Analysis of Comments Received

All issues raised in the parties’ case and rebuttal briefs are addressed in the Issues and Decision Memorandum and are listed in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on the comments received from the POSCO single entity and record information, we made certain changes to our preliminary calculation of the weighted-average dumping margin for the POSCO single entity. For a discussion of these changes, see the Issues and Decision Memorandum.

Final Results of Review

As a result of this review, we determine the following estimated weighted-average dumping margin exists for the period May 1, 2021, through April 30, 2022:

Exporter/producer	Weighted-average dumping margin (percent)
POSCO single entity ⁴ .	0.00 (<i>de minimis</i>).

Disclosure

Commerce intends to disclose the calculations for these final results of review within five days of the date of publication of this notice in the **Federal Register**, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.224(b).

Assessment Rates

Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Where the respondent's weighted-average dumping margin is either zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.⁵ Accordingly, because the final weighted-average dumping margin for POSCO in this review is zero percent, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. Consistent with Commerce's clarification of its assessment practice, for entries of subject merchandise during the POR produced by the POSCO single entity for which it did not know the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-

⁴ Commerce continues to find that POSCO, POSCO International Corporation, POSCO MS, and certain distributors and service centers (*i.e.*, Taechang Steel Co., Ltd. and Winsteel Co., Ltd.) are affiliated pursuant to section 771(33)(E) of the Act, and further that these companies should be treated as a single entity (collectively, the POSCO single entity) pursuant to 19 CFR 351.401(f). See *Preliminary Results PDM* at 1.

others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁶

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the POSCO single entity will be equal to the weighted-average dumping margin established in the final results of this administrative review (*i.e.*, 0.00 percent); (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the producer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 7.10 percent *ad valorem*, the all-others rate established in the LTFV investigation.⁷

These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative
