SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Community Noise Mitigation Program Grant Proposals; OMB Control Number 0704-CNMP.

Needs and Uses: Section 8120 of the Consolidated Appropriations Act, 2022 (Pub. L. 117-103) provided \$75 million to the Office of Local Defense Community Cooperation (OLDCC) of the Department of Defense to “make grants to communities impacted by military aviation noise for the purpose of installing noise mitigating insulation at covered facilities.” These funds expire if they are not obligated prior to September 30, 2025.

To implement this congressional direction, OLDCC may award grants to local governments under the competitive Community Noise Mitigation Program (CNMP) for the purpose of reducing the impact of fixed wing military aviation noise on “covered” facilities. Covered facilities include hospitals, daycare facilities, schools, facilities serving senior citizens, and private residences. Covered facilities that are considered potentially eligible are located either within one (1) mile of a military installation boundary or within an area experiencing day-night average sound level of 65 decibels or greater due to military fixed-wing aviation noise. Information collection from the public is necessary to facilitate the awarding of grants under CNMP. Respondents will be states, territories, counties, municipalities, other political subdivisions of a state, special purpose units of a state or local government, other instrumentalities of a state or local government, and tribal nations supporting a military installation. The collection instrument is a grant proposal package prepared in accordance with the CNMP Notice of Funding Opportunity Announcement posted on the *Grants.gov* website (<https://www.grants.gov/web/grants/view-opportunity.html?oppId=349858>). The Notice of Funding Opportunity Forecast details the elements that will be

required for a proposal to be considered complete.

Affected Public: State, local, or Tribal government.

Annual Burden Hours: 2,000.

Number of Respondents: 50.

Responses per Respondent: 1.

Annual Responses: 50.

Average Burden per Response: 40 hours.

Frequency: Once.

Dated: September 18, 2023.

Needs and Uses: The information collection requirement supported by these DD Forms supports contractor requirements to have government approval of contract flight crewmembers and contract flights as specified in Defense Contract Management Command Instruction (DCMA INST) 8210.1, Contractor's Ground and Flight Operations. The contractor provides information on contractor personnel to the government. The government approves the contractor's request for aircrew training and, eventually, approval for contractor personnel to operate and fly government aircraft. The government also approves all flights under contract.

The DD Form 2627 is used by contractors to request qualification training for contractor crewmembers. The contractor provides a personal history, verifies the crewmember's records, and requests government approval for training in a particular type of government aircraft. The 2627 and supporting documentation can be provided in hard or soft copy.

The DD Form 1821 is used by contractors to provide a succinct

summary of a crewmember's flight history. This form is submitted along with DD Form 2627 as part of the supporting documentation for the request for qualification training.

The DD Form 2628 is used by contractors to request aircrew qualification for contractor crewmembers. The contractor verifies the crewmember's training completion and requests government approval for specific aircrew qualification in a particular type of government aircraft. The 2628 and supporting documentation can be provided in hard or soft copy.

The DD Form 3062 is used by contractors to request approval of flights under contract. The 3062 can be provided in hard or soft copy. Without the approval from the government, the contractor cannot fly under the liability coverage provided by DFARS 252.228-7001, Ground and Flight Risk.

Affected Public: Individuals or households.

Frequency: DD Forms 1821, 2627, and 2628 are completed once to verify a contractor's aircrew qualification. DD Form 3062 is completed as needed to request approval of flights under contract.

Respondent's Obligation: Voluntary.
