

beneficiaries have been subject to multiple, overlapping periods of potential TPS validity due to the ongoing litigation. They also have not been required to re-register for several years. Therefore, this extended re-registration period allows this population of beneficiaries to more easily comply with the re-registration requirement, which could avoid placing additional burdens on these re-registrants. In addition, permitting re-registration throughout the entirety of the designation extension period could reduce the operational burden on USCIS; reviewing and adjudicating late-filed re-registration applications that may occur as a result of the 60-day period due to lack of awareness of the re-registration requirement that these particular beneficiaries are more likely to experience because of the protracted litigation and subsequent TPS actions to continue documentation, would require additional resources.

**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

#### A. Overview of Information Collection

*Title of Information Collection:* Public Housing Agency (PHA) 5-Year and Annual Plan.

*OMB Approval Number:* 2577-0226.

*Type of Request:* Revision of currently approved collection.

*Form Number(s):* HUD-50075-5Y, HUD-50075-HCV, HUD-50075-HP, HUD-50075-MTW, HUD-50075-SM, HUD-50075-ST, HUD-50077-CR, HUD-50077-CRT-SM HUD-50077-ST-HCV-HP and HUD-50077-SL.

*Description of the need for the information and proposed use:* The Public Housing Agency (PHA) Plan was created by section 5A of the United States Housing Act of 1937 (42 U.S.C. 1437c-1). There are two different PHA Plans: The Five-Year Plan and the Annual Plan. The Five-Year Plan describes the agency’s mission, long-range goals, and objectives for achieving its mission over a five-year period. The Annual PHA Plan is a comprehensive guide to PHA policies, programs, operations, and strategies for meeting local housing needs and goals. This revision addresses updates to the HUD-

50075-HCV form and the automation of all the PHA Plan forms including the Moving to Work (MTW) Supplement for PHAs that joined the MTW Demonstration under the 2016 Appropriations Act (*i.e.*, MTW Expansion).

PHA Plans are needed to inform the Department of Housing and Urban Development (HUD), residents, and the public of the PHA’s mission and strategy for serving the needs of low income, very low-income, and extremely low-income families in the PHA’s jurisdiction. This information helps provide accountability to the local community for how PHAs spend their funding and implement their policies. The PHA Plan submission also includes various certifications to confirm that PHAs will abide by all Federal civil rights laws and that the PHA Plan is consistent with the applicable Consolidated Plan.

PHA plans also allow HUD to monitor the performance of programs and the performance of the public housing agencies that administer them. Since 2000, HUD has taken several steps to reduce the administrative burden of the PHA Plan submission including the use of streamlined plan submissions for certain PHA based on size and performance. Most recently, the Housing and Economic Reform Act (HERA) removed the requirement for qualified PHAs to submit an annual PHA Plan and to only submit the 5-year Plan. A “qualified PHA” is one that manages 550 or fewer public housing units and vouchers and is not labeled as a troubled public housing agency. Currently, qualified PHA must only submit an annual certification to confirm that they will abide by all Federal civil rights laws.

In January 2021 HUD requested from OMB that the PHA Plan collection be reinstated with change. These changes included a new section to accommodate the new requirements of the Affirmatively Furthering Fair Housing (AFFH) Rule and the introduction of the MTW Supplement. OMB approved the changes, reinstated the collections and HUD made the new templates available to PHAs on the HUD website as individual word processing files. After publication, HUD made subsequent minor changes to the forms and certifications to remove unnecessary sections, make minor edits and to account for updated or removed regulatory citations. Additionally, HUD took steps to automate the MTW supplement in the Housing Information Portal (HIP).

With this current proposed information collection, HUD intends to

automate all PHA Plan templates and certifications in the web based Public Housing Portal (formerly known as the Operating Fund Web Portal). While the templates will be automated, the content and required elements will be with same with minor modifications as needed. Modifications to the collection include the following:

(1) HUD is adding an additional element to the HUD-50075-HCV form. The revised HUD-50075-HCV form will include an additional element requiring Section 8 only PHAs to report on their Project Based Voucher (PBV) activities. This template will be used by HCV-only PHA's that administer the Housing Choice Voucher (HCV) program which may also include PBV developments.

(2) HUD is adding an optional feature for PHA's to attach their written Admission and Continued Occupancy Policy (ACOP) or Administrative Plan documents to their Five-Year Plan and Annual Plan submissions. This will create a centralized database of all local PHA policies which currently can only be found at each individual PHA or on their websites.

(3) HUD will now require complete electronic submission from all PHAs. Currently, PHA Plan templates are

downloaded, edited, and submitted as email attachments which must then be individually uploaded, analyzed and organized by HUD. Automating the PHA Plan forms will make the PHA Plan review process more efficient by streamlining the submission and reducing the administrative burden on both HUD and the PHA. HUD estimated that automating the PHA Plan form will reduce both the PHA and HUD administrative burden by approximately 25% each. Electronic submission and collection of this information will also make future data and policy analysis feasible.

Overall, the burden hours associated with the collection is expected to decrease by 2,024 hours due to the automation of the PHA Plan templates. Additional time may be required in the first year to train PHAs on the system, however, because the Public Housing Portal is an existing HUD system that PHAs use and are familiar with, this burden is expected to go down in subsequent years. Accordingly, the additional burden of the one-time training is not expected to exceed the time savings created by the system.

Finally, revisions were made to this collection to reflect adjustments in

calculations based on the total number of current, active public housing agencies (PHAs) to date. Since the last approved information collection, the number of active public housing agencies has changed from approximately 3,780 to 3,763. The number of PHAs can fluctuate due to many factors, including but not limited to performance scoring, the merging of two or more PHAs or the termination of the public housing and/or voucher programs due to the Rental Assistance Demonstration (RAD).

*Respondents:* Local, Regional and State Body Corporate Politic Public Housing Agencies (PHAs) Governments.

*Estimated Number of Respondents:* 3,763.

*Estimated Number of Responses:* 4,570 (Certifications: 2,321 [Qualified PHAs], Annual Plans: 1,496 and 5-Year Plans: 753 [3,763/5]).

*Frequency of Response:* Once every five years for all PHAs (5-Year Plan), annually for all PHAs except HERA Qualified PHAs (Annual Plans), and annually for all PHAs (certifications).

*Average Hours per Response:* 5.07 hours.

*Total Estimated Burdens:* 12,590 hours.

**B. Solicitation of Public Comment**

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of

information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

**C. Authority**

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. chapter 35.
