

parties providing information on historic resources should designate information that they wish to be held as confidential and provide the reasons why BOEM should do so.

All submissions from organizations or businesses and from individuals identifying themselves as representatives or officials of organizations or businesses will be made available for public inspection in their entirety.

Request for Identification of Potential Alternatives, Information, and Analyses Relevant to the Proposed Action

BOEM requests data, traditional and indigenous knowledge, comments, views, information, analysis, alternatives, or suggestions relevant to the analysis of the Proposed Action from the public; affected Federal, Tribal, State, and local governments, agencies, and offices; the scientific community; industry; or any other interested party. Specifically, BOEM requests information on the following topics:

1. Potential mitigation measures, including GOM oil and gas development alternatives, and the effects these could have on:

a. Biological resources, including birds, coastal communities, benthic communities, pelagic communities, fish, invertebrates, essential fish habitat, marine mammals, and sea turtles;

b. Physical resources and conditions, including air quality, water quality, coastal habitats, benthic habitats, and pelagic habitats; and

c. Socioeconomic and cultural resources, including commercial fishing, recreational fishing, demographics, employment, economics, environmental justice, land use and coastal infrastructure, navigation and vessel traffic, other uses (such as marine minerals, military use, and aviation), recreation and tourism, and scenic and visual resources.

2. The identification of historic properties within the GOM, the potential effects on those historic properties from GOM oil and gas development, and any information that supports identification of historic properties under the NHPA. BOEM also solicits proposed measures to avoid, minimize, or mitigate any adverse effects on historic properties. If any historic properties are identified, a potential effects analysis will be available for public and NHPA consulting party comment in the draft PEIS.

3. Information on other current or planned activities in the GOM, including any mitigation measures, their

possible impacts on the alternatives, and the alternatives' possible impacts on those activities.

4. Other information relevant to impacts on the human environment from potential GOM oil and gas development alternatives, including any mitigation measures.

To promote informed decision-making, comments should be as specific as possible and should provide as much detail as necessary to meaningfully and fully inform BOEM of the commenter's position. Comments should explain why the issues raised are important for consideration of the Proposed Action, as well as economic, employment, and other impacts affecting the quality of the human environment.

Public Meeting of the Colorado River Basin Salinity Control Advisory Council

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of public meeting.

SUMMARY: The Bureau of Reclamation is publishing this notice to announce that a Federal Advisory Committee meeting of the Colorado River Basin Salinity Control Advisory Council (Council) will take place. This meeting is open to the public.

DATES: The meeting will take place in-person and virtually on the following two days: Tuesday, October 24, 2023, from 1:30 p.m. to approximately 5:00 p.m. (MDT), and Wednesday, October 25, 8:30 a.m. to 10:30 a.m. (MDT).

ADDRESSES: The in-person meeting will be held at the New Mexico State Capitol Building at 411 S Capitol Street, Santa Fe, New Mexico 87501.

To access the meeting virtually, please contact Clarence Fullard; see **FOR FURTHER INFORMATION CONTACT.**

FOR FURTHER INFORMATION CONTACT: Clarence Fullard, telephone (303) 253-1042; email at cfullard@usbr.gov. Individuals who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or

TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The meeting of the Council is being held under the provisions of the Federal Advisory Committee Act of 1972. The Council was established by the Colorado River Basin Salinity Control Act of 1974 (Pub. L. 93-320) (Act) to receive reports and advise Federal agencies on implementing the Act.

Purpose of the Meeting: The purpose of the meeting is to discuss the accomplishments of Federal agencies and make recommendations on future activities to control salinity.

Agenda: Council members will be briefed on the status of salinity control activities. The Bureau of Reclamation, Bureau of Land Management, U.S. Fish and Wildlife Service, and United States Geological Survey of the Department of the Interior; the Natural Resources Conservation Service of the Department of Agriculture; and the Environmental Protection Agency will each present a progress report and a schedule of activities on salinity control in the Colorado River Basin. The Council will discuss salinity control activities, the contents of the reports, and the Basin States Program created by Public Law 110-246, which amended the Act. A final agenda will be posted online at <https://www.usbr.gov/uc/progact/salinity/> at least one week prior to the meeting.

Meeting Accessibility/Special Accommodations: The meeting is open to the public. Individuals wanting virtual access to the meeting should contact Clarence Fullard (see **FOR FURTHER INFORMATION CONTACT**) no later than October 16, 2023, to receive instructions. Please make requests in advance for sign language interpreter services, assistive listening devices, or other reasonable accommodations. We ask that you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice at least seven (7) business days prior to the meeting to give the Department of the Interior sufficient time to process your request. All reasonable accommodation requests are managed on a case-by-case basis.

Public Comments: The Council chairman will provide time for oral comments from members of the public at the meeting. Individuals wanting to make an oral comment should contact Clarence Fullard (see **FOR FURTHER INFORMATION CONTACT**) to be placed on

the public comment list. Depending on the number of people wishing to comment and the time available, the amount of time for oral comments may be limited. Members of the public may also file written statements with the Council before, during, or up to 30 days after the meeting either in person or by mail. To allow full consideration of information by Council members at this meeting, written comments must be provided to Clarence Fullard (see **FOR FURTHER INFORMATION CONTACT**) by October 16, 2023.

Public Disclosure of Personal Information: Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 5 U.S.C. ch. 10.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–590 and 731–TA–1397 (Review)]

Sodium Gluconate, Gluconic Acid, and Derivative Products From China; Institution of Five-Year Reviews

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted reviews pursuant to the Tariff Act of 1930 (“the Act”), as amended, to determine whether revocation of the antidumping and countervailing duty orders on sodium gluconate, gluconic acid, and derivative products from China would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission.

DATES: Instituted October 2, 2023. To be assured of consideration, the deadline for responses is November 1, 2023. Comments on the adequacy of responses

may be filed with the Commission by December 12, 2023.

FOR FURTHER INFORMATION CONTACT: Lawrence Jones (202–205–3358), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this proceeding may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On November 13, 2018, the Department of Commerce (“Commerce”) issued antidumping and countervailing duty orders on imports of sodium gluconate, gluconic acid, and derivative products from China (83 FR 56299). The Commission is conducting reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission’s Rules of Practice and Procedure at 19 CFR part 201, subparts A and B, and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission’s determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by Commerce.

(2) The *Subject Country* in these reviews is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations, the Commission defined a single *Domestic Like Product*

corresponding to the range of sodium gluconate, gluconic acid, and derivative products within Commerce’s scope.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations, the Commission defined the *Domestic Industry* as PMP Fermentation Products, the sole domestic producer of the *Domestic Like Product* during the original investigations.

(5) The *Order Date* is the date that the antidumping and countervailing duty orders under review became effective. In these reviews, the *Order Date* is November 13, 2018.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the proceeding and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in § 201.11(b)(4) of the Commission’s rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission’s designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post-employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008). Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the
