SUPPLEMENTARY INFORMATION:
I. Abstract

In the current employment environment, life science and engineering graduates are in great demand. The United States Patent and Trademark Office (USPTO) is in direct competition with the private industry for the same caliber of candidates with the requisite knowledge and skills to perform patent examination work. This information collection covers online applications to the USPTO for entry-level patent examiner positions. More specifically, the collection covers the respondent data gathered from the applications. The USPTO posts the relevant positions online and collects applicant information via the USA Staffing System.

The USA Staffing online application collects supplemental information to a candidate’s USAJOBS application. This information assists USPTO Human Resource Specialists and Hiring Managers in determining whether an applicant possesses the basic qualification requirements for a patent examiner position. From the information collected, the USA Staffing system creates an electronic real-time candidate inventory on applicants’ expertise and technical knowledge, which allows USPTO to immediately review applications from multiple applicants. The use of such automated online systems during recruitment allows USPTO to remain competitive, meet hiring goals, and fulfill the Agency’s Congressional commitment to reduce the pendency rate for the examination of patent applications.

II. Method of Collection

Items in this information collection must be submitted electronically via the USA Staffing system.

1 USPTO uses the OPM Special Rate Table 0576—Patent Examiner 07–Step 1 (the salary divided by 2,080 (the hours per year in a standard 40-hour work-week)) as an estimate for the hourly rate: https://www.opm.gov/special-rates/2023/Table057601012023.aspx.

Estimated Total Annual Respondent Non-Hourly Cost Burden: $0. There are no capital start-up, maintenance costs, recordkeeping costs, filing fees, or postage costs associated with this information collection.

IV. Request for Comments

The USPTO is soliciting public comments to:

(a) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the Agency’s estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
(c) Enhance the quality, utility, and clarity of the information to be collected; and
(d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

All comments submitted in response to this notice are a matter of public record. USPTO will include or summarize each comment in the request to OMB to approve this information collection. Before including an address, phone number, email address, or other personally identifiable information (PII) in a comment, be aware that the entire comment—including PII—may be made publicly available at any time. While you may ask in your comment to withhold PII from public view, USPTO cannot guarantee that it will be able to do so.

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC–2010–0056]

Agency Information Collection Activities; Proposed Extension of Approval of Information Collection; Comment Request—Safety Standard for Bicycle Helmets

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995, the Consumer Product Safety Commission (CPSC or Commission) requests comments on a proposed extension of approval for a collection of information relating to the Safety Standard for Bicycle Helmets. The Office of Management and Budget (OMB) previously approved the collection of information under control number 3041–0127. OMB’s most recent extension of approval will expire on January 31, 2024. The Commission will consider all comments received in response to this notice before requesting an extension of approval of this collection of information from OMB.

DATES: Submit comments on the collection of information by January 16, 2024.

ADDRESSES: You may submit comments, identified by Docket No. CPSC–2010–0056, by any of the following methods:

• Electronic Submissions: Submit electronic comments to the Federal eRulemaking Portal at: http://www.regulations.gov. Follow the instructions for submitting comments. Do not submit through this website: confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public. The Commission typically does not accept comments submitted by email, except as described below.

• Mail/Hand Delivery/Courier/Written Submissions: CPSC encourages you to submit electronic comments by using the Federal eRulemaking Portal. You may, however, submit comments by mail/hand delivery/courier to: Office of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; telephone (301) 504–7923.

Instructions: All submissions received must include the agency name and docket number for this notice. CPSC may post all comments without change, including any personal identifiers, contact information, or other personal information provided, to: http://www.regulations.gov. If you wish to submit confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public, you may submit such comments by mail, hand delivery, or courier, or you may email them to cpsc-os@cpsc.gov.

Docket: For access to the docket to read background documents or comments received, go to: https://www.regulations.gov, insert docket number CPSC–2010–0056 into the “Search” box, and follow the prompts.

FOR FURTHER INFORMATION CONTACT: Cynthia Gillham, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504–7791, or by email to: prn@cpsc.gov.

SUPPLEMENTARY INFORMATION: CPSC seeks to extend the following collection of information:

Title: Safety Standard for Bicycle Helmets.

OMB Number: 3041–0127.

Type of Review: Extension of collection.

Frequency of Response: On occasion.

Affected Public: Manufacturers and importers of bicycle helmets.

Estimated Number of Respondents: The Commission estimates that 38 manufacturers and importers will issue certificates on an estimated total of 200 models annually, including both older models and new models.

Estimated Time per Response: The Commission estimates that manufacturers and importers will require 4 hours per model for recordkeeping and certification activities each year.

Total Estimated Annual Burden: Based on CPSC’s estimates that manufacturers and importers will conduct recordkeeping and reporting activities for a total of 200 models, and that a total of 4 hours will be required per model, CPSC estimates that the total annual burden of this collection is 800 hours. The annualized cost to respondents for the information collection is $26,944 (800 hours × $33.68/hr), as estimated from total compensation data available from the U.S. Bureau of Labor Statistics.1

General Description of Collection: In 1998, the Commission issued a safety standard for bicycle helmets (16 CFR part 1203). The standard includes requirements for labeling and instructions. The standard also requires that manufacturers and importers of bicycle helmets subject to the standard issue certificates of compliance based on a reasonable testing program. Everyone person issuing certificates of compliance must maintain records of their testing so the Commission can verify that the testing was conducted properly. Respondents must comply with the requirements in 16 CFR part 1203 for labeling and instructions, testing, certification, and recordkeeping.

Request for Comments:
The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

• whether the collection of information described above is necessary for the proper performance of the Commission’s functions, including whether the information would have practical utility;

• whether the estimated burden of the proposed collection of information is accurate;

• whether the quality, utility, and clarity of the information to be collected could be enhanced; and
