

May 8, 2020, November 9, 2020, April 19, 2022, and May 19, 2022, the licensee proposed the unrestricted release and removal from License 24–00513–32 of the South Farm site. The site is approximately 60 m by 23 m (200 ft by 75 ft) and was operated as a chemical waste disposal facility between 1969 and 1972. The chemical waste disposed of at the South Farm site also included a radiological component.

Need for the Proposed Action

Approval of the proposed action would permit additional remediation of the site (soil) for non-radiological constituents at a later time and allow the NRC to fulfill its responsibilities under the Atomic Energy Act of 1954, as amended (AEA), to ensure protection of the public health and safety and the environment by verifying that the site meets the requirements for unrestricted release in 10 CFR 20.1402, “Radiological criteria for unrestricted use.”

Environmental Impacts of the Proposed Action

The NRC’s evaluation of the proposed action is that the South Farm site will have minimal impacts on the environment to include future land use, geology and soils, water resources, ecology, air quality, and noise and will comply with NRC’s unrestricted release criteria pursuant to 10 CFR part 20,

“Standards for Protection Against Radiation.”

Environmental Impacts of the Alternatives to the Proposed Action

As an alternative to the proposed action, the staff considered denial of the proposed action (*i.e.*, the “no-action” alternative). An alternate approach is not to release the area for unrestricted use. The consequences could significantly limit the ability of the Curators of the University of Missouri to remediate the site for non-radiological constituents at a later time and allow the NRC to fulfill its responsibilities under the AEA to ensure protection of the public health and safety and the environment.

Alternative Use of Resources

The proposed action does not involve any different environmental resources beyond those considered in the final environmental statement.

Agencies and Persons Consulted

Between May 9, 2020, and May 19, 2022, the NRC staff consulted with the State of Missouri’s Radiological Control Department regarding the environmental impact of the proposed action. The State of Missouri’s Radiological Control Department made comments which were addressed by NRC staff. On May 19, 2022, the State

indicated that they did not have additional comments for consideration.

III. Finding of No Significant Impact

The NRC staff has concluded that the proposed licensing action, to release the South Farm disposal area as designated by the Curators of the University of Missouri for unrestricted use, would not significantly affect the quality of the human environment. The NRC staff considered the impacts on land use, transportation, geology and soils, water resources, ecology, air quality, noise, historical and cultural resources, visual and scenic resources, socioeconomic resources, public and occupational health, and waste management and concluded that radiological doses to members of the public would be below applicable limits in 10 CFR part 20. On the basis of the EA, the NRC finds that there are no significant environmental impacts from the action, and that preparation of an environmental impact statement is not warranted.

Accordingly, the NRC has determined that a FONSI is appropriate. In accordance with 10 CFR 51.32(a)(4), this FONSI incorporates the EA set forth in this notice by reference.

IV. Availability of Documents

The documents identified in the following table are available to interested persons through one or more of the following methods, as indicated.

Document description	ADAMS accession No.
Curators of the University of Missouri—Columbia—Decommissioning Amendment Request—Partial Site Release of South Farm, dated November 9, 2018.	ML18318A032.
Request for Comments on Draft Environmental Assessment and Safety Evaluation Report for Proposed Decommissioning Project at South Farm site, Curators of the University of Missouri—Columbia of Missouri, dated May 8, 2020.	ML20127H882 (non-public, withheld pursuant to 10 CFR 2.390).
Request for Comments on Draft Environmental Assessment and Safety Evaluation Report for Proposed Decommissioning Project at South Farm Site, Curators of the University of Missouri—Columbia, Columbia, Missouri, and the Dose Assessment for the South Farm—License No. 24–00513–32, dated November 9, 2020.	ML20329A267 (non-public, withheld pursuant to 10 CFR 2.390).
Comment Resolution on Draft Environmental Assessment and Safety Evaluation Report for the Proposed Decommissioning Project at South Farm Site, Curators of the University of Missouri—Columbia; Columbia, Missouri, and the Dose Assessment for South Farm—License Number 24–00513–32, dated April 19, 2022.	ML21299A026 (non-public, withheld pursuant to 10 CFR 2.390).
Response to Comment Resolution on Draft Environmental Assessment and Safety Evaluation Report for the Proposed Decommissioning Project at South Farm Site, Curators of the University of Missouri—Columbia; Columbia, Missouri, and the Dose Assessment for South Farm—License Number 24–00513–32, dated May 19, 2022.	ML22146A346.
Environmental Assessment for Release of South Farm Site at Curators of the University of Missouri, Columbia, Missouri; Materials License 24–0051332, Docket 030–02278.	ML23279A056.
Safety Evaluation Report for Release of South Farm Site at the Curators of the University of Missouri, Columbia, Missouri; Materials License 24–00513–32, Docket 030–02278.	ML23278A150.

Dated: October 23, 2023.

For the Nuclear Regulatory Commission.

Michael M. LaFranzo,

Senior Health Physicist, Decommissioning, Reactors, ISFSI and Health Physics Branch, Division of Radiological Safety and Security, Region III.

PENSION BENEFIT GUARANTY CORPORATION

Proposed Submission of Information Collection for OMB Review; Comment Request; Disclosure of Termination Information

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Notice of intent to request extension of OMB approval of an information collection.

SUMMARY: The Pension Benefit Guaranty Corporation (PBGC) intends to request that the Office of Management and Budget (OMB) extend approval, under the Paperwork Reduction Act, of a collection of information on the disclosure of termination information

under its regulations for distress terminations and for PBGC-initiated terminations (OMB control number 1212-0065; expires April 30, 2024). This notice informs the public of PBGC's intent and solicits public comment on the collection of information.

DATES: Comments must be received on or before December 26, 2023 to be assured of consideration.

ADDRESSES: Comments may be submitted by any of the following methods:

- **Federal eRulemaking Portal:** <https://www.regulations.gov>. Follow the instructions for submitting comments.
- **Email:** paperwork.comments@pbgc.gov. Refer to Disclosure of Termination Information in the subject line.

- **Mail or Hand Delivery:** Regulatory Affairs Division, Office of the General Counsel, Pension Benefit Guaranty Corporation, 445 12th Street SW, Washington, DC 20024-2101.

Commenters are strongly encouraged to submit comments electronically. Commenters who submit comments on paper by mail should allow sufficient time for mailed comments to be received before the close of the comment period.

All submissions received must include the agency's name (Pension Benefit Guaranty Corporation, or PBGC) and refer to Disclosure of Termination Information. All comments received will be posted without change to PBGC's website, <http://www.pbgc.gov>, including any personal information provided. Do not submit comments that include any personally identifiable information or confidential business information.

Copies of the collection of information may be obtained without charge by writing to the Disclosure Division, (disclosure@pbgc.gov), Office of the General Counsel, Pension Benefit Guaranty Corporation, 445 12th Street SW, Washington, DC 20024-2101; or, calling 202-229-4040 during normal business hours. If you are deaf or hard of hearing, or have a speech disability, please dial 7-1-1 to access telecommunications relay services.

FOR FURTHER INFORMATION CONTACT: Monica O'Donnell (o'donnell.monica@pbgc.gov), Law Clerk, Regulatory Affairs Division, Office of the General Counsel, Pension Benefit Guaranty Corporation, 445 12th Street SW, Washington DC 20024-2101; 202-229-8706. If you are deaf, hard of hearing, or have a speech disability, please dial 7-1-1 to access telecommunications relay services.

SUPPLEMENTARY INFORMATION: Sections 4041 and 4042 of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), 29 U.S.C 1301-1461, govern the termination of single-employer defined benefit pension plans that are subject to title IV of ERISA. A plan administrator may initiate a distress termination pursuant to section 4041(c), and PBGC may itself initiate proceedings to terminate a pension plan under section 4042 if PBGC determines that certain conditions are present. Under sections 4041 and 4042 of ERISA, upon a request by an affected party, a plan administrator must disclose information it has submitted to PBGC in connection with a distress termination filing, and a plan administrator or plan sponsor must disclose information it has submitted to PBGC in connection with a PBGC-initiated termination. The provisions also require PBGC to disclose the administrative record relating to a PBGC-initiated termination upon request by an affected party.

The existing collection of information was approved through April 30, 2024, under OMB control number 1212-0065. PBGC intends to request that OMB extend its approval of this collection of information for 3 years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that approximately 30 plans will terminate as distress or PBGC-initiated terminations each year and that two participants or other affected parties of every nine distress terminations or PBGC-initiated terminations filed will annually make requests for termination information, or 2% of 30 (approximately 7 per year). PBGC estimates that the hour burden for each request will be about 20 hours. PBGC expects that the staff of plan administrators and sponsors will perform the work in-house and that no work will be contracted to third parties. The total annual hour burden is estimated to be 140 hours (7 plans × 20 hours), and the total annual cost burden is estimated to be \$0.

PBGC is soliciting public comments to—

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodologies and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Issued in Washington, DC.

Hilary Duke,

Assistant General Counsel for Regulatory Affairs, Pension Benefit Guaranty Corporation.
