General Description of Collection: This collection comprises the reporting requirements associated with 12 CFR part 381.¹ Section 381 implements the resolution planning requirements of section 165(d) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act),² which require certain financial companies (covered companies) to report periodically to the FDIC and the Board of Governors of the Federal Reserve System (Board) (together, the agencies) their plans for rapid and orderly resolution under the U.S. Bankruptcy Code³ in the event of material financial distress or failure. The goal of the Dodd-Frank Act resolution planning process is to help ensure that a covered company’s failure would not have serious adverse effects on financial stability in the United States. The resolution planning process requires covered companies to demonstrate that they have adequately assessed the challenges that their structures and business activities pose to a rapid and orderly resolution in the

event of material financial distress or failure and that they have taken action to address those challenges, including through the development of capabilities appropriate to the covered company’s size and complexity.

There is no change in the method or substance of the collection. The 7,254-hour increase in burden hours is a result of an increase in the number of entities subject to the information collection.

Total Annual Burden (Hours)	21:00

Source: FDIC.

Note: The annual burden estimate for a given collection is calculated in two steps. First, the total number of annual responses is calculated as the whole number closest to the product of the annual number of respondents and the annual number of responses per respondent. Then, the total number of annual responses is multiplied by the time per response and rounded to the nearest hour to obtain the estimated annual burden for that collection. This rounding ensures the annual burden hours in the table are consistent with the values recorded in the OMB’s regulatory tracking system.

This calculation method results in the rounding down to zero hours of very small values such as those shown in ICs 16 and 19.

General Description of Collection: When an insured depository institution (IDI) is closed by its primary regulatory authority, the FDIC has the responsibility to pay the insured deposits pursuant to Section 11(a) and (f) of the Federal Deposit Insurance Act (FDI Act), 12 U.S.C. 1821(a) and (f); and the FDIC’s regulations, “Deposit Insurance Coverage,” 12 CFR part 330, and “Recordkeeping for Timely Deposit Insurance Determination,” 12 CFR part 370. In the event that the requisite information is not available in a failed IDI’s records, the FDIC will utilize these forms, declarations and affidavits to

request the necessary information from a depositor. The forms are used to facilitate the FDIC’s deposit insurance determinations in the event of the failure of an insured depository institution. It includes 19 information collection (IC) line items, including 15 that apply to both depositors and their agents (e.g., deposit brokers) and four intended for use by agents alone.

There is no change in the substance or methodology of this information collection. The change in burden is due to the decline in estimated burden hours from 590 to 21 hours. The decline in estimated hours is driven by the decline in deposit insurance determinations and

associated valid form submissions in the 2018–2022 period.

Note: The annual burden estimate for a given collection is calculated in two steps. First, the total number of annual responses is calculated as the whole number closest to the product of the annual number of respondents and the annual number of responses per respondent. Then, the total number of annual responses is multiplied by the time per response and rounded to the nearest hour to obtain the estimated annual burden for that collection. This rounding ensures the annual burden hours in the table are consistent with the values recorded in the OMB’s regulatory tracking system.

General Description of Collection: The regulations at part 349 subpart A impose reporting and recordkeeping requirements, as defined by the PRA, on any FDIC-insured state-chartered bank that is not a member of the Federal Reserve System or FDIC-insured state-chartered savings association that is registered as a swap entity (covered swap entity). As such, the FDIC must periodically obtain approval from the Office of Management and Budget (OMB) for these collections of information (ICs) with respect to covered swap entities. The OMB

approves these ICs through OMB No. 3064–0204, and last approved the ICR on September 8, 2020 (2020 ICR). OMB No. 3064–0204 is set to expire on September 30, 2023. The 2020 ICR contained eleven ICs comprising 1,261 estimated annual responses for an estimated annual burden of 1,740 hours.

There is no change in the substance or methodology of this information collection. The change in burden is due to the decline in estimated burden hours from 1,760 to 505 hours. The decline in estimated hours is driven primarily from a reduction in the number of ICs

relative to the 2020 ICR. The ICs from the 2020 ICR that were not included in this renewal had an estimated 1,253 annual responses and an estimated 1,295 annual burden hours.

SUPPLEMENTARY INFORMATION:

A. Paperwork Reduction Act

Under the PRA (44 U.S.C. 3501–3520), Federal agencies must obtain approval from OMB for each collection of information they conduct or sponsor. “Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements that ten or more persons submit information to a third party. FHFA’s collection of information set forth in this document is titled “Members of the Banks” (assigned control number 2590–0003 by OMB). To comply with the PRA requirement, FHFA is publishing notice of a proposed three-year extension of this collection of information and renewal of the control number, which is due to expire on September 30, 2023.

A. Background

The Federal Home Loan Bank System consists of eleven regional Federal Home Loan Banks (Banks) and the Office of Finance (a joint office of the Banks that issues and services the Banks’ debt securities). The Banks are wholesale financial institutions, organized under the authority of the Federal Home Loan Bank Act (Bank Act) to serve the public interest by enhancing

the availability of residential housing finance and community lending credit through their member institutions and, to a limited extent, through certain eligible nonmembers. Each Bank is structured as a regional cooperative that is owned and controlled by member institutions located within its district, which are also its primary customers. The Banks carry out their public policy functions primarily by providing low cost loans, known as advances, to their members. With limited exceptions, an institution may obtain advances and access other products and services provided by a Bank only if it is a member of that Bank.

The Bank Act limits membership in any Bank to specific types of financial institutions located within the Bank’s district that meet specific eligibility requirements. Section 4 of the Bank Act specifies the types of institutions that may be eligible for membership and establishes eligibility requirements that each type of applicant must meet in order to become a Bank member.¹ That provision also specifies that (with limited exceptions) an eligible institution may become a member only of the Bank of the district in which the institution’s “principal place of business” is located.² With respect to the termination of Bank membership, section 6(d) of the Bank Act sets forth requirements pursuant to which an institution may voluntarily withdraw from membership or a Bank may terminate an institution’s membership for cause.³

B. Need For and Use of the Information Collection

FHFA’s regulation entitled “Members of the Banks,” located at 12 CFR part 1263, implements the statutory provisions on Bank membership and otherwise establishes substantive and procedural requirements relating to the initiation and termination of membership. Many of the provisions in the membership regulation require that an institution submit information to a Bank or to FHFA, in most cases to demonstrate compliance with statutory or regulatory requirements or to request action by the Bank or Agency.

There are four types of information collections that may occur under part 1263. First, the regulation provides that (with limited exceptions) no institution may become a member of a Bank unless it has submitted to that Bank an application that documents the applicant’s compliance with the
