

19 CFR 351.218(f)(4) to continue an order or suspended investigation (after sunset review), Commerce, if requested by a domestic interested party within 30 days of the date of publication of the notice of initiation of the review, will determine whether AD duties have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

#### *Gap Period Liquidation*

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant “gap” period of the order (*i.e.*, the period following the expiry of provisional measures and before definitive measures were put into place), if such a gap period is applicable to the POR.

#### *Administrative Protective Orders and Letters of Appearance*

Interested parties must submit applications for disclosure under administrative protective orders in accordance with the procedures outlined in Commerce’s regulations at 19 CFR 351.305. Those procedures apply to administrative review included in this notice of initiation. Parties wishing to participate in this administrative review should ensure that they meet the requirements of these procedures (*e.g.*, the filing of separate letters of appearance as discussed at 19 CFR 351.103(d)).

#### *Factual Information Requirements*

Commerce’s regulations identify five categories of factual information in 19 CFR 351.102(b)(21), which are summarized as follows: (i) evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by Commerce; and (v) evidence other than factual information described in (i)–(iv). These regulations require any party, when submitting factual information, to specify under which subsection of 19 CFR 351.102(b)(21) the information is being submitted and, if the information is submitted to rebut, clarify, or correct factual information already on the

record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct. The regulations, at 19 CFR 351.301, also provide specific time limits for such factual submissions based on the type of factual information being submitted. Please review the *Final Rule*,<sup>11</sup> available at [www.govinfo.gov/content/pkg/FR-2013-07-17/pdf/2013-17045.pdf](https://www.govinfo.gov/content/pkg/FR-2013-07-17/pdf/2013-17045.pdf), prior to submitting factual information in this segment. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.<sup>12</sup>

Any party submitting factual information in an AD or CVD proceeding must certify to the accuracy and completeness of that information using the formats provided at the end of the *Final Rule*.<sup>13</sup> Commerce intends to reject factual submissions in any proceeding segments if the submitting party does not comply with applicable certification requirements.

#### *Extension of Time Limits Regulation*

Parties may request an extension of time limits before a time limit established under Part 351 expires, or as otherwise specified by Commerce.<sup>14</sup> In general, an extension request will be considered untimely if it is filed after the time limit established under Part 351 expires. For submissions which are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. on the due date. Examples include, but are not limited to: (1) case and rebuttal briefs, filed pursuant to 19 CFR 351.309; (2) factual information to value factors under 19 CFR 351.408(c), or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2), filed pursuant to 19 CFR 351.301(c)(3) and rebuttal, clarification and correction filed pursuant to 19 CFR 351.301(c)(3)(iv); (3) comments concerning the selection of a surrogate country and surrogate values and rebuttal; (4) comments concerning CBP data; and (5) Q&V questionnaires. certain circumstances, Commerce may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, Commerce will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by which extension requests must be filed to be considered timely. This policy also requires that an extension request must be made in a separate, stand-alone submission, and clarifies the circumstances under which Commerce will grant untimely-filed requests for the extension of time limits. **Total Estimated Number of Annual Responses:** 860,132.

**Abstract:** The National Assessment of Educational Progress (NAEP), conducted by the National Center for Education Statistics (NCES), is a federally authorized survey of student achievement at grades 4, 8, and 12 in various subject areas, such as mathematics, reading, writing, science, U.S. history, civics, geography, economics, technology and engineering literacy (TEL), and the arts. The National Assessment of Educational Progress Authorization Act (Pub. L. 107-279 Title III, section 303) requires the assessment to collect data on

specified student groups and characteristics, including information organized by race/ethnicity, gender, socio-economic status, disability, and limited English proficiency. It requires fair and accurate presentation of achievement data and permits the collection of background, noncognitive, or descriptive information that is related to academic achievement and aids in fair reporting of results. The intent of the law is to provide representative sample data on student achievement for the nation, the states, and subpopulations of students and to monitor progress over time. NAEP consists of two assessment programs: the NAEP long-term trend (LTT) assessment and the main NAEP assessment. The LTT assessments are given at the national level only and are administered to students at ages 9, 13, and 17 in a manner that is very different from that used for the main NAEP assessments. LTT reports mathematics and reading results that present trend data since the 1970s. In addition to the operational assessments, NAEP uses two other kinds of assessment activities: pilot assessments and special studies. Pilot assessments test items and procedures for future administrations of NAEP, while special studies (including the National Indian Education Study (NIES), the Middle School Transcript Study (MSTS), and the High School Transcript Study (HSTS)) are opportunities for NAEP to investigate particular aspects of the assessment without impacting the reporting of the NAEP results.

The initial request for clearance of NAEP 2024 received OMB approval in April 2023 (OMB #1850-0928 v.28). Amendment #1 to the NAEP 2024 clearance package received OMB approval in June 2023 (OMB #1850-0928 v.29), and Amendment #2 was approved in August 2023. Between Amendment #2 and Amendment #3, NCES made the decision to no longer use school staff to proctor accommodation sessions as previously included in early versions of Amendment #2. These changes are reflected in Amendment #3, and the communication materials, burden hours, and costs to the Federal Government to remove these activities as a result. The increased cost to the Federal Government is due to the need to hire additional Field Staff to conduct these separate sessions, resulting in an additional \$3,700,000. This revision provides minor updates Part A to detail the removal of the staff proctored accommodation sessions in the burden table and addition of teacher and school
