

New Change*APC Program Termination*

The Automated Passport Control (APC) program is terminated as of September 30, 2023. Termination of the APC program will allow CBP passenger processing to streamline into a single Simplified Arrival workflow without need of interacting with a kiosk. The removal of the kiosk space will also provide additional queuing space for travelers that will utilize MPC to expedite their entry process into the United States.

MPC Expansion

Mobile Passport Control (MPC) program will expand to include U.S. Legal permanent residents (LPR) and Visa Waiver Program (VWP) country visitors arriving for their second visit to the United States. The Automated Passport Control (APC) program previously captured this population, and CBP is now expanding the MPC program to be used by these populations. U.S. LPRs are eligible for SA's photo biometric confirmation upon arrival into the United States. Other classes of admission eligible for SA's photo biometric confirmation will be considered for MPC inclusion as a future update.

CBP One™ Mobile Application

A new mobile application testing the operational effectiveness of a process which allows travelers to use a mobile application to submit information to CBP, in advance, prior to arrival. This second mobile capability is under the current CBP One™ application which is a platform application that serves as a single portal for travelers and stakeholders to virtually interact with CBP. The CBP One™ application will also allow travelers to self-segment upon arrival at land borders in the United States.

Similar to the MPC application, the CBP One™ application eliminates the administrative tasks performed by the officer during a traditional inspection and in most cases will eliminate the need for respondents/travelers to fill out a paper declaration. In addition, the CBP One™ application will also provide a more efficient and secure in person inspection between the CBP Officer and the traveler at the land border.

Unique to the CBP One™ application is that while the MPC submission is completed upon arrival, the CBP One™ application must be submitted in advance and will require the additional data elements:

1. Traveler Identify the Port of Entry (POE).
2. Time and/or date of arrival.

In addition, like the MPC application, travelers will provide their answers to CBP's questions, take a self-picture/selfie and submit the information via the CBP One™ application, after the plane lands. This will allow for advance vetting and proper resource management at the POE. This capability through the CBP One™ application is available to all travelers arriving with authorized travel documents, including foreign nationals.

Type of Information Collection: Customs Declarations (Form 6059B).

Estimated Number of Respondents: 34,006,000.

Estimated Number of Annual Responses per Respondent: 1.

Estimated Number of Total Annual Responses: 34,006,000.

Estimated Time per Response: 4 minutes.

Estimated Total Annual Burden Hours: 2,278,402.

Type of Information Collection: Verbal Declarations.

Estimated Number of Respondents: 233,000,000.

Estimated Number of Annual Responses per Respondent: 1.

Estimated Number of Total Annual Responses: 233,000,000.

Estimated Time per Response: 10 seconds.

Estimated Total Annual Burden Hours: 699,000.

Type of Information Collection: MPC APP.

Estimated Number of Respondents: 3,500,000.

Estimated Number of Annual Responses per Respondent: 1.

Estimated Number of Total Annual Responses: 3,500,000.

Estimated Time per Response: 2 minutes.

Estimated Total Annual Burden Hours: 115,500.

Type of Information Collection: CBP One APP.

Estimated Number of Respondents: 500,000.

Estimated Number of Annual Responses per Respondent: 1.

Estimated Number of Total Annual Responses: 500,000.

Estimated Time per Response: 2 minutes.

Estimated Total Annual Burden Hours: 16,500.

Dated: October 24, 2023.

Seth D. Renkema,

Branch Chief, Economic Impact Analysis Branch, U.S. Customs and Border Protection.

BILLING CODE P

DEPARTMENT OF THE INTERIOR**Geological Survey**

[GX24GG009950000]

Public Meeting of the Scientific Earthquake Studies Advisory Committee

AGENCY: Geological Survey, Department of the Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act (FACA), as amended, the U.S. Geological Survey (USGS) is publishing this notice to announce that a Federal Advisory Committee meeting of the Scientific Earthquake Studies Advisory Committee (SESAC) will take place.

DATES: The hybrid meeting will be held in person and virtually via Microsoft Teams on November 16, 2023, from 8:00 a.m. to 6:00 p.m., Mountain Time and on November 17, 2023, from 8:00 a.m. to 2 p.m. Mountain Time.

ADDRESSES: The in-person component of the meeting will be held at the USGS, 1711 Illinois St., Golden, Colorado. Comments can be sent to Dr. Gavin Hayes, USGS, by email at ghayes@usgs.gov or by telephone at 303-374-4449.

FOR FURTHER INFORMATION CONTACT: Dr. Gavin Hayes, USGS, by email at ghayes@usgs.gov or by telephone at 303-374-4449. Individuals in the United States who are deaf, blind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: This meeting is being held under the provisions of the FACA of 1972 (5 U.S.C., appendix 2), the Government in the Sunshine Act of 1976 (5 U.S.C. 552B, as amended), and 41 CFR 102-3.140 and 102-3.150.

Purpose of the Meeting: The SESAC will review current activities of the USGS Earthquake Hazards Program (EHP), discuss future priorities, and consider its draft report to the USGS Director.

Agenda Topics: Earthquake Hazards Program (EHP) strategic planning; administration priorities and interactions; budget opportunities; balance of activities supported by the EHP; external grants; National Earthquake Hazards Reduction Program (NEHRP); National Seismic Hazard

Model; ShakeAlert; reports from SESAC sub-committees; the latest report to the USGS Director, and EHP responses.

Meeting Accessibility/Special Accommodations: The meeting is open to the public and will take place on November 16, 2023, from 8:00 a.m. to 6:00 p.m., Mountain Time and on November 17, 2023, from 8:00 a.m. to 2 p.m. Mountain Time. Members of the public wishing to attend the meeting should contact Dr. Gavin Hayes (see **FOR FURTHER INFORMATION CONTACT**). Virtual meeting instructions will be provided to registered attendees prior to the meeting.

Please make requests in advance for sign-language interpreter services, assistive listening devices, or other reasonable accommodations. We ask that you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice at least seven (7) business days prior to the meeting to give the Department of the Interior sufficient time to process your request. All reasonable accommodation requests are managed on a case-by-case basis.

Public Disclosure of Comments: There will be an opportunity for public comments during both days of the meeting. Depending on the number of people who wish to speak and the time available, the time for individual comments may be limited. Written comments may also be sent to the SESAC for consideration. To allow for full consideration of information by the SESAC members, written comments must be provided to Dr. Gavin Hayes (see **FOR FURTHER INFORMATION CONTACT**) at least three (3) business days prior to the meeting. Any written comments received will be provided to SESAC members before the meeting.

Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you may ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Authority: 5 U.S.C. ch. 10.

Linda R. Huey,

USGS Program Specialist, Natural Hazards Mission Area.

BILLING CODE 4338-11-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[BLM_UT_FRN_MO4500170231]

Notice of Realty Action: Noncompetitive (Direct) Sale of Public Land in Garfield County, Utah

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: The Bureau of Land Management (BLM) is proposing a non-competitive (direct) sale of a 5.27-acre parcel of public land in Garfield County, Utah, to Millard “Crockett” Dumas. The sale would resolve an inadvertent unauthorized use of public lands. The sale would be subject to the applicable provisions of the Federal Land Policy and Management Act of 1976 (FLPMA), as amended, and the BLM land sale regulations. The sale would be for no less than the appraised fair market value of \$5,000.

DATES: Interested parties must submit written comments no later than December 11, 2023.

ADDRESSES: Mail written comments to BLM Kanab Field Office, Field Manager, 669 South Highway 89A, Kanab, UT 84741, or submit them online at <https://eplanning.blm.gov/eplanning-ui/project/2020901/510>.

FOR FURTHER INFORMATION CONTACT: Brandon Johnson, Realty Specialist, BLM Utah State Office, phone: (435) 819-0016, email: kbjohnso@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In the 1970s, the adjacent landowner misinterpreted the boundary of their private property and inadvertently built flood retention structures, corrals, and a barn that encroached onto what is now an isolated parcel of public land. Mr. Dumas later purchased the private property and has nominated the public land parcel for direct sale. The parcel is only accessible through Mr. Dumas’ property. The BLM proposes to offer the land for direct sale to resolve the issue.

The following described public land in Garfield County has been examined and found suitable for sale under the authority of Sections 203 and 209 of FLPMA, as amended:

Salt Lake Meridian, Utah

T. 35 S., R. 3 E.,
Sec. 5, parcel A.

The area described contains 5.27 acres, according to the official plat of survey of the said land, on file with the BLM.

The proposed sale conforms with the BLM Kanab Field Office Resource Management Plan, approved in October 2008. There is no known mineral value in the parcel, so the mineral estate would also be conveyed, in accordance with Section 209 of FLPMA. The lands are identified as available for disposal and listed by the legal description in Appendix D on page A5-1. A parcel-specific environmental assessment (EA), document number DOI-BLM-UT-P020-2022-0013-EA, was prepared in connection with this realty action and may be viewed at <https://eplanning.blm.gov/eplanning-ui/project/2020901/510>.

The land is suitable for direct sale under FLPMA, without competition, consistent with 43 CFR 2711.3-3(a)(4), as direct sales may be used “when in the opinion of the authorized officer, a competitive sale is not appropriate and the public interest would best be served by a direct sale[.]” including when “the adjoining ownership pattern and access indicate a direct sale is appropriate[.]” The parcel is only accessible through Mr. Dumas’ private property, and no other potential bidder currently has legal access to this parcel. It is also suitable for direct sale consistent with 43 CFR 2711.3-3(a)(5) because there is a need to resolve an inadvertent and unauthorized use of public lands, which are encumbered by privately constructed improvements.

Pursuant to the requirements of 43 CFR 2711.1-2(d), publication of this notice in the **Federal Register** will segregate the land from all forms of appropriation under the public land laws, including the mining laws, except for the sale provisions of FLPMA. Until completion of the sale, the BLM will no longer accept land use applications affecting this public land. The segregative effect will terminate upon issuance of a patent, publication in the **Federal Register** of termination of the segregation, or on October 27, 2025, unless extended by the BLM Utah State Director in accordance with 43 CFR 2711.1-2(d) prior to the termination date.

The conveyance document, if issued, will include the following terms, covenants, conditions, and reservations:

1. A reservation to the United States for ditches and canals constructed by
