Abstract: section 10 of the National Science Foundation Act of 1950 (42 U.S.C. 1861 *et seq.*), as amended, states that “The Foundation is authorized to award, within the limits of funds made available * * * scholarships and graduate fellowships for scientific study or scientific work in the mathematical, physical, biological, engineering, social, and other sciences at accredited U.S. institutions selected by the recipient of such aid, for stated periods of time.”

The Graduate Research Fellowship Program has two goals:

- To select, recognize, and financially support, early in their careers, individuals with the demonstrated potential to be high achieving scientists and engineers;

- To broaden participation in science and engineering of underrepresented groups, including women, minorities, persons with disabilities, and veterans.

The list of GRFP Awardees recognized by the Foundation may be found via FastLane through the NSF website: <https://www.fastlane.nsf.gov/grfp/AwardeeList.do?method=loadAwardeeList>.
