A. Overview of Information Collection

Title of Information Collection: Green and Resilient Retrofit Program (GRRP) Supporting Documentation.

OMB Approval Number: Pending.

OMB Expiration Date: TBD

Type of Request: New collection.

Form Numbers: TBD. While numbers have not yet been assigned, the covered forms include Transaction Plan Templates, Commitment Templates, Escrow Deposit Agreement template, Use Agreement, Surplus Cash loan agreement, Grant Agreement, Surplus Cash Loan Note, Amortizing Loan Note, Surplus Cash Loan Mortgage, Amortizing Loan Mortgage, Addendum to Assistance Contract template including efficiency add-on, Resilience Survey and Completion Certification.

Description of the need for the information and proposed use: The Green and Resilient Retrofit Program (“GRRP”) is funded through Title III of the Inflation Reduction Act of 2022, H.R. 5376 (IRA), in section 30002 titled “Improving Energy Efficiency or Water Efficiency or Climate Resilience of Affordable Housing” (the “IRA”), authorizing HUD to make loans, grants to improve energy or water efficiency; enhance indoor air quality or sustainability; implement the use of zero-emission electricity generation, low-emission building materials or processes, energy storage, or building electrification strategies; or address climate resilience of eligible HUD-assisted multifamily properties. The program leverages significant technological advancements in utility efficiency and adds a focus on preparing for climate hazards—both reducing

residents’ and properties’ exposure to hazards and protecting life, livability, and property when disaster strikes. With its dual focus, GRRP is the first program to consider, at the national scale, how best to approach both green and energy efficiency upgrades simultaneously with investment in climate resilience strategies in multifamily housing. HUD is taking a multi-faceted approach to deploy these funds multiple funding rounds and for properties at different development stages.

Funding under this program will be made through multiple cohorts under one or multiple Notices of Funding Opportunity (NOFOs) that will detail the application process for eligible applicants. This collection is necessary in order to receive applications requesting funding under this program and to complete processing requirements for multifamily owners selected under one of the GRRP cohorts (Elements, Leading Edge & Comprehensive). Documents will include information an owner may need to collect, maintain, or submit to ensure GRRP programmatic and statutory compliance with eligibility requirements and documentation required for HUD approval of any legal and financial obligations including:

- Award eligibility requirements as described in the GRRP Notices.
- Information needed to determine compliance with program requirements.
- Information the Department may require in order to exercise discretionary judgment authorized under the GRRP Notice.
- Demonstration of transaction closing preparedness, including, as applicable:
 - Documentation required for HUD approval for any financial information relative to GRRP grants and loans.
