In addition, we are rescinding the administrative review with respect to one company. We invite interested parties to comment on these preliminary results.

SUPPLEMENTARY INFORMATION:

Background

On August 1, 2018, Commerce published in the *Federal Register* the antidumping duty order on ripe olives (olives) from Spain.¹ On August 2, 2022, we published in the *Federal Register* a notice of opportunity to request an administrative review of the *Order*.² On October 11, 2022, based on timely requests for an administrative review, Commerce initiated the administrative review of seven companies.³ On November 10, 2022, Commerce selected Agro Sevilla Aceitunas, S. Coop. And. (Agro Sevilla) and Angel Camacho Alimentacion, S.L. (Camacho) as the mandatory respondents in this administrative review.⁴

On April 11, 2023, Commerce extended the time limit for issuing the preliminary results of this review by 120 days, to no later than August 31, 2023.⁵ For a complete description of the events between the initiation of this review and these preliminary results, see the Preliminary Decision Memorandum.⁶

A list of the topics discussed in the Preliminary Decision Memorandum is attached as the appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum is available at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order

The products covered by this *Order* are olives from Spain. For a full description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act). Export price and constructed export price are calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum.

Partial Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested a review withdraws its request within 90 days of the date of publication of the notice of initiation. The request for an administrative review of Plasoliva, S.L. (Plasoliva) was withdrawn within 90 days of the date of publication of the *Initiation Notice*.⁷ No other party requested an administrative review of Plasoliva. As a result, Commerce is rescinding this review with respect to

this company, in accordance with 19 CFR 351.213(d)(1).

Rate for Non-Selected Companies

The statute and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy

investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted-average of the estimated weighted-average dumping margins established for exporters and producers individually investigated excluding any zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available.” In this review, we preliminarily calculated dumping

margins for the two mandatory respondents, Agro Sevilla and Camacho, of 2.42 and 2.35 percent, respectively, and have assigned to the non-selected companies a rate of 2.39 percent, which is the weighted average dumping margins of Agro Sevilla and Camacho weighted by their publicly ranged U.S. sales values.⁸

Preliminary Results of Review

We preliminarily determine that the following estimated weighted-average dumping margins exist for the period August 1, 2021, through July 31, 2022:

Producer/exporter	Weighted-average dumping margin (percent)
Agro Sevilla Aceitunas, S. Coop. And	2.42
Angel Camacho Alimentacion, S.L	2.35
Aceitunas Guadalquivir, S.L.U	2.39
Aceitunera del Norte de Cáceres, S.Coop.Ltda. de 2 Grado	2.39
Alimentary Group DCOOP, S.Coop.And	2.39
Internacional Olivarera, S.A	2.39

Disclosure

We intend to disclose the calculations performed in connection with these preliminary results to interested parties within five days after public announcement of the preliminary results.⁹

Public Comment

Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs to the Assistant Secretary for Enforcement and Compliance no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than seven days after the date for filing case briefs.¹⁰ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹¹ Case and rebuttal briefs should be filed using ACCESS and must be served on interested parties.¹² Note that Commerce has temporarily modified

certain of its requirements for serving documents containing business proprietary information, until further notice.¹³

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS. Requests should contain: (1) the party’s name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. An electronically filed hearing request must be received successfully in its entirety by Commerce’s electronic records system, ACCESS, by 5:00 p.m. Eastern Time within 30 days after the date of publication of this notice. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Assessment Rates

Upon completion of the final results, Commerce shall determine, and the U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.¹⁴ If a respondent’s weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.5 percent) in the final results of this review, we intend to calculate an importer-specific assessment rate based on the ratio of the total amount of dumping calculated for each importer’s examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).¹⁵ If the respondent’s weighted-average dumping margin or an importer-specific assessment rate is zero or *de minimis* in the final results of this review, we intend to instruct CBP not to assess duties on any of its entries in accordance with the *Final Modification for Reviews*.¹⁶ The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this

⁸ With two respondents under examination, Commerce normally calculates (A) a weighted-average of the dumping margins calculated for the examined respondents; (B) a simple average of the dumping margins calculated for the examined respondents; and (C) a weighted-average of the dumping margins calculated for the examined respondent using each company’s publicly-ranged U.S. sales quantities for the merchandise under consideration. Commerce then compares (B) and (C) to (A) and selects the rate closest to (A) as the most appropriate rate for all other producers and exporters. *See, e.g., Ball Bearings and Parts thereof*

¹⁵ In these preliminary results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification*, 77 FR 8101 (February 14, 2012) (*Final Modification for Reviews*).

review and for future deposits of estimated duties, where applicable.¹⁷

For entries of subject merchandise during the POR produced by either of the individually examined respondents for which they did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate these entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹⁸

For the companies identified above that were not selected for individual examination, we will instruct CBP to liquidate entries at the rates established after the completion of the final results of review.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements for estimated antidumping duties will be effective upon publication in the **Federal Register** of the notice of final results of this review for all shipments of olives from Spain entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for companies subject to this review will be equal to the weighted-average dumping margins established in the final results of the review; (2) for merchandise exported by companies not covered in this review but covered in a prior segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation but the producer is, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to

be 19.98 percent,¹⁹ the all-others rate established in the LTFV investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of Review

Unless extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, no later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of countervailing duties.

Notification to Interested Parties

These preliminary results and notice are issued and published in accordance with sections 751(a)(1) and 777(i) of the Act, 19 CFR 351.213(d)(4), 19 CFR 351.213(h) and 19 CFR 351.221(b)(4).

Dated: August 31, 2023.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.
