

complete analysis given the complexity of the issues in these cases and the number of subsidy programs under investigation in each.⁴

In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determinations, and Commerce finds there are no compelling reasons to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determinations to no later than 130 days after the day on which these investigations were initiated, *i.e.*, March 25, 2024.⁵ Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: December 1, 2023.

Non-Refillable Steel Cylinders From the People’s Republic of China: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2020–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that certain producers and/or exporters made sales of non-refillable steel cylinders (non-refillable cylinders) from the People’s Republic of China (China) at less than normal value, and one company had no shipments of subject merchandise during the period of review (POR), October 30, 2020, through April 30, 2022.

⁴ *Id.*

⁵ Postponing the preliminary determination to 130 days after initiation would place the deadline on Saturday, March 23, 2024. Commerce’s practice dictates that where a deadline falls on a weekend or a federal holiday, the appropriate deadline is the next business day. See *Notice of Clarification: Application of “Next Business Day” Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

DATES: Applicable December 7, 2023.

SUPPLEMENTARY INFORMATION:

Background

On June 6, 2023, Commerce published the *Preliminary Results*.¹ We invited interested parties to comment on the *Preliminary Results*.² For events subsequent to the *Preliminary Results*, see the Issues and Decision Memorandum.³ On September 22, 2023, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), Commerce extended the deadline for these final results until December 1, 2023.⁴

Scope of the Order⁵

The products covered by this *Order* are certain seamed (welded or brazed), non-refillable steel cylinders meeting the requirements of, or produced to meet the requirements of, U.S. Department of Transportation (USDOT) Specification 39, TransportCanada Specification 39M, or United Nations pressure receptacle standard ISO 11118. A full description of the scope of the *Order* is provided in the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised by interested parties in briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is provided in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty

Changes Since the Preliminary Results

Based on our analysis of the comments received from interested parties regarding our *Preliminary Results*, we made certain changes to the margin calculation for mandatory respondent Wuyi Xilinde Machinery Manufacture Co., Ltd. (Wuyi Xilinde), and consequently, the rate assigned to the non-examined separate rate respondents.⁶ For detailed information, see the Issues and Decision Memorandum.

Final Determination of No Shipments

In the *Preliminary Results*, we preliminarily determined that Zhejiang Kin-Shine Technology Co., Ltd. (Zhejiang Kin-Shine) had no shipments of subject merchandise to the United States during the POR.⁷ No party filed comments with respect to this preliminary determination, and we received no information to contradict it. Therefore, we continue to find that Zhejiang Kin-Shine had no shipments of subject merchandise during the POR and will issue appropriate liquidation instructions that are consistent with our “automatic assessment” instructions for these final results.⁸

Separate Rate Respondents

In our *Preliminary Results*, we determined that Wuyi Xilinde, and two other companies demonstrated their eligibility for separate rates.⁹ We received no information or arguments since the issuance of the *Preliminary Results* that provide a basis for reconsideration of these determinations. Therefore, for these final results, we continue to find that the two companies listed in the table in the “Final Results” section of this notice are each eligible for a separate rate, in addition to Wuyi Xilinde.

⁶ See Memoranda, “Final Results Analysis Memorandum for Wuyi Xilinde Machinery Manufacture Co., Ltd.,” dated concurrently with this notice; and “Surrogate Values for the Final Results,” dated concurrently with this notice.

⁷ See *Preliminary Results*, 88 FR at 37025.

⁸ See *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 (October 24, 2011).

⁹ See *Preliminary Results*, 88 FR at 37025.

Rate for Non-Examined Separate Rate Respondents

Under section 735(c)(5)(A) of the Act, Commerce's usual practice in determining the rate for separate rate respondents not selected for individual examination is to average the weighted-average dumping margins for the selected companies, excluding rates that are zero, *de minimis*, or based entirely on facts available.¹⁰ In the *Preliminary Results*,¹¹ consistent with Commerce's practice,¹² we assigned the non-examined, separate rate companies the margin calculated for Wuyi Xilinde, which was not zero, *de minimis*, or based entirely on facts available. No parties commented on the methodology for calculating this separate rate. As such, for these final results, we have assigned the 87.26 percent weighted-average dumping margin calculated for Wuyi Xilinde to the two non-examined respondents which qualify for a separate rate in this review, consistent with Commerce's practice and section 735(c)(5)(A) of the Act.

Final Results of Review

We determine that the following weighted-average dumping margins exist for the period October 30, 2020, through April 30, 2022:

Exporter	Weighted-average dumping margin (percent)
Wuyi Xilinde Machinery Manufacture Co., Ltd	87.26
Ningbo Eagle Machinery & Technology Co., Ltd	87.26
Sanjiang Kai Yuan Co. Ltd	87.26

Disclosure

We intend to disclose to interested parties the calculations and analysis performed for these final results within five days of the date of the publication of this notice in the **Federal Register** in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce will determine, and U.S. Customs and

Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

For Wuyi Xilinde, which has a final weighted-average dumping margin that is not zero or *de minimis* (*i.e.*, less than 0.5 percent), we will calculate importer-specific assessment rates for that respondent, in accordance with 19 CFR 351.212(b)(1). Pursuant to 19 CFR 351.212(b)(1), where the respondent reported the entered value of its U.S. sales, we will calculate importer-specific *ad valorem* assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. Where the respondent did not report entered value, we will calculate importer-specific per-unit duty assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total quantity of those sales. To determine whether an importer-specific per-unit assessment rate is *de minimis* in accordance with 19 CFR 351.106(c)(2), we will also calculate an importer-specific *ad valorem* ratio based on estimated entered values.

For the respondents which were not selected for individual examination in this administrative review, and which qualified for a separate rate, the assessment rate will be equal to the rate assigned to them for these final results (*i.e.*, 87.26 percent).

Pursuant to a refinement in our non-market economy practice, for sales that were not reported in the U.S. sales data submitted by companies individually examined during this review, we will instruct CBP to liquidate entries associated with those sales at the rate for the China-wide entity. Furthermore, where we found that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's cash deposit rate) will be liquidated at the rate for the China-wide entity.

Cash Deposit Requirements

The following cash deposit requirements for estimated antidumping duties will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be equal to each company's weighted-average dumping margin established in the final results of this administrative review; (2) for previously-investigated or reviewed Chinese and non-Chinese exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most-recently completed segment of this proceeding in which they were reviewed; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be equal to the weighted-average dumping margin for the China-wide entity (*i.e.*, 101.67 percent); and (4) for all non-Chinese exporters of subject merchandise which have not received their own separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter(s) that supplied the non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is

Supp. 2d 1344, 1357–60 (CIT 2008) (affirming Commerce's determination to assign a 4.22 percent dumping margin to the separate rate respondents in a segment where the three mandatory respondents received dumping margins of 4.22 percent, 0.03 percent, and zero percent, respectively).

Aluminum Lithographic Printing Plates From the People's Republic of China: Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable December 7, 2023.

SUPPLEMENTARY INFORMATION:

Background

On October 18, 2023, the U.S. Department of Commerce (Commerce)

initiated a countervailing duty (CVD) investigation of imports of aluminum lithographic printing plates (printing plates) from the People's Republic of China (China).¹ Currently, the preliminary determination is due no later than December 22, 2023.

Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On November 27, 2023, Eastman Kodak Company (the petitioner) timely filed a request for Commerce to postpone the preliminary CVD determination.² The petitioner requested postponement of the preliminary determination because Commerce needs additional time to collect and analyze questionnaire responses from the Government of China and the mandatory respondents in this investigation, and issue supplemental questionnaires.³

In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determination, and Commerce finds no compelling reason to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determination to no later than 130 days after the date on which this
