

*Total estimated burden:* 19,763 hours for applicants annually and 59,289 hours for applicants over the ICR period. Burden is defined at 5 CFR 1320.03(b)

Changes in the estimates: There is an increase of 2,476 hours burden hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This change is due to minor decreases to the respondent count for the Payment Request Form and Close Out Form, offset by increases to the respondents' time burden for all forms to more accurately reflect the time required for program participants to complete the forms given changes in program requirements and changes to the amount of time given to selectees to edit their forms.

**Karl Simon,**

*Director, Transportation and Climate Division, Office of Air and Radiation.*

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-11464-01-OA]

### Request for Nominations of Candidates for the Clean Air Scientific Advisory Committee (CASAC) Nitrogen Oxides (NO<sub>x</sub>) Panel

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office requests public nominations of scientific experts for the CASAC NO<sub>x</sub> Panel. This panel will provide advice through the chartered CASAC on the scientific and technical bases for the agency's review of the Primary National Ambient Air Quality Standards (NAAQS) for nitrogen oxides.

**DATES:** Nominations should be submitted by November 24, 2023 per the instructions below.

**FOR FURTHER INFORMATION CONTACT:** Any member of the public wishing further information regarding this Notice and Request for Nominations may contact Mr. Aaron Yeow, Designated Federal Officer (DFO), SAB Staff Office, by telephone at (202) 564-2050 or via email at [yeow.aaron@epa.gov](mailto:yeow.aaron@epa.gov). General information concerning the CASAC can be found on the CASAC website: <https://casac.epa.gov>.

#### SUPPLEMENTARY INFORMATION:

*Background:* The CASAC was established pursuant to the Clean Air Act (CAA) Amendments of 1977,

codified at 42 U.S.C. 7409(d)(2), to review air quality criteria and NAAQS and recommend to the EPA Administrator any new NAAQS and revisions of existing criteria and NAAQS as may be appropriate. The CASAC shall also: advise the EPA Administrator of areas in which additional knowledge is required to appraise the adequacy and basis of existing, new, or revised NAAQS; describe the research efforts necessary to provide the required information; advise the EPA Administrator on the relative contribution to air pollution concentrations of natural as well as anthropogenic activity; and advise the EPA Administrator of any adverse public health, welfare, social, economic, or energy effects which may result from various strategies for attainment and maintenance of such NAAQS. As amended, 5 U.S.C. app. section 109(d)(1) of the Clean Air Act (CAA) requires that EPA carry out a periodic review and revision, as appropriate, of the air quality criteria and the NAAQS for the six "criteria" air pollutants, including nitrogen oxides.

The CASAC is a Federal advisory committee chartered under the Federal Advisory Committee Act (FACA). As a Federal Advisory Committee, the CASAC conducts business in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. 10) and related regulations. The CASAC and the CASAC NO<sub>x</sub> Panel will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

*Request for Nominations:* The SAB Staff Office is seeking nominations of nationally and internationally recognized scientists with demonstrated expertise and research in the field of air pollution related to criteria pollutants. For the CASAC NO<sub>x</sub> Panel, experts are being sought in the following fields, especially with respect to NO<sub>x</sub>: atmospheric science, human exposure, dosimetry, toxicology, epidemiology, medicine, public health, biostatistics, and risk assessment.

*Process and Deadline for Submitting Nominations:* Any interested person or organization may nominate qualified individuals in the areas of expertise described above. Individuals may self-nominate. Nominations should be submitted in electronic format (preferred) using the online nomination form under "Public Input on Membership" on the CASAC web page at <https://casac.epa.gov>. To be considered, all nominations should include the information requested below. EPA values and welcomes diversity. All qualified candidates are

encouraged to apply regardless of sex, race, disability or ethnicity. Nominations should be submitted by November 24, 2023.

The following information should be provided on the nomination form: contact information for the person making the nomination; contact information for the nominee; and the disciplinary and specific areas of expertise of the nominee. Nominees will be contacted by the SABSO and will be asked to provide a recent *curriculum vitae* and a narrative biographical summary that includes current position, educational background, research activities, sources of research funding for the last two years, and recent service on other national advisory committees or national professional organizations. Persons having questions about the nomination process, or the public comment process described below, or who are unable to submit nominations through the CASAC website, should contact the DFO, as identified above. The names and biosketches of qualified nominees identified by respondents to this **Federal Register** notice, and additional experts identified by the SAB Staff Office, will be posted in a List of Candidates on the CASAC website at <https://casac.epa.gov>. Public comments on each List of Candidates will be accepted for 21 days from the date the list is posted. The public will be requested to provide relevant information or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates.

For the EPA SAB Staff Office, a balanced review panel includes candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately address the charge. In forming this expert panel, the SAB Staff Office will consider public comments on the List of Candidates, information provided by the candidates themselves, and background information independently gathered by the SAB Staff Office. Selection criteria to be used for panel membership include: (a) scientific and/or technical expertise, knowledge, and experience (primary factors); (b) availability and willingness to serve; (c) absence of financial conflicts of interest; (d) absence of an appearance of a lack of impartiality; (e) skills working in committees, subcommittees and advisory panels; and (f) for the panel as a whole, diversity of expertise and viewpoints.

Candidates may be asked to submit the “Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency” (EPA Form 3110–48). This confidential form is required for Special Government Employees (SGEs) and allows EPA to determine whether there is a statutory conflict between that person’s public responsibilities (which includes membership on an EPA federal advisory committee) as an SGE and private interests and activities, or the appearance of a loss of impartiality, as defined by Federal regulation. The form may be viewed and downloaded through the “Ethics Requirements for Advisors” link on the CASAC home page at <https://casac.epa.gov>. This form should not be submitted as part of a nomination.

**V. Khanna Johnston,**

*Deputy Director, Science Advisory Board Staff Office.*

**Proposed Information Collection Request; Comment Request; Control of Evaporative Emissions From New and In-Use Portable Gasoline Containers (Renewal), ICR 2213.07, OMB 2060–0597**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency is planning to submit an information collection request (ICR), “Control of Evaporative Emissions from New and In-Use Portable Gasoline Containers (Renewal)”, ICR 2213.07, OMB 2060–0597 to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. Before doing so, EPA is soliciting public comment on specific aspects of the proposed information collection request as described below. This notice is a proposed extension of the Portable Fuel Container ICR, which is currently approved through January 31, 2024. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

**DATES:** Comments must be submitted on or before January 2, 2024.

**ADDRESSES:** Submit your comments, referencing the Docket ID No. EPA–HQ–OAR–2013–0118, to the EPA: online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

EPA’s policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

**FOR FURTHER INFORMATION CONTACT:** Philip Carlson, Compliance Division, Office of Transportation and Air Quality, U.S. Environmental Protection Agency, 2000 Traverwood, Ann Arbor, Michigan 48105; telephone number: 734–214–4270; fax number 734–214–4869; email address: [Carlson.Philip@epa.gov](mailto:Carlson.Philip@epa.gov).
