BILLING CODE 4510-FN-P

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Information Collection Activities; Comment Request

AGENCY: Bureau of Labor Statistics, Department of Labor.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the “The Consumer Expenditure Surveys: The Quarterly Interview and the Diary.” A copy of the proposed information collection request can be obtained by contacting the individual listed below in the Addresses section of this notice.

DATES: Written comments must be submitted to the office listed in the Addresses section of this notice on or before November 17, 2023.

ADDRESSES: Send comments to Nora Kincaid, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room G225, 2 Massachusetts Avenue NE, Washington, DC 20212. Written comments also may be transmitted by email to BLS_PRA_Public@bls.gov.

FOR FURTHER INFORMATION CONTACT: Nora Kincaid, BLS Clearance Officer, at 202-691-7628 (this is not a toll-free number). (See **ADDRESSES** section.)

SUPPLEMENTARY INFORMATION:

I. Background

The Consumer Expenditure (CE) Surveys collect data on consumer expenditures, demographic information, and related data needed by the Consumer Price Index (CPI) and other public and private data users. The continuing surveys provide a constant measurement of changes in consumer expenditure patterns for economic analysis and to obtain data for future CPI revisions. The CE Surveys have been ongoing since 1979.

The data from the CE Surveys are used (1) for CPI revisions, (2) to provide a continuous flow of data on income and expenditure patterns for use in economic analysis and policy formulation, and (3) to provide a flexible consumer survey vehicle that is available for use by other Federal Government agencies. Public and private users of price statistics, including Congress and the economic policymaking agencies of the Executive branch, rely on data collected in the CPI in their day-to-day activities. Hence, data users and policymakers widely accept the need to improve the process used for revising the CPI. If the CE Surveys were not conducted on a continuing basis, current information necessary for more timely, as well as more accurate, updating of the CPI would not be available. In addition, data would not be available to respond to the continuing demand from the public and private sectors for current information on consumer spending.

In the Quarterly Interview Survey, each consumer unit (CU) in the sample is interviewed every three months over four calendar quarters. The sample for each quarter is divided into three panels, with CUs being interviewed every three months in the same panel of every quarter. The Quarterly Interview Survey is designed to collect data on the types of expenditures that respondents can be expected to recall for a period of three months or longer. In general the expenses reported in the Interview Survey are either relatively large, such as property, automobiles, or major appliances, or are expenses which occur on a fairly regular basis, such as rent, utility bills, or insurance premiums.

The Diary (or recordkeeping) Survey is completed at home by the respondent family for two consecutive one-week periods. The primary objective of the Diary Survey is to obtain expenditure data on small, frequently purchased items which normally are difficult to recall over longer periods of time.

II. Current Action

Office of Management and Budget clearance is being sought to continue the Consumer Expenditure Surveys: The Quarterly Interview (CEQ) and the Diary (CED) and to make modifications to both.

In the CEQ, as part of CE’s ongoing effort to streamline the questionnaire, CE requests clearance to make the following modifications to the Computer Assisted Personal Interview (CAPI) instrument: rewording items to make collection easier cognitively, grouping similar items together, aggregating collection of items previously collected separately, and eliminating several questions. Specifically, the changes will include the following:

A new ‘Household Services’ section groups question on the items that were asked across the interview survey including termite/pest control, gardening/lawn care, water softening, septic tank cleaning, housekeeping, home security system fees, moving/storage/freight, heating or air conditioning contracts, home warranties/maintenance/service contracts on household appliances, and other home services or repair jobs.

For the ‘Owned Properties’ section, the list of items included in payments was simplified, and questions regarding why a payment amount changed were added, including related questions for additional principal/interest, and late/other fees. For the ‘Utilities’ section, the list of phone/cable/internet expenses was consolidated, and questions about breaking out cable/internet fees from a bundled bill are no longer asked. The ‘Medical expenditures’ section was also consolidated, reworded, and reordered.

The CE also requests clearance for minor changes to both the CED CAPI Instrument and the Diary form. Changes to the CAPI instrument include consolidating the grocery questions to one question and adding a question to give respondents the option of reporting online or by paper diary. Changes to the Diary form include adding instructions to include delivery fees for ‘Meals Away from Home’ in addition to tax and tip. We also request approval for adding help videos for respondents who choose to use the online diary to report their diary expenditures.

III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the

functions of the agency, including whether the information will have practical utility.

- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,

e.g., permitting electronic submissions of responses.

Title of Collection: The Consumer Expenditure Surveys: The Quarterly Interview and the Diary.

OMB Number: 1220–0050.

Type of Review: Revision.

Affected Public: Individuals or Households.

Form	Total respondents	Frequency	Total responses	Average time per response	Estimated total burden
CEQ—Interview	4,600	4	18,400	63	19,320
CEQ—Reinterview	2,208	1	2,208	10	368
CED—Diary Record-keeping	6,200	2	12,400	60	12,400
CED—Diary Interview	6,200	2	12,400	19	3,927
CED Diary Reinterview	1,240	1	1,240	10	207
Totals	10,800	46,648	36,222

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they also will become a matter of public record.

Signed at Washington, DC, on this 12th day of September 2023.

Eric Molina,
Acting Chief, Division of Management Systems.

BILLING CODE 4510–24–P

DEPARTMENT OF LABOR

Mine Safety and Health Administration
[OMB Control No. 1219–0009]

Proposed Extension of Information Collection; Training Plans and Records of Training, for Underground Miners and Miners Working at Surface Mines and Surface Areas of Underground Mines

AGENCY: Mine Safety and Health Administration, Labor.

ACTION: Request for public comments.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be

properly assessed. The Mine Safety and Health Administration (MSHA) is soliciting comments on the information collection regarding Training Plans and Records of Training, for Underground Miners and Miners Working at Surface Mines and Surface Areas of Underground Mines.

DATES: All comments must be received on or before November 17, 2023.

ADDRESSES: Comments concerning the information collection requirements of this notice may be sent by any of the methods listed below. Please note that late, untimely filed comments will not be considered.

- *Federal E-Rulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments for docket number MSHA–2023–0045.

- *Mail/Hand Delivery:* DOL–MSHA, Office of Standards, Regulations, and Variances, 201 12th Street South, Suite 4E401, Arlington, VA 22202–5452. Before visiting MSHA in person, call 202–693–9455 to make an appointment, in keeping with the Department of Labor’s COVID–19 policy. Special health precautions may be required.

- MSHA will post all comments as well as any attachments, except for information submitted and marked as confidential, in the docket at <https://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: S. Aromie Noe, Director, Office of Standards, Regulations, and Variances, MSHA, at MSHA.information_collections@dol.gov (email); (202) 693–9440 (voice); or (202) 693–9441 (facsimile). These are not toll-free numbers.

SUPPLEMENTARY INFORMATION:

I. Background

Section 103(h) of the Federal Mine Safety and Health Act of 1977 (Mine Act), Public Law 95–164 as amended, 30 U.S.C. 813(h), authorizes MSHA to collect information necessary to carry out its duty in protecting the safety and health of miners. Further, section 101(a) of the Mine Act, 30 U.S.C. 811(a), authorizes the Secretary of Labor (Secretary) to develop, promulgate, and revise as may be appropriate, improved mandatory health or safety standards for the protection of life and prevention of injuries in coal and metal and nonmetal mines.

The Mine Act recognizes that education and training is an important element of efforts to make the nation’s mines safe. Section 115(a) of the Mine Act, 30 U.S.C. 825(a), states that “each operator of a coal and other mine shall have a health and safety training program which shall be approved by the Secretary.” These standards are intended to ensure that miners will be effectively trained in matters affecting their health and safety, with the ultimate goal of reducing the occurrence of injury and illness in the nation’s mines.

A. Training Plan Approvals and Revisions

30 CFR 48.3 and 48.23 require training plans, respectively, for miners at underground mines, and for miners at surface mines and surface areas of underground mines. Specifically, 30 CFR 48.3(a) and 48.23(a) require each mine operator to have an MSHA-approved plan containing programs for training new miners, training experienced miners, training miners for new task, annual refresher training, and hazard training for miners.
