SUPPLEMENTARY INFORMATION:

Title: Small and Very Small Establishment Outreach Survey.

OMB Number: 0583-NEW.

Type of Request: Request for a new information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18 and 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, and properly labeled and packaged.

FSIS plans to use a multi-language survey to solicit feedback from small and very small establishment owners to ascertain how FSIS can better service the needs of small and very small establishments and improve outreach to them. This is a new information collection with 417 hours.

This survey is one of many ways FSIS is working to bring equity—that is, consistent and systematic treatment of all individuals in a fair, just, and impartial manner, including individuals who belong to communities that often have been denied such treatment—to small and very small establishments. Results will inform the Agency on ways to improve engagement with, and outreach to, small and very small establishments, particularly those in underrepresented communities.

FSIS has made the following estimates based upon an information collection assessment:

Respondents: Small and Very Small establishment owners.

Estimated No. of Respondents: 5,000.

Estimated No. of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 417 hours.

All responses to this notice will be summarized and included in the request

for OMB approval. All comments will also become a matter of public record. Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Mailstop 3758, South Building, Washington, DC 20250-3700; (202) 937-4272.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of FSIS' functions, including whether the information will have practical utility; (b) the accuracy of FSIS' estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20253.
