Purpose and Use of the Information Collection:

There are no changes proposed to the state plan; FYSB is requesting to use these plans for another 3 years.

The Performance Progress Reports are collected semi-annually and inform the monitoring of the grantees’ program design, program evaluation, management improvement, service quality, and compliance with agreed upon goals. ACYF/FYSB has and will continue to use the information to ensure effective service delivery for program participants. Finally, the data from this collection will be used to report outcomes and efficiencies and will provide valuable information to policy makers and key stakeholders in the development of program and research efforts.
