

Model; ShakeAlert; reports from SESAC sub-committees; the latest report to the USGS Director, and EHP responses.

Meeting Accessibility/Special Accommodations: The meeting is open to the public and will take place on November 16, 2023, from 8:00 a.m. to 6:00 p.m., Mountain Time and on November 17, 2023, from 8:00 a.m. to 2 p.m. Mountain Time. Members of the public wishing to attend the meeting should contact Dr. Gavin Hayes (see **FOR FURTHER INFORMATION CONTACT**). Virtual meeting instructions will be provided to registered attendees prior to the meeting.

Please make requests in advance for sign-language interpreter services, assistive listening devices, or other reasonable accommodations. We ask that you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice at least seven (7) business days prior to the meeting to give the Department of the Interior sufficient time to process your request. All reasonable accommodation requests are managed on a case-by-case basis.

Public Disclosure of Comments: There will be an opportunity for public comments during both days of the meeting. Depending on the number of people who wish to speak and the time available, the time for individual comments may be limited. Written comments may also be sent to the SESAC for consideration. To allow for full consideration of information by the SESAC members, written comments must be provided to Dr. Gavin Hayes (see **FOR FURTHER INFORMATION CONTACT**) at least three (3) business days prior to the meeting. Any written comments received will be provided to SESAC members before the meeting.

Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you may ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Authority: 5 U.S.C. ch. 10.

Linda R. Huey,

USGS Program Specialist, Natural Hazards Mission Area.

BILLING CODE 4338-11-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[BLM_UT_FRN_MO4500170231]

Notice of Realty Action: Noncompetitive (Direct) Sale of Public Land in Garfield County, Utah

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: The Bureau of Land Management (BLM) is proposing a non-competitive (direct) sale of a 5.27-acre parcel of public land in Garfield County, Utah, to Millard “Crockett” Dumas. The sale would resolve an inadvertent unauthorized use of public lands. The sale would be subject to the applicable provisions of the Federal Land Policy and Management Act of 1976 (FLPMA), as amended, and the BLM land sale regulations. The sale would be for no less than the appraised fair market value of \$5,000.

DATES: Interested parties must submit written comments no later than December 11, 2023.

ADDRESSES: Mail written comments to BLM Kanab Field Office, Field Manager, 669 South Highway 89A, Kanab, UT 84741, or submit them online at <https://eplanning.blm.gov/eplanning-ui/project/2020901/510>.

FOR FURTHER INFORMATION CONTACT: Brandon Johnson, Realty Specialist, BLM Utah State Office, phone: (435) 819-0016, email: kbjohnso@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In the 1970s, the adjacent landowner misinterpreted the boundary of their private property and inadvertently built flood retention structures, corrals, and a barn that encroached onto what is now an isolated parcel of public land. Mr. Dumas later purchased the private property and has nominated the public land parcel for direct sale. The parcel is only accessible through Mr. Dumas’ property. The BLM proposes to offer the land for direct sale to resolve the issue.

The following described public land in Garfield County has been examined and found suitable for sale under the authority of Sections 203 and 209 of FLPMA, as amended:

Salt Lake Meridian, Utah

T. 35 S., R. 3 E.,
Sec. 5, parcel A.

The area described contains 5.27 acres, according to the official plat of survey of the said land, on file with the BLM.

The proposed sale conforms with the BLM Kanab Field Office Resource Management Plan, approved in October 2008. There is no known mineral value in the parcel, so the mineral estate would also be conveyed, in accordance with Section 209 of FLPMA. The lands are identified as available for disposal and listed by the legal description in Appendix D on page A5-1. A parcel-specific environmental assessment (EA), document number DOI-BLM-UT-P020-2022-0013-EA, was prepared in connection with this realty action and may be viewed at <https://eplanning.blm.gov/eplanning-ui/project/2020901/510>.

The land is suitable for direct sale under FLPMA, without competition, consistent with 43 CFR 2711.3-3(a)(4), as direct sales may be used “when in the opinion of the authorized officer, a competitive sale is not appropriate and the public interest would best be served by a direct sale[.]” including when “the adjoining ownership pattern and access indicate a direct sale is appropriate[.]” The parcel is only accessible through Mr. Dumas’ private property, and no other potential bidder currently has legal access to this parcel. It is also suitable for direct sale consistent with 43 CFR 2711.3-3(a)(5) because there is a need to resolve an inadvertent and unauthorized use of public lands, which are encumbered by privately constructed improvements.

Pursuant to the requirements of 43 CFR 2711.1-2(d), publication of this notice in the **Federal Register** will segregate the land from all forms of appropriation under the public land laws, including the mining laws, except for the sale provisions of FLPMA. Until completion of the sale, the BLM will no longer accept land use applications affecting this public land. The segregative effect will terminate upon issuance of a patent, publication in the **Federal Register** of termination of the segregation, or on October 27, 2025, unless extended by the BLM Utah State Director in accordance with 43 CFR 2711.1-2(d) prior to the termination date.

The conveyance document, if issued, will include the following terms, covenants, conditions, and reservations:

1. A reservation to the United States for ditches and canals constructed by

the authority of the United States under the Act of Aug. 30, 1890;

2. Valid existing rights issued prior to conveyance;

3. An appropriate indemnification clause protecting the United States from claims arising out of the purchaser's use, occupancy, or operations on the conveyed lands;

4. Additional terms and conditions that the authorized officer deems appropriate.

The EA, appraisal, maps, mineral potential report, and environmental site assessment are available for review at the location listed in the **ADDRESSES** section earlier. Interested parties may submit, in writing, any comments concerning the sale, including notifications of any encumbrances or other claims relating to the parcel (see **ADDRESSES**).

The BLM Utah State Director will review adverse comments regarding the parcel and may sustain, vacate, or modify this realty action, in whole or in part. In the absence of timely objections, this realty action will become the final determination of the Department of the Interior.

In addition to publication in the **Federal Register**, the BLM will also publish this notice in *the Insider* newspaper, once a week, for three consecutive weeks.

Before including your address, phone number, email address, or other personal identifying information in your comments, the BLM will make your entire comment—including your personal identifying information—publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

(Authority: 43 CFR 2711)

Gregory Sheehan,

Utah State Director.

DEPARTMENT OF THE INTERIOR

Bureau of Safety and Environmental Enforcement

[BOEM–2021–0043; EEEE50000
234E1700D2 ET1SF0000.EAQ000]

Oil and Gas Decommissioning Activities on the Pacific Outer Continental Shelf

AGENCY: Bureau of Safety and Environmental Enforcement (BSEE), DOI.

ACTION: Notice of availability of the final programmatic Environmental Impact Statement (PEIS) for oil and gas decommissioning activities on the Pacific Outer Continental Shelf.

SUMMARY: BSEE announces the availability of the Final PEIS for Oil and Gas Decommissioning Activities on the Pacific Outer Continental Shelf (OCS). The Final PEIS identifies BSEE's Proposed Action and analyzes its potential environmental impacts, as well as those of three alternative actions and a number of alternative component activities.

DATES: BSEE will issue a Record of Decision no sooner than November 4, 2023.

ADDRESSES: The Final PEIS with appendices is available for review on the Bureau of Ocean Energy Management's (BOEM's) website at www.boem.gov/Pacific-Decomm-PEIS.

FOR FURTHER INFORMATION CONTACT: For further information on the Final PEIS, you may contact BOEM or BSEE. The BOEM point of contact (POC) is Mr. Richard Yarde, Regional Supervisor, Bureau of Ocean Energy Management, Pacific OCS Region, 760 Paseo Camarillo, Suite 102, Camarillo, CA 93010–6002. You may also contact Mr. Yarde by telephone at (805) 384–6379 or email at richard.yarde@boem.gov. The BSEE POC is Mr. Bruce Hesson, Regional Director, Bureau of Safety and Environmental Enforcement, Pacific Region, 760 Paseo Camarillo, Suite 102, Camarillo, CA 93010. You may also contact Mr. Hesson by telephone at (805) 384–6373 or email at bruce.hesson@bsee.gov.

SUPPLEMENTARY INFORMATION:

Proposed Action: The proposed action evaluated in this Final PEIS is for BSEE to review and approve, reject, or approve with conditions, operator decommissioning applications for the complete removal and disposal of Pacific OCS oil and gas platforms, associated pipelines, and other facilities. Under the proposed action, all platforms, pipelines, and other facilities, and their related infrastructure, would be removed to a depth of 15 feet below the mudline, as required by regulation (30 CFR 250.1728(a)).

Alternatives Considered: The four alternatives analyzed in the Final PEIS include complete removal (Proposed Action), partial removal without artificial reef option, partial removal with artificial reef option, and no action. The activities analyzed in the PEIS include, but are not limited to, platform removal employing non-explosive severance, removal of associated

pipelines and other facilities and obstructions, onshore disposal, abandonment-in-place of associated pipelines, complete removal of topside superstructure, partial jacket removal to at least 85 feet below the waterline, and one sub-alternative using explosive severance if necessary for the platform jackets.

Availability of the Final PEIS: You may download or view the Final PEIS, appendices, and associated information on the following BOEM website: www.boem.gov/Pacific-Decomm-PEIS, or on the following BSEE website: <https://www.bsee.gov/stats-facts/ocs-regions/pacific/pacific-region-federal-ocs-decommissioning>. You may also contact BOEM or BSEE at the above addresses for a copy on a flash drive or a paper copy.

Authority: 42 U.S.C. 4231 *et seq.*; 40 CFR 1506.6.
