

functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: The purpose of this information collection request is to assist the EPA in selecting federal advisory committee members who will be appointed as Special Government Employees (SGEs), mostly to the EPA's scientific and technical committees. To select SGE members as efficiently and cost effectively as possible, the Agency needs to evaluate potential conflicts of interest before a candidate is hired as an SGE and appointed as a member to a committee.

Agency officials developed the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency," also referred to as Form 3110-48, for greater inclusion of information to discover any potential conflicts of interest as recommended by the Government Accountability Office.

Form Number: EPA Form 3110-48.

Respondents/affected entities: Entities potentially affected by this action are approximately 250 candidates for membership as SGEs on EPA federal advisory committees. SGEs are required to file a confidential financial disclosure report (Form 3110-48) when first appointed to serve on EPA advisory committees, and then annually thereafter. Committee members may also be required to update the confidential form before each meeting while they serve as SGEs.

Respondent's obligation to respond: Required in order to serve as an SGE on a federal advisory committee at EPA (5 CFR 2634.903).

Estimated number of respondents: 250 (total).

Frequency of response: When first appointed to serve on an EPA advisory committee and annually thereafter. Committee members may also be required to update the confidential form before each meeting while they serve as SGEs.

Total estimated burden: 250 hours per year (1 hour per respondent). Burden is defined at 5 CFR 1320.03(b)

Total estimated cost: \$22,000 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in Estimates: We anticipate an increase in the total estimated respondent burden compared with the ICR currently approved by OMB. The estimated number of respondents needs to be revised to consider several committees and subcommittees with SGEs that were established since the ICR was last renewed, as well as SGEs who serve as consultants to the committees on an ad-hoc basis.
