SUPPLEMENTARY INFORMATION:

Financial Crimes Enforcement Network (FinCEN)

I. Statutory and Regulatory Provisions

FinCEN issued the Beneficial Ownership Information Reporting

Requirements final rule on September 30, 2022 (final BOI reporting rule).¹ The final BOI reporting rule requires certain legal entities to report to FinCEN information about themselves as well as information about the beneficial owners of the entity. Entities created or registered to do business on or after January 1, 2024, must also identify the individual who directly filed the document with specified governmental authorities that created the entity or registered it to do business, as well as the individual who was primarily responsible for directing or controlling such filing if more than one individual was involved in the filing of the document. Further, the regulations describe who must file a report, what information must be provided, and when a report is due. Entities must certify that the report is true, correct, and complete.

The rule also sets out various requirements for individuals and entities that seek to obtain a FinCEN identifier, which can be used in certain circumstances as a substitute for other information required to be reported.²

These regulations implement Section 6403 of the Corporate Transparency Act (CTA), enacted into law as part of the National Defense Authorization Act for Fiscal Year 2021 (NDAA).³ That statutory provision, its implementing regulations, and their requirements are intended to help prevent and combat money laundering, terrorist financing, corruption, tax fraud, and other illicit activity, while minimizing the burden on reporting entities.

II. Paperwork Reduction Act of 1995⁴

Title: Individual FinCEN Identifiers.

OMB Control Number: 1506–0076.

Type of Review: New collection.

Description: The final BOI reporting rule requires individuals seeking to obtain a FinCEN identifier to submit certain information to FinCEN. This is a voluntary collection. Individuals are not required to obtain FinCEN identifiers. In order to be issued a FinCEN identifier, however, the final

¹ 87 FR 59498 (Sept. 30, 2022).

² See 31 CFR 1010.380(b)(4). “FinCEN identifier” means the unique identifying number assigned by FinCEN to an individual or reporting company upon request, subject to certain conditions.

³ Specifically, the CTA is Title LXIV of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021, Public Law 116–283 (Jan. 1, 2021). Division F of the NDAA is the Anti-Money Laundering Act of 2020, which includes the CTA. Section 6403 of the CTA, among other things, amended the Bank Secrecy Act (BSA) by adding a new section 5336, Beneficial Ownership Information Reporting Requirements, to subchapter II of chapter 53 of title 31, United States Code.

⁴ Public Law 104–13, 44 U.S.C. 3506(c)(2)(A).

BOI reporting rule requires individuals to file applications electronically with FinCEN that contain certain information about themselves. Individuals are also required to submit updates of their identifying information as needed. FinCEN will store such information in its beneficial ownership information (BOI) database for access by authorized users. Entities will not use the FinCEN identifier application to request a FinCEN identifier; instead, entities will request a FinCEN identifier when they submit a BOI report.⁵

Form: Individual FinCEN Identifier Application.

Affected Public: Any individuals who meet the criteria set forth in the final BOI reporting rule may apply for a FinCEN identifier. The primary reasons for individual beneficial owners to apply for a FinCEN identifier likely include data security (where an individual may see less risk in submitting personal identifiable information to FinCEN directly, compared with doing so indirectly through one or more reporting companies) and administrative efficiency (where an individual is likely to be identified as a beneficial owner of numerous reporting companies). Company applicants who are responsible for registering many reporting companies may have a similar incentive to request a FinCEN identifier in order to limit the number of companies with access to their personal information.

Estimated Number of Respondents: FinCEN estimates that the number of individuals who will apply for a FinCEN identifier will likely be relatively low. Specifically, FinCEN estimates that number to be approximately 1 percent of the estimated number of reporting companies expected to report BOI. FinCEN assumes that, similar to reporting companies' initial filings, there would be an initial influx of applications for a FinCEN identifier that would then decrease to a smaller annual rate of requests after Year 1 (2024). Therefore, FinCEN estimates that 325,569 individuals will apply for a FinCEN identifier during Year 1 (2024), and 49,985 individuals will apply for a FinCEN identifier annually thereafter.⁶ The total five-year average of expected FinCEN identifier applications is 105,102. To estimate the number of

updated reports for individuals' FinCEN identifier information per year, FinCEN used the methodology explained in the final BOI reporting rule to calculate, and then total, monthly updates based on the number of FinCEN identifier applications received in Year 1 (2024). FinCEN applied the monthly probability of 0.0068021 (8.16 percent, the annual likelihood of a change in address, divided by 12 to find a monthly rate). This analysis estimated 12,180 updates in Year 1 (2024) and 26,575 annually thereafter.⁷ The total five-year average of estimated FinCEN identifier updates is 23,696.

Frequency of Response: As required.

Estimated Time per Respondent: FinCEN anticipates that initial FinCEN identifier applications would require approximately 20 minutes (10 minutes to read the form and understand the information required, and 10 minutes to fill out and file the request, including attaching an image of an acceptable identification document), given that the information to be submitted to FinCEN would be readily available to the person requesting the FinCEN identifier. FinCEN estimates that updates would require 10 minutes (10 minutes to fill out and file the update).

Estimated Total Reporting Burden Hours: FinCEN estimates the total burden hours of individuals initially applying for a FinCEN identifier during Year 1 (2024) to be 108,535,⁸ with an annual burden of 16,662 hours thereafter.⁹ The five-year average of initial application burdens is 35,034 hours. FinCEN estimates the burden hours of individuals updating information related to FinCEN identifiers to be 2,030 in Year 1 (2024),¹⁰ with an annual burden of 4,429 hours thereafter.¹¹ The five-year average of updated application burdens is 3,949 hours. The total five-year average of time burdens is 38,983.

Estimated Total Reporting Cost: The total cost of FinCEN identifier applications for individuals in Year 1 (2024) is estimated to be \$6.2 million, with an annual cost of \$945,667 thereafter.¹² The five-year average cost of initial applications is \$1,988,431. The total cost of FinCEN identifier updates for individuals in Year 1 (2024) is estimated to be \$115,219, with an

annual cost of \$251,386 thereafter.¹³ The five-year average cost of updated applications is \$224,153. The total five-year average cost is \$2,212,584.

Request for Comments: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. All comments will become a matter of public record. Comments are invited on: (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services required to provide information.

SUPPLEMENTARY INFORMATION:

Alcohol and Tobacco Tax and Trade Bureau (TTB)

(1) Title: Tax Information Authorization.

OMB Control Number: 1513–0001.

Type of Review: Extension without change of a currently approved collection.

Description: In general, the Internal Revenue Code (IRC) at 26 U.S.C. 6103 protects the privacy of taxpayer information by, among other things, prohibiting the disclosure of tax returns and taxpayer information to unauthorized persons. However, under 26 U.S.C. 6103(c), a taxpayer may authorize a representative to receive otherwise confidential tax information.

Under that IRC authority and the related Department of Treasury regulations, the Alcohol and Tobacco Tax and Trade Bureau (TTB) requires a taxpayer to file form TTB F 5000.19 to authorize a representative, who does not have a power of attorney, to receive otherwise confidential information regarding the taxpayer. TTB uses the information provided on this form to properly identify the taxpayer's designated representative and the scope of that representative's authority to obtain otherwise confidential information about the taxpayer.

Form: TTB F 5000.19.

Affected Public: Businesses or other for-profits, Individuals or households.

Estimated Number of Respondents:

Frequency of Response: On occasion.

Estimated Total Number of Annual Responses: 10.

Estimated Total Annual Burden Hours: 10.

(2) Title: Referral of Information.

OMB Control Number: 1513–0013.

Type of Review: Extension without change of a currently approved collection.

Description: Alcohol and Tobacco Tax and Trade Bureau (TTB), during the course of their duties, sometimes discover apparent violations of statutes and regulations under the jurisdiction of State and local government agencies. Using form TTB F 5000.21, Referral of Information, TTB personnel submit information regarding such violations to such external agencies, if disclosure is authorized under 26 U.S.C. 6103 or other Federal laws. The referral form includes a section for the external agency to respond to TTB regarding its action on the referral. This form provides TTB with a consistent means of conveying relevant information to external agencies, and it facilitates information-sharing between TTB and external agencies to support enforcement efforts. The response that TTB requests from these State and local government agencies also provides information as to the utility of the referrals and potential enforcement actions that these external agencies take against the same entities that TTB regulates.
