SUPPLEMENTARY INFORMATION:

I. Background

The HOTMA final rule was published on February 14, 2023 (88 FR 9600). The HOTMA final rule revises HUD’s 24 CFR part 5 income regulations for Section 8, public housing, and other HUD programs. The HOTMA final rule included amendments to 24 CFR parts 92, 93, 570, and 574 to align income requirements to implement sections 102 and 104 of the Housing Opportunity Through Modernization Act of 2016 (HOTMA) (Pub. L. 114–201, 130 Stat. 782). Additionally, the HOTMA final rule changed the income requirements for programs subject to 24 CFR parts 576 and 578, as well as competitive programs using Notices of Funding Opportunity (“NOFOs”) that reference the regulations in 24 CFR part 5. The final rule established an effective date for these amendments of January 1, 2024.

On September 29, 2023, HUD’s Office of Public and Indian Housing (“PIH”) and Office of Housing announced that HUD would allow for a later compliance date than the effective date of the HOTMA final rule in Section 6 of Notice H 2023–10/PIH 2023–27 (“HOTMA Notice”). This was in response to requests from PHAs, owners, and related housing partners for additional time to prepare for HOTMA final rule implementation. Through the HOTMA Notice, HUD allowed PHAs the flexibility to establish their own compliance date for sections 102 and 104 of HOTMA as early as January 1,

2024, and no later than January 1, 2025.¹ HUD has determined that CPD grantees receiving assistance through CPD programs must be provided similar flexibilities as PHAs and is communicating these flexibilities through this notice.

II. Delay of Compliance Date

CPD programs serve a broad group of beneficiaries through a range of activities not generally authorized under other HUD programs, including but not limited to downpayment assistance, homeowner rehabilitation, rental assistance for tenants, emergency shelter, homeless prevention activities, public services, construction of public facilities and improvements, and installation of infrastructure. CPD funds used for housing development are often layered in the same projects or units that also receive funding under HUD’s PIH and Housing programs, including the Section 8 voucher and rental assistance programs. Moreover, rental units developed with CPD funds may be occupied by families who also receive Federal tenant-based rental assistance (“TBRA”), including CPD-funded TBRA.

Under the HOTMA final rule, CPD programs that reference or use 24 CFR 5.603, 24 CFR 5.609, 24 CFR 5.611, 24 CFR 5.617, or 24 CFR 5.618 are subject to new or different requirements on January 1, 2024.² Additionally, HUD issued conforming regulations to 24 CFR parts 92, 93, 570, and 574 that are also effective January 1, 2024. To fully implement and comply with the HOTMA final rule no later than January 1, 2025, CPD program administrators must develop and/or update program guidelines, including policies, procedures, and internal systems, and conduct software updates to incorporate the new income and asset requirements prior to implementing these requirements for their programs. CPD program administrators must also identify ways in which CPD grantees can obtain income determinations from other HUD programs in order to implement program flexibilities that were built into the HOTMA final rule for those programs.

HUD recognizes that until HUD has provided the guidance and performed the software updates necessary for CPD

² When a grantee in CPD programs has a choice in applying a definition of annual income under their program regulations and the grantee chooses the definition in 24 CFR 5.609, then the grantee is subject to the applicable requirements in 24 CFR 5.609, as revised by the HOTMA final rule and applied in accordance with this Notice.
