

effects as described in DOE's extraordinary circumstances listed at 10 CFR 1021.410(b)(2). DOE defines extraordinary circumstances as unique situations presented by specific proposals, including, but not limited to, scientific controversy about the environmental effects of the proposal; uncertain effects or effects involving unique or unknown risks; and unresolved conflicts concerning alternative uses of available resources. Consistent with DHS Instruction Manual 023-01-001-01, *Implementing the National Environmental Policy Act* (DHS Instruction Manual), DHS will document utilization of this CE and consideration of extraordinary circumstances within the DHS Environmental Planning and Historic Preservation Decision Support System.

#### IV. Consultation With DOE and Determination of Appropriateness

DHS and DOE consulted on the appropriateness of DHS's adoption of the electric vehicle charging stations CE from June 2023 through September 2023. This consultation included a review of DOE's experience developing and applying the CE and the types of actions for which DHS plans to utilize the CE. Based on this consultation and review, DHS has determined that the types of projects it intends to undertake to install, operate, modify, and remove electric vehicle charging stations at its facilities are substantially similar to such projects for which DOE has applied the CE. Accordingly, the impacts of DHS projects will be substantially similar to the impacts of DOE projects, which are not significant, absent the existence of extraordinary circumstances. Therefore, DHS has determined that its proposed use of the electric vehicle charging stations CE, as described within this notice, would be appropriate.

#### Notice to the Public and Documentation of Adoption

This notice serves to identify to the public and document DHS's adoption of DOE's categorical exclusion for electric vehicle charging stations and identifies the types of actions to which DHS will apply the CE, and the considerations DHS will use in determining whether an action is within the scope of the CE. Upon issuance of this notice, the adopted electric vehicle charging stations CE will be available to DHS and

### Johnson-O'Malley Program

**AGENCY:** Bureau of Indian Affairs, Interior.

**ACTION:** Notice of Final Report.

**SUMMARY:** Under the Johnson-O'Malley (JOM) Act of 1934, as amended by the JOM Supplemental Indian Education Program Modernization Act of 2018, the Bureau of Indian Education (BIE) is publishing a Final Report that describes the initial determination of the number of eligible Indian students served or potentially served by each eligible entity, the data used for BIE to make such determination, feedback gained during the comment period, and justification for not applying feedback gained during the comment period.

**FOR FURTHER INFORMATION CONTACT:** Spike Bighorn, Program Manager, Office of Sovereignty in Indian Education, Bureau of Indian Education, via email at [spike.bighorn@bie.edu](mailto:spike.bighorn@bie.edu) or telephone at (202) 499–0482.

**SUPPLEMENTARY INFORMATION:** The Johnson-O'Malley Supplemental Indian Education Program Modernization Act of 2018, Public Law 115–404, directed the Secretary of the Interior (Secretary) to publish a preliminary report describing the number of eligible Indian students served or potentially served by each eligible entity, using the most applicable and accurate data from the

fiscal year preceding the fiscal year for which the initial determination is to be made. See 84 FR 57880, dated October 29, 2019. The 60-day comment period ended on December 30, 2019.

The BIE received feedback on the preliminary report from four entities. On June 16, 2022, BIE submitted to Congress a final report (JOM Final Report) on the initial determination of the number of eligible Indian students served or potentially served by each eligible entity, including justification for not including feedback gained during the consultation period. On July 14, 2023, BIE published the JOM Final Report on the BIE website where it remains publicly available at <https://www.bie.edu/supplemental-education-programs>.

### Request for Information To Inform the Orphaned Wells Program Office's Development of Regulatory Improvement Grants Under the Bipartisan Infrastructure Law

**AGENCY:** Orphaned Wells Program Office, Department of the Interior.

**ACTION:** Request for information.

**SUMMARY:** The Orphaned Wells Program Office (OWPO) invites public comment to help inform its efforts in determining how to best structure the Regulatory Improvement Grant (RIG) program, pursuant to section 40601 of the Infrastructure Investment and Jobs Act, also referred to as the Bipartisan Infrastructure Law (Act).

**DATES:** Respondents are invited to submit comment to the OWPO by December 19, 2023.

**SUPPLEMENTARY INFORMATION:** The Act is a once-in-a-generation investment in our nation's infrastructure and economic competitiveness. The Act, which is codified at 42 U.S.C. 15907, creates a plugging, remediation, and restoration program within the Department of the Interior (DOI) to address orphaned wells, well sites, associated pipelines, facilities, infrastructure, habitats, soil remediation, tracking emissions of methane and other gases, tracking of ground and surface water contamination, located on Federal lands, Tribal lands, and state and private lands.

Under the Act, states may be eligible to receive the following types of grants awarded, administered, and overseen by the OWPO: Initial Grants, Formula Grants, and Performance Grants. There are two categories of Performance Grants: Matching Grants and RIGs. The Act makes \$1.5 billion available to DOI for distribution to eligible states for Performance Grants. A state that received an Initial Grant is eligible to apply for and receive two separate RIGs, if the state meets one or both of the following conditions during the 10-year period that precedes its application:

(I) The state has strengthened plugging standards and procedures designed to ensure that wells located in the state are plugged in an effective manner that protects groundwater and other natural resources, public health and safety, and the environment (Plugging Standards).

(II) The state has made improvements to state programs designed to reduce future orphaned well burdens, such as financial assurance reform, alternative funding mechanisms for orphaned well programs, and reforms to programs relating to well transfer or temporary abandonment (Program Standards).

A state may apply for and receive one RIG of up to \$20 million for each of the above Standards, meaning a state may receive up to a total of \$40 million in RIGs. RIGs are subject to available appropriations and grant application window deadlines. All RIG funds must be obligated by the state within five years of the effective date of the award.

On January 10, 2023, Secretary Haaland issued Order 3409, which established the OWPO to ensure effective, accountable, and efficient implementation of the Act. The OWPO invites public comment to inform the
