II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

- 1. The title of the information collection: Part 81 of title 10 of the Code of Federal Regulations (10 CFR), "Standard Specification for the Granting of Patent Licenses."
 - 2. OMB approval number: 3150-0121.
 - 3. Type of submission: Extension.
- 4. The form number, if applicable: Not applicable.
- 5. How often the collection is required or requested: Applications for licenses are submitted once. Other reports are submitted annually, or as other events require.
- 6. Who will be required or asked to respond: Applicants for and holders of NRC licenses to NRC inventions.
- 7. The estimated number of annual responses: 3.5.
- 8. The estimated number of annual respondents: 10.
- 9. The estimated number of hours needed annually to comply with the information collection requirement or request: 10; however, no applications are anticipated during the next 3 years.
- 10. Abstract: As specified in 10 CFR part 81, the NRC may grant nonexclusive licenses or limited exclusive licenses to its patented inventions to responsible applicants. Applicants for licenses to NRC inventions are required to provide information which may provide the basis for granting the requested license. In addition, all license holders must submit periodic reports on efforts to bring the invention to a point of practical application and the extent to which they are making the benefits of the invention reasonably accessible to the public. Exclusive license holders must submit additional information if they seek to extend their licenses, issue sublicenses, or transfer the licenses. In addition, if requested, exclusive license holders must promptly supply to the United States Government copies of all pleadings and other papers filed in any patent infringement lawsuit, as well as evidence from proceedings relating to the licensed patent.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

- 1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility? Please explain your answer.
- 2. Is the estimate of the burden of the information collection accurate? Please explain your answer.
- 3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
- 4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated: September 13, 2023.

For the Nuclear Regulatory Commission.

David C. Cullison,

NRC Clearance Officer, Office of the Chief Information Officer.
