SUPPLEMENTARY INFORMATION:

Title: Organic Handler Market Promotion Assessment Exemption under Federal Marketing Orders.

OMB Number: 0581–0216.

Expiration Date of Approval: February 29, 2024.

Type of Request: Extension of a currently approved information collection.

Abstract: Marketing order programs provide an opportunity for producers of fresh fruit, vegetables, and specialty crops in specified production areas to work together to solve marketing problems that cannot be solved individually.

Under the Agricultural Marketing Agreement Act of 1937 as amended (7 U.S.C. 601–674), marketing orders may authorize production and marketing research, including paid advertising, to promote various commodities, which is paid for by assessments that are levied on the handlers who are regulated by the Orders.

On May 13, 2002, the Farm Security and Rural Investment Act (7 U.S.C. 7901) amended the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 7201), exempting any person who handles or markets solely 100 percent organic products from paying these assessments with respect to any agricultural commodity that is produced on a certified organic farm, as defined in the Organic Foods Production Act of 1990 (7 U.S.C. 6502). A certified organic handler can apply for this exemption by completing a “Certified Organic Handler Application for Exemption from Market Promotion Assessments Paid Under Federal Marketing Orders,” and submitting it to the applicable marketing order committee or board.

Section 900.700 of the regulations (7 CFR 900.700) provides for exemption from assessments. This notice applies to the following marketing orders: 7 CFR parts 906 (Oranges and grapefruit grown in Lower Rio Grande Valley in Texas), 915 (Avocados grown in south Florida), 923 (Sweet cherries grown in designated counties in Washington), 925 (Grapes grown in a designated area of southeastern California), 927 (Pears grown in Oregon and Washington), 929 (Cranberries grown in Massachusetts, Rhode Island, Connecticut, New Jersey, Wisconsin, Michigan, Minnesota, Oregon, Washington, and Long Island in New York), 930 (Tart cherries grown in Michigan, New York, Pennsylvania, Oregon, Utah, Washington, and Wisconsin), 932 (Olives grown in California), 948 (Irish potatoes grown in Colorado), 955 (Vidalia onions grown in Georgia), 956 (Sweet onions grown in the Walla Walla Valley of southeast Washington and northeast Oregon), 958 (Onions grown in certain designated counties in Idaho, and Malheur County, Oregon), 959 (Onions grown in South Texas), 966 (Tomatoes grown in Florida), 981 (Almonds grown in California), 982 (Hazelnuts grown in Oregon and Washington), 984 (Walnuts grown in California), 985 (Spearment oil produced in Washington, Idaho, Oregon, and parts of Nevada and Utah), 986 (Pecans produced in Alabama, Arkansas, Arizona, California, Florida, Georgia, Kansas, Louisiana, Missouri, Mississippi, North Carolina, New Mexico, Oklahoma, South Carolina, and Texas), 987 (Domestic dates produced or packed in Riverside County, California), 989 (Raisins produced from grapes grown in California), and 993 (Dried prunes produced in California).

The information collected is used only by authorized marketing order committee or board employees, who are the primary users of the information, and by authorized representatives of the USDA, including the AMS Specialty Crops Program's regional and headquarters staff, who are the secondary users of the information.

Estimate of Burden: The public reporting burden for this collection of information is estimated to average 15 minutes per response.

Respondents: Respondents are eligible certified organic handlers.

Estimated Number of Respondents: 210.

Estimated Number of Total Annual Responses: 210.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 52.5 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (2) the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are required regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by January 8, 2024 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the

following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Farm Service Agency

Title: Transfer of Farm Records Between Counties.

OMB Control Number: 0560-0253.

Summary of Collection: The Farm Service Agency (FSA) programs are administered on the basis of "farm". For program purposes, a farm is a collection of tracts of land that have the same owner and the same operator. Land with different owners may be considered to be a farm if all the land is operated by one person and additional criteria are met. A farm is typically administered in the FSA county office where the farm is physically located. A farm can be transferred from the physical location county office if the principal dwelling of the farm operator has changed, a change has occurred in the operation of the land, or there has been a change that would cause the receiving administrative county office to be more accessible. FSA-179, "Transfer of Farm Record between Counties," is used as the request for a farm transfer from one county to another initiated by the producer.

Need and Use of the Information: The information collected on the FSA-179 is collected only if a farm transfer is being requested and is collected in a face-to-face setting with county office personnel. The information is used by county office employees to document which farm is being transferred, what county it is being transferred to, and why it is being transferred. The FSA-179 assists county committees in determining why the farm transfer is being requested and that it is not being requested for the purpose of increased program benefits, avoiding payment reductions, establishing eligibility to transfer base acres, or for circumventing any other programs provision. Without the information county offices will be unable to determine whether the producer desires to transfer a farm.

Description of Respondents: Farms.
Number of Respondents: 7,539.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 1,256.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Food and Nutrition Service

Agency Information Collection Activities: Supplemental Nutrition Assistance Program Education (SNAP-Ed) Connection Resource Sharing Form

AGENCY: Food and Nutrition Service (FNS), United States Department of Agriculture (USDA).

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on this proposed revision to the currently approved information collection for the Supplemental Nutrition Assistance Program (SNAP) form FNS-889, "SNAP Education (SNAP-Ed) Connection Resource Sharing Form." This revision to the information collection will improve the submission process by clarifying the information requested for certain fields, thus providing data that is accurate and beneficial to stakeholders using the resource. These updates will also align with the new SNAP-Ed National Program Evaluation and Reporting System (N-PEARS) (OMB Control #0584-0683, expiration 4/30/2026), to ensure consistency with SNAP-Ed specific terms. With this update to form FNS-889, FNS has determined that nutrition and physical activity interventions (*i.e.*, educational materials, curricula, etc.), will no longer be accepted through this information collection.

DATES: Comments on this notice must be received on or before February 6, 2024 to be assured of consideration.

ADDRESSES: Comments may be sent to Aurora Calvillo Buffington, Food and Nutrition Service, Supplemental Nutrition Assistance Program, Program Administration and Nutrition Division, 1320 Braddock Place, 5th Floor, Alexandria, VA 22314. Comments may also be submitted via email to snap-edconnection@usda.gov or through the Federal eRulemaking Portal. Go to <http://www.regulations.gov>, and follow
