required by section 15(b)(4) of the CPSA, 15 U.S.C.

2064(b)(4), in violation of section 19(a)(4) of the CPSA, 15 U.S.C. 2068(a)(4).

13. Because the information in Whirlpool's possession about the Subject Products constituted actual and presumed knowledge, Whirlpool knowingly violated section 19(a)(4) of the CPSA, 15 U.S.C. 2068(a)(4), as the term "knowingly" is defined in section 20(d) of the CPSA, 15 U.S.C. 2069(d).

14. Pursuant to section 20 of the CPSA, 15 U.S.C. 2069, Whirlpool is subject to civil penalties for its knowing violation of section 19(a)(4) of the CPSA, 15 U.S.C. 2068(a)(4).

Response of Whirlpool

15. This agreement does not constitute an admission by Whirlpool to the staff's charges as set forth in paragraphs 4 through 14 above, including without limitation that the Subject Products contained a defect that could create a substantial product hazard or created an unreasonable risk of serious injury or death; that Whirlpool failed to notify the Commission in a timely matter in accordance with section 15(b) of the CPSA, 15 U.S.C. 2064(b); and that Whirlpool knowingly violated section 19(a)(4) of the CPSA, 15 U.S.C. 2068(a)(4), as the term "knowingly" is defined in section 20(d) of the CPSA, 15 U.S.C. 2069(d).

16. Whirlpool enters into this Agreement to settle this matter and to avoid the cost, distraction, delay, uncertainty, and inconvenience of protracted litigation or other proceedings. Whirlpool does not admit that it violated the CPSA or any other law, and Whirlpool's willingness to enter into this Agreement and Order does not constitute, nor is it evidence of, an admission by Whirlpool of liability or violation of any law.

17. At all relevant times, Whirlpool has had a product safety compliance program, both to help ensure the safety of its products before they are marketed and to identify, monitor and evaluate potential product safety issues on an ongoing basis. Whirlpool maintains that upon identifying the reported issue, Whirlpool promptly notified CPSC and voluntarily recalled the Subject Products pursuant to CPSC's Fast Track recall program.

Agreement of the Parties

18. Under the CPSA, the Commission has jurisdiction over the matter involving the Subject Products and over Whirlpool.

19. The parties enter into the Agreement for settlement purposes only. The Agreement does not constitute an

admission by Whirlpool or a determination by the Commission that Whirlpool violated the CPSA.

20. In settlement of staff's charges, Whirlpool shall pay a civil penalty in the amount of eleven million, five hundred thousand dollars (\$11,500,000) ("Total Civil Penalty Amount"). The \$11,500,000 payment shall be paid within thirty (30) calendar days after receiving service of the Commission's final Order accepting the Agreement. All payments to be made under the Agreement shall constitute debts owing to the United States and shall be made by electronic wire transfer to the United States via <http://www.pay.gov>, for allocation to, and credit against, the payment obligations of Whirlpool under this Agreement. Failure to make such payment by the date specified in the Commission's final Order shall constitute Default.

21. The Commission or the United States may seek enforcement for any breach of, or any failure to comply with, any provision of this Agreement and Order in United States District Court, to seek relief including, but not limited to, collecting amounts due.

22. All unpaid amounts, if any, due and owing under the Agreement, shall constitute a debt due and immediately owing by Whirlpool to the United States, and interest shall accrue and be paid by Whirlpool at the federal legal rate of interest set forth at 28 U.S.C. 1961(a) and (b) from the date of Default, until all amounts due have been paid in full (hereinafter "Default Payment Amount" and "Default Interest Balance"). Whirlpool shall consent to a Consent Judgment in the amount of the Default Payment Amount and Default Interest Balance, and the United States, at its sole option, may collect the entire Default Payment Amount and Default Interest Balance, or exercise any other rights granted by law or in equity, including, but not limited to, referring such matters for private collection, and Whirlpool agrees not to contest, and hereby waives and discharges any defenses to, any collection action undertaken by the United States, or its agents or contractors, pursuant to this paragraph. Whirlpool shall pay the United States all reasonable costs of collection and enforcement under this paragraph, respectively, including reasonable attorney's fees and expenses.

23. After staff receives this Agreement executed on behalf of Whirlpool, staff shall promptly submit the Agreement to the Commission for provisional acceptance. Promptly following provisional acceptance of the Agreement by the Commission, the Agreement shall be placed on the public

record and published in the **Federal Register**, in accordance with the procedures set forth in 16 CFR 1118.20(e). If the Commission does not receive any written request not to accept the Agreement within fifteen (15) calendar days, the Agreement shall be deemed finally accepted on the 16th calendar day after the date the Agreement is published in the **Federal Register**, in accordance with 16 CFR 1118.20(f).

24. This Agreement is conditioned upon, and subject to, the Commission's final acceptance, as set forth above, and it is subject to the provisions of 16 CFR 1118.20(h). Upon the later of: (i) Commission's final acceptance of this Agreement and service of the accepted Agreement upon Whirlpool, and (ii) the date of issuance of the final Order, this Agreement shall be in full force and effect, and shall be binding upon the parties.

25. Effective upon the later of: (1) the Commission's final acceptance of the Agreement and service of the accepted Agreement upon Whirlpool and (2) the date of issuance of the final Order, for good and valuable consideration, Whirlpool hereby expressly and irrevocably waives and agrees not to assert any past, present, or future rights to the following, in connection with the matter described in this Agreement:

- (i) an administrative or judicial hearing;
- (ii) judicial review or other challenge or contest of the Commission's actions;
- (iii) a determination by the Commission of whether Whirlpool failed to comply with the CPSA and the underlying regulations;
- (iv) a statement of findings of fact and conclusions of law; and
- (v) any claims under the Equal Access to Justice Act.

26. Whirlpool shall maintain its compliance program ("Compliance Program") designed to ensure compliance with the CPSA ("applicable law") with respect to any consumer product imported, manufactured, distributed or sold by Whirlpool, which shall contain the following elements:

(i) written standards, policies, and procedures, including those designed to ensure that information that may relate to or impact CPSA compliance are conveyed effectively to personnel responsible for CPSA compliance, whether or not an injury has been reported;

(ii) procedures and systems for tracking and reviewing claims, including warranty claims, and reports for safety concerns and for implementing corrective and preventive

actions when compliance deficiencies or violations are identified;

(iii) procedures requiring that information required to be disclosed by Whirlpool to the Commission is recorded, processed, and reported in accordance with applicable law;

(iv) procedures requiring that all reporting made to the Commission is timely, truthful, complete, accurate, and in accordance with applicable law;

(v) procedures requiring that prompt disclosure is made to Whirlpool's management of any significant deficiencies or material weaknesses in the design or operation of such internal controls that are reasonably likely to affect adversely, in any material respect, Whirlpool's ability to record, process and report to the Commission in accordance with applicable law;

(vi) mechanisms to effectively communicate to all applicable Whirlpool employees, through training programs or other means, compliance-related company policies and procedures to prevent violations of the CPSA;

(vii) a mechanism for confidential employee reporting of compliance-related questions or concerns to either a compliance officer or to another senior manager with authority to act as necessary;

(viii) Whirlpool's senior management responsibility for, and general board oversight of, CPSA compliance, including enhancements to the Firm's compliance program to ensure that incident and injury data are reviewed and analyzed for purposes of CPSA Section 15(b) reporting;

(ix) for at least three (3) years, an annual internal audit of the effectiveness of policies, procedures, systems, and training related to CPSA compliance that evaluates opportunities for improvement, deficiencies or weaknesses, and the Firm's overall culture of compliance; and

(x) retention of all CPSA compliance-related records for at least five (5) years, and availability of such records to CPSC staff upon request.

27. Whirlpool shall submit a report under CPSA Section 16(b), sworn to under penalty of perjury:

(i) describing in detail its compliance program and internal controls and the actions Whirlpool has taken to comply with each subparagraph of paragraph 26;

(ii) affirming that during the reporting period, Whirlpool has reviewed its compliance program and internal controls, including the actions referenced in subparagraph (i) of this paragraph, for effectiveness, and that it complies with each subparagraph of

paragraph 26, or describing in detail any non-compliance with any such subparagraph; and

(iii) identifying the results of the annual internal audit referenced in paragraph 26(ix) and any changes or modifications made during the reporting period to Whirlpool's compliance program or internal controls to ensure compliance with the terms of the CPSA and, in particular, the requirements of CPSA Section 15 related to timely reporting.

Such reports shall be submitted annually to the Director, Office of Compliance, Division of Enforcement and Litigation, for a period of three (3) years. The first report shall be submitted 30 days after the close of the first 12-month reporting period, which begins on the date of the Commission's Final Order of Acceptance of the Agreement, and successive reports shall be due annually on the same date thereafter. Whirlpool is aware of the Commission's position that failure to make such timely and accurate reports as required by this Agreement and Order may, without limitation, constitute a violation of Section 19(a)(3) of the CPSA and may subject the Firm to enforcement under Section 22 of the CPSA.

28. Notwithstanding and in addition to the above, upon request of staff, Whirlpool shall promptly provide written documentation of any changes or modifications to its compliance program or internal controls and procedures, including the effective dates of the changes or modifications thereto. Whirlpool shall cooperate fully and truthfully with staff and shall make available all non-privileged information and materials and personnel deemed necessary by staff to evaluate Whirlpool's compliance with the terms of the Agreement.

29. The parties acknowledge and agree that the Commission may publicize the terms of the Agreement and the Order.

30. Whirlpool represents that the Agreement:

(i) is entered into freely and voluntarily, without any degree of duress or compulsion whatsoever;

(ii) has been duly authorized; and

(iii) constitutes the valid and binding obligation of Whirlpool, enforceable against Whirlpool in accordance with its terms. The individuals signing the Agreement on behalf of Whirlpool represent and warrant that they are duly authorized by Whirlpool to execute the Agreement.

31. The signatories represent that they are authorized to execute this Agreement.

32. The Agreement is governed by the laws of the United States.

33. The Agreement and the Order shall apply to, and be binding upon, Whirlpool and each of its parents, successors, transferees, and assigns; and a violation of the Agreement or Order may subject Whirlpool, and each of its parents, successors, transferees, and assigns, to appropriate legal action.

34. The Agreement, any attachments, and the Order constitute the complete agreement between the parties on the subject matter contained therein.

35. The Agreement may be used in interpreting the Order. Understandings, agreements, representations, or interpretations apart from those contained in the Agreement and the Order may not be used to vary or contradict their terms. For purposes of construction, the Agreement shall be deemed to have been drafted by both of the parties and shall not, therefore, be construed against any party, for that reason, in any subsequent dispute.

36. The Agreement may not be waived, amended, modified, or otherwise altered, except as in accordance with the provisions of 16 CFR 1118.20(h). The Agreement may be executed in counterparts.

37. If any provision of the Agreement or the Order is held to be illegal, invalid, or unenforceable under present or future laws effective during the terms of the Agreement and the Order, such provision shall be fully severable. The balance of the Agreement and the Order shall remain in full force and effect, unless the Commission and Whirlpool agree in writing that severing the provision materially affects the purpose of the Agreement and the Order.

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Standard for the Flammability of Mattresses and Mattress Pads and Standard for the Flammability (Open Flame) of Mattress Sets

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995, the Consumer Product Safety Commission (CPSC or Commission) announces that the Commission has submitted to the Office of Management and Budget (OMB) a request for extension of approval for information collection requirements set forth in the Standard for the Flammability of Mattresses and Mattress Pads, and the Standard for the Flammability (Open Flame) of Mattress Sets, approved previously under OMB control number 3041–0014. On June 20, 2023, CPSC published a notice in the **Federal Register** to announce the agency’s intention to seek extension of approval of the collection of information. The Commission has received no comments. Therefore, by publication of this notice, the Commission announces that CPSC has submitted to the OMB a request for

extension of approval of that collection of information, without change.

DATES: Submit written or electronic comments not later than September 27, 2023.

ADDRESSES: Submit comments about this request by email: OIRA_submission@omb.eop.gov or fax: 202–395–6881. Comments by mail should be sent to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the CPSC, Office of Management and Budget, Room 10235, 725 17th Street NW, Washington, DC 20503. Comments by mail should be sent to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the CPSC, Office of Management and Budget, Room 10235, 725 17th Street NW, Washington, DC 20503. Written comments that are sent to OMB also should be submitted electronically at: <http://www.regulations.gov>, under Docket No. CPSC–2010–0055.

SUPPLEMENTARY INFORMATION:**A. Background**

In 1972, the Commission promulgated under section 4 of the Flammable Fabrics Act (FFA), 15 U.S.C. 1193, the Standard for the Flammability of Mattresses and Mattress Pads, 16 CFR part 1632 (part 1632), to reduce the unreasonable risk of burn injuries and deaths from fires associated with mattresses and mattress pads. 49 FR 19796. Part 1632 prescribes requirements to test whether a mattress or mattress pad will resist ignition from a smoldering cigarette. Part 1632 also requires manufacturers to perform successfully prototype tests of each combination of materials and construction methods used to produce their mattresses or mattress pads. Manufacturers and importers must maintain the records and test results specified under the standard for three years.

Also, to reduce deaths and injuries related to mattress fires, particularly those ignited by open-flame sources, such as lighters, candles, and matches, the Commission promulgated the Standard for the Flammability (Open Flame) of Mattress Sets, 16 CFR part 1633 (part 1633), under section 4 of the FFA. Part 1633 requires manufacturers to maintain certain records to document compliance with the standard, including maintaining records

concerning prototype testing, pooling, and confirmation testing, and quality assurance procedures and any associated testing. The required records must be maintained for as long as mattress sets based on the prototype are in production and be retained for three years thereafter.

OMB previously approved the collection of information for parts 1632 and 1633 under control number 3041–0014, with an expiration date of August 31, 2023. On June 20, 2023, the Commission published a notice in the **Federal Register** (88 FR 39832), to announce the agency’s intention to seek extension of approval of the collection of information for control number 3041–0014. The Commission has received no comments. Therefore, by publication of this notice, the Commission announces that CPSC has submitted to the OMB a request for extension of approval of that collection of information, without change.

B. Burden Hours

Part 1632: Commission staff estimates 403 respondents produce mattresses, and that each respondent will spend 26 hours for testing and record keeping annually, for a total of 10,478 hours (403 establishments × 26 hours = 10,478). The hourly compensation for the time required for record keeping is \$72.68 (for management, professional, and related occupations in goods-producing industries, Bureau of Labor Statistics, March 2023). Staff’s estimated annualized cost to respondents is approximately \$761,541 (10,478 hours × \$72.68 per hour).

Part 1633: Part 1633 requires detailed documentation of prototype identification and testing records, model and prototype specifications, inputs used, name and location of suppliers, and confirmation of test records, if establishments choose to pool a prototype. This documentation is in addition to documentation already conducted by mattress manufacturers to meet part 1632. Staff again estimates that there are 403 respondents.

Using these estimates, including records of reported burden hours since 2017, Commission staff estimates the recordkeeping requirements to require about 4 hours and 44 minutes per establishment, per qualified prototype. Most mattress manufacturers base their complying production on 15 to 20 prototypes, although some larger manufacturers reportedly are producing mattresses based on more than 100 prototypes. Assuming that establishments qualify their production with an average of 20 different qualified prototypes, recordkeeping time is about
