In consultation with the Secretary of Agriculture (Secretary), or a designee of the Secretary, and in collaboration with public and private stakeholders in the agriculture and technology fields, the purpose of the Task Force is to: identify and measure current gaps in the availability of broadband internet access service on agricultural land; develop policy recommendations to promote the rapid, expanded deployment of broadband internet access service on unserved agricultural land, with a goal of achieving reliable capabilities on 95 percent of agricultural land in the United States by 2025; promote effective policy and regulatory solutions that encourage the adoption of broadband internet access service on farms and ranches and promote precision agriculture; recommend specific new rules or amendments to existing rules of the Commission that the Commission should issue to achieve the goals and purposes of the policy recommendations described in the second item in this list; recommend specific steps that the Commission should take to obtain reliable and standardized data measurements of the availability of broadband internet access service as may be necessary to target funding support, from future programs of the Commission dedicated to the

deployment of broadband internet access service, to unserved agricultural land in need of broadband internet access service; and recommend specific steps that the Commission should consider to ensure that the expertise of the Secretary and available farm data are reflected in future programs of the Commission dedicated to the infrastructure deployment of broadband internet access service and to direct available funding to unserved agricultural land where needed.

In addition, annually, the Task Force will submit to the Chairwoman of the Commission a report, which shall be made public, that details: the status of fixed and mobile broadband internet access service coverage of agricultural land; the projected future connectivity needs of agricultural operations, farmers, and ranchers; and the steps being taken to accurately measure the availability of broadband internet access service on agricultural land and the limitations of current, as of the date of the report, measurement processes.

Final Approval Under OMB Delegated Authority of the Extension for Three Years, With Revision, of the Following Information Collection

Collection title: Reports of Foreign
Banking Organizations.

Collection identifier: FR Y-7N, FR Y-
7NS, and FR Y-7Q.

OMB control number: 7100-0125.

Effective Date: December 31, 2023, as-
of date for FR Y-7Q respondents that
are also required to file the FR Y-15
report; December 31, 2024, for all other
FR Y-7Q respondents.

General description of collection: The
FR Y-7N and FR Y-7NS collect
financial information for certain non-
functionally regulated U.S. nonbank
subsidiaries held by foreign banking
organizations (FBOs) other than through
a U.S. bank holding company (BHC),
financial holding company (FHC), or
U.S. bank. For purposes of these reports,
an FBO is a foreign bank that operates
a branch, agency, or commercial lending
company subsidiary in the United
States; controls a bank in the United
States; or controls an Edge corporation
acquired after March 5, 1987.¹ FBOs file
the FR Y-7N quarterly or annually or
the FR Y-7NS annually predominantly
based on asset size thresholds. The FR
Y-7Q collects consolidated regulatory
capital information from all FBOs either
quarterly or annually.

The Federal Reserve uses the data
collected on the FR Y-7N, FR Y-7NS,
and FR Y-7Q to assess an FBO's ability
to be a continuing source of strength to
its U.S. operations and to determine
compliance with applicable U.S. laws
and regulations.

Frequency: Quarterly, annually.

Respondents: FR Y-7N/NS: Non-
functionally regulated U.S. nonbank
subsidiaries held by FBOs other than
through a BHC, FHC, or U.S. bank; FR
Y-7Q: All FBOs.

*Total estimated number of
respondents:* 210.

Total estimated change in burden:
510.

Total estimated annual burden hours:
2,610.²

Current actions: On May 27, 2022, the
Board published a notice in the **Federal
Register** (87 FR 32614) requesting
public comment for 60 days on the
extension, with revision, of the FR Y-
7N, FR Y-7NS, and FR Y-7Q. The

¹ 12 CFR 211.21(o).

² More detailed information regarding this
collection, including more detailed burden
estimates, can be found in the OMB Supporting
Statement posted at [https://www.federalreserve.gov/
apps/reportforms/home/review](https://www.federalreserve.gov/apps/reportforms/home/review). On the page
displayed at the link, you can find the OMB
Supporting Statement by referencing the collection
identifier, FR Y-7N, FR Y-7NS, and FR Y-7Q.

Board proposed to revise the FR Y-7Q
report to: (1) add a line item on Part 1A.,
Capital and Asset Information for the
Top-tier Foreign Banking Organization,
to collect the total combined U.S. assets
net of intercompany balances and
transactions on a quarterly average
basis; (2) remove the option of filing on
a fiscal year basis and to instead require
the respondent to file on a calendar
period basis; (3) change the filing
deadline from 90 days after quarter-end
to 30 days after quarter-end for quarterly
filers and from 90 days after quarter-end
to 45 days for annual filers; (4) remove
line item 8, as-of financial date, in Part
1A and line item 6, as-of financial date,
in Part 2, as the elimination of the fiscal
year basis reporting makes these items
unnecessary; and (5) make other minor
clarifications and conforming edits to
the form and instructions. The comment
period for this notice expired on July 26,
2022.

Detailed Discussion of Public Comments

The Board received a joint comment
from two trade associations and a
comment from an individual banking
organization, as well as additional
feedback through industry outreach.
The commenters did not support the
proposed revisions.

Commenters expressed concern that
the proposed line item for top-tier FBOs
to report total combined U.S. assets net
of intercompany balances and
transactions on a quarterly average
using daily data would impose
significant operational costs on FBOs
that do not currently perform the
calculation. Specifically, commenters
recommended instead to require the line
item only for FBOs that file the FR Y-
15 and are in Categories II and III (and
potentially Category IV) of the enhanced
prudential standards applicable to FBOs
under Regulation YY. Commenters also
recommended a longer implementation
period and allowing averaging for the
line item to use monthly data when
calculating the averages.

In response to the comments received,
the Board has decided to implement the
new line item 6(b) as an average
combined U.S. operations asset
calculation using monthly data. The
calculation would consist of providing
the average of the three month-end
balances within the quarter. Annual
filers would provide the average of the
three month-end balances of the fourth
quarter of that filing year. Respondents
that currently file the FR Y-15 would
have this line item automatically
retrieved to the FR Y-7Q from the FR
Y-15. The Board believes the modified
