Summary: On August 11, 2023, the EPA published the Used Drum Management and Reconditioning Advance Notice of Proposed Rulemaking to solicit information and request comments to assist in the potential development of non-regulatory and regulatory options that would ensure the proper management of used industrial containers that held hazardous chemicals or hazardous waste, up to and including the drum reconditioning process. Options could include revising the Resource Conservation and Recovery Act (RCRA) regulations or other, non-regulatory options. This ANPRM does not propose any regulatory requirements or change any existing regulatory requirements.

The ANPRM’s comment period was scheduled to end on September 25, 2023. Since publication, EPA has received several requests to extend that comment period to allow for additional time to develop comments on the ANPRM. After considering the requests for additional time, the EPA has decided to extend the comment period through November 22, 2023.

Dated: August 23, 2023.

Medicare Program: Hospital Outpatient Prospective Payment System: Remedy for the 340B-Acquired Drug Payment Policy for Calendar Years 2018-2022; Extension of Comment Period

AGENCY: Centers for Medicare & Medicaid Services (CMS), Department of Health and Human Services (HHS).

ACTION: Proposed rule; extension of comment period.

SUMMARY: This document extends the comment period for the proposed rule titled “Medicare Program; Hospital Outpatient Prospective Payment System: Remedy for the 340B-Acquired Drug Payment Policy for Calendar Years 2018-2022” that was published in the July 11, 2023 **Federal Register**. The comment period for the proposed rule, which would otherwise end on September 5, 2023, is extended until September 11, 2023.

DATES: The comment period for the proposed rule published at 88 FR 44078 on July 11, 2023, is extended to 5 p.m., Eastern Daylight Time, on September 11, 2023.

ADDRESSES: You may submit comments as outlined in the July 11, 2023, proposed rule (88 FR 44078). Please choose only one method listed.

FOR FURTHER INFORMATION CONTACT: Cory Duke, (410) 786-0631 or Cory.Duke@cms.hhs.gov.

SUPPLEMENTARY INFORMATION:

Inspection of Public Comments: All comments received before the close of the comment period are available for viewing by the public, including any personally identifiable or confidential business information that is included in a comment. We post all comments received before the close of the comment period on the following website as soon as possible after they have been received: <https://www.regulations.gov>. Follow the search instructions on that website to view public comments. CMS will not post on [Regulations.gov](https://www.regulations.gov) public comments that make threats to individuals or institutions or suggest that the individual will take actions to harm the individual. CMS continues to encourage individuals not to submit duplicative comments. We will post acceptable comments from multiple unique commenters even if the content is identical or nearly identical to other comments.

In the July 11, 2023 **Federal Register** (88 FR 44078), we published a proposed rule titled “Medicare Program; Hospital Outpatient Prospective Payment System: Remedy for the 340B-Acquired Drug Payment Policy for Calendar Years 2018-2022.” The proposed rule announced a comment period ending on September 11, 2023.

Subsequently, a correction was published in the July 14, 2023 **Federal Register** (88 FR 45126), which changed the comment period end date from “September 11, 2023” to “September 5, 2023”. This change was made because September 5, 2023, was the correct comment period end date based on the comment period ending 60 days after the initial display date (July 7, 2023) of the proposed rule.

However, we subsequently became aware of public confusion over the end date of the comment period. In order to eliminate this confusion and maximize the opportunity for the public to provide meaningful input to CMS, we believe it is important to allow additional time for the public to prepare comments on the July 2023 proposed rule. Therefore, we are extending the comment period for the proposed rule by 6 days. This document announces the extension of the public comment period for the proposed rule, which will now end at 5 p.m., Eastern Daylight Time, on September 11, 2023.

The Administrator of the Centers for Medicare & Medicaid Services (CMS), Chiquita Brooks-LaSure, having reviewed and approved this document, authorizes Vanessa Garcia, who is the Federal Register Liaison, to electronically sign this document for
